noon, the barge Ontario, belonging to the Isom, in tow of the Sarah and Susie.

It is doubtful if the White Pass route retires the large boats, now that the season is nearing an end, until the final close of navigation. In previous seasons it has been the custom to make the last few trips with the small craft such as the Bailey, Anglian and Zealandian, but as the boats built this season draw no more water than the little fellows they will record was once given. It was an abduction case, the offence being of a stamp mill for the development of his water than the little fellows they will

Anglian and Zealandian, but as the boats built this season draw no more water than the little fellows they will probably remain on the run until driven out by the ice.

The Siftor which was reported on a bar yesteday morning near Indian river, was passed late in the afternoon by the Dawson below Stewart, making good time and all hands happy.

Up-river pilots say the water in the Yakon is now becoming decidedly thin in spots. From now until the close of navigation it will be an easy matter for any of the boats to scrape up an acquaintance with the many bars making themselves all but visible:

Late arrivals from up the river say there is not a scow in sight coming down.
