ONTARIO APPLE CROP

Is the Greatest Ever and Provincial Government will Assist in Marketing

TORONTO, Ont., Sept. 18.—Representative fruit growers of the Province conferred yesterday with Premier Ferguson, and Hon. John S. Martin, Minister of Agriculture, on the marketing of the greatest apple crop in the history of Ontario.

The conference was upon the invitation of the Government, which is prepared this year to assist the apple growers to dispose of their crops to the best advantage. Various plans of marketing assistance are under consideration.

The crop is favored from a marketing standpoint by the fact that the British Columbia crop is largely a failure and the Nova Scotia crop rather below its usual standard.

The Government's assistance in marketing will be largely one of propaganda through its London office, paving the way overseas for a favorable reception of the fruit. A campaign will also be waged in this province to induce its citizens to eat their own apples.

FILM CELEBRITIES IN "WINGS OF YOUTH"

A galaxy of film celebrities are featured in "Wings of Youth", the William Fox film which opens a two days engagement at the Orpheum Theatre next Monday. Headed by Madge Bellamy, beautiful star of "The Iron Horse", and Ethel Clayton, one of the most famed of screen luminaries, the cast of the Emmett Flynn production presents an imposing array of stars. Freeman Wood, Robert Cain, Katherine Perry, Marian Harlan and George Stewart are seen in prominent character delineations.

"Wings of Youth" tells a striking story of a mother's love for her daughters, long dormant because of her lack of interest in their every day lives. The mother's awakening is poignant in appeal and her method of whisking her erring girls from the whirl of the bright lights makes the production most interesting and unusual.

OUR NEW SERIAL

"The Smoking Flax"

By ROBERT STEAD
Author of "The Cowpuncher", "Neighbors", etc.

Will Begin October 1st

Mysterious adventure and thrilling suspense, with a background of Western atmosphere and color, and faithful pen-pictures of the people and the life of the prairie homesteads and farms.

Mr. Stead knows the charm and the fascination of the prairies. He describes it with real insight, tinged with an intense sympathy. He tells a dramatic story of a man's passionate devotion to his sister's child, his love for a woman and how he conquered a passion of great hatred.

"The Smoking Flax" is Acclaimed by Leading Critics

an Outstanding Canadian Novel

Mr. S. Morgan-Powell, book critic of the Montreal Star, in a signed review in his paper, says of "The Smoking Flax": "It will appeal keenly to those who know their West, and to the reader whose knowledge of prairie farm life is confined to hearsay information it will be a book of exceptional interest. Mr. Stead can create atmosphere, and he feels the color and spirit of the prairie and strives to interpret it faithfully and without exaggeration."

The Edmonton Journal says: "There is no writer who has taken his material from the life of the prairie who has a better first-hand knowledge of the latter. The books which he has published hitherto have been genuine products of the West and have contrasted strongly in this respect with those brought-out by some literary fakirs who have obtained a large vogue by giving absolutely false pictures of conditions here. "The Smoking Flax" has all the characteristics of a really fine novel. No one who knows anything of western farms can fail to be impressed with the fact that they are real people who are being sketched."

The Canadian Bookman says: "Robert Stead writes about the prairie and Main Street, Manitoba, in a way which touches my heart. If anyone wants a book which gives a fair description of life in Western Canada, here it is."

Montreal Gazette: "A fine piece of writing, in which the western atmosphere and color are vividly brought out."

This book would cost you \$2.00 to buy, but by subscribing to THE ACADIAN now you can get the whole story and in addition the other features of the paper and all the news of Eastern Kings.
