paper stock we can produce work in the latest styles

of the art at prices that compare favorably with

ty offices. Order at once before the rush S

ANSLOW BROS.

OVER THE WIRES.

Another Railway Accident Eight Killed

CZOLGOSZ ON TRIAL

More Smallpox --- Illegal Moose Hunting---Yachting Disaster.

Will be Careful in Future.

LEADVILLE, Col., Sept. 21.—An Italian at the Elk mine remarked yesterday that all kings and presidents should be killed and that it was the right thing to kill McKinley. Three hundred miners gathered at the shaft house, waited until the follow appeared, placed a rope around his neck and started for a railroad trestle. He was badly choked and driven out of the camp by the miners with drawn revolvers.

A big Robbery.

HAMPTON, Sept. 21.—Last night night McAllister's shoemakers' shop was again burglarized, and four hundred and sixty-two dollars stolen from a trunk. He has just left for St. John to see Detective Ring.

Eight Persons Killed.

BUCHARES, Roumania, Sept. 21.—The express for Vienna collided this morning at Polota with a petroleum train, killing eight persons and injuring nine. The petroleum train, which dashed into the rear of the express, was descending an incline at the time. Eighteen petroleum cars were set on fire and the express train was completely destroyed.

Shore Line Railway.

ST. STEPHEN, N. B., Sept. 21.—The Shore Line Railway was sold at auction today. Russell Sage, of New York is the purchaser and the price \$25,000.

No Camp at Sussex.

WOODSTOCK, Sept. 21.—It seems that the Tenth Field Battery and the Brighton Engineers will not be allowed to go in camp, at present at all events. It was hoped that there would be a camp at the same time as the exhibition. However, Dr. Neilson, the chief medical officer of the militia, has pronounced definitely against a camp at present. He says in a letter that in view of the number of cases of smallpox in Carleton county, and that not withstanding the precautions taken danger still lurks in many households and in the clothing of individuals, he cannot recommend that a concentration of the militia of this county should take place until at least two months after the stamping out of the last case. This would seem to settle the matter for the present at any rate.

Small Pox.

HALIFAX, Sept. 22.—The Gloucester fishing schooner Goodwin arrived here last night with two men suffering from smallpox. They were landed at the Quarantine Station, where the vessel will be detained with the rest of the crew.

The Frederick Exhibition.

The Frederick exhibition, which closed Friday night, broke all records in the matter of attendance. The financial results, it is understood, are quite satisfactory.

Illegal Moose Killing.

KINNEB, Moose Head Lake, Me., Saturday.—The committee of inland fisheries and game are much disturbed over the unusual number of cases of illegal moose killing which have been brought to the notice of the police. During the last few weeks no less than a dozen moose have been found dead from the bullets of vandals in various parts of the state. drastic measures are deemed necessary to stop the slaughter and bring the offenders to justice. Chairman Leroy of Augusta of the committee is here, in company with several game wardens, investigating.

He goes elsewhere in a few days.

Railway Accidents.

COMO, Col., Sept. 23.—A runaway freight train on Kenosha Hill, on the South Park Railway, caused the death of Webster Banger, the Engineer, and injured eighteen employes of the railway. As the train crossed the crest for the plunge down the spiral descent in Platte canyon, the brakes failed to work and the emergency call for hand brakes startled the crew and employes. Instantly laborers and brakemen were scrambling for the brakes, as they knew their lives depended on quick action. In the meantime the train had gained in speed and at sister curve, where the men could look straight down at the town of Webster, the train flew off the track and pitched down 300 feet into the gulch.

Yachting Disaster.

ST. JOSEPH, Mich., Sept. 23.—Evidence that lead to the belief that some unknown pleasure sailing yacht is now helplessly adrift in Lake Michigan, or that the craft has foundered and the crew perished during the heavy gale that prevailed on the Lake for the last week, was brought about by the finding of a broken spar by the life-saving crew of this city last night. Attached to the spar was a complete set of iron trucks and wire rigging. It is a question as to whether a yacht under such circumstances could make port in safety.

SPORTSMEN.

Northumberland County Is the

SPORTSMEN'S PARADISE.

All The Guides Are Busy And There Are More Parties Coming.

This year bids fair to exceed all previous records in regard to the number of sportsmen visiting our resorts and the number of heads secured. The season is just fairly open but already twelve parties have received hunting licenses from our hustling and accommodating game commissioner, John Robinson, Jr.

Many of the parties enumerated below were here last year and some are having their first experience in New Brunswick game districts and those from whom we have heard are enthusiastic at the prospects before them and all speak of the highest terms of the guides and men they have been able to secure. The only drawback is the scarcity of good guides. All the registered guides have their time fully spoken for during the remainder of the season. This speaks well for the increasing popularity of Northumberland county. With one or two exceptions these parties outfitted at Newcastle.

The following is a list of the parties with names of guides and territory that is being hunted.

T. G. Strong and T. R. Strong, of New York city with Edward and John White as guides and Allan Matchett cook, are hunting on the South Branch of the Big Sevege.

Geo. F. Dominick Jr. and Dr. Herriok of New York with Carol Bersing and Geo. McKay, guides and John Street cook, are hunting on the North Branch of the Big Sevege and Peoply lake district.

A. C. Neale, of New York with Syrus White as guide and Chas. White, cook is hunting on the Little Sevege.

Ross Buchard and E. Hotchkiss of New York with John Wamboldt and Geo. Shultz as guides are hunting in this county. This is Mr. Buchard's third season here and he is quite enthusiastic over the country.

Lambert Snyden, and Geo. B. North of New York and S. T. Wintz of Philadelphia, with W. C. Bartlett of Doaktown, guides and James Lyons cook are hunting on Cain River.

Wm. Storer of Colorado, with Frank Bartlett, guide, Ernest Lyons, cook and Peter Lyons packman is hunting on the south branch Renous. This party outfitted at Doaktown.

H. A. Pitman, W. B. Long, of Boston with Duncan and Hiram Manderville, guides and Thos. Underhill, cook are hunting on what is known as the North Pole. They got their complement of game the first day in the woods, but are going to remain in for a while longer to enjoy camp life. They saw numerous moose and caribou and Mr. Pitman secured a record head.

Fred Talbot of Providence, R. I., is hunting on Bartholomew River, with Joseph Grady as guide and John Underhill, cook. They outfitted at Blackville.

Perhaps the most distinguished visitor to Northumberland this year is the well-known artist, Carol Rungiers of Brooklyn, N. Y. Mr. Rungiers is probably the most celebrated Natural History artist on this continent and is on the Miramichi in the interest of "Recreation", the well known sporting magazine of New York. He is hunting on the North Branch Renous with David Manderville as guide.

Edwin B. Holmes, and E. A. Slack, of Brookline, Mass., are hunting in the B.J. Mountain district with Arthur and David Pringle, guides and Lyon Thomas cook.

S. C. Stanley of Boston with Norris Manderville guide and Jeremiah Mullin, cook is in the Mains lake, Little South West district looking for game.

D. N. Bayden of Joston, with John G. Conell, guide and Wm. Norton cook has been hunting at the F. F. F. club at Bartibogus plains and succeeded in shooting a handsome caribou. He has gone to Tabusintac after a moose.

E. T. Gunn, and A. H. Wheeler, of New York, with Ed. Menzies and Ed. Way, as guides and Arch Stewart as cook, were in the North West Miramichi and in five days succeeded in getting a moose and two caribou. They are two college students and had to hurry home for opening, but they expect to come back in November if possible.

Defaulter Captured.

QUEBEC, Sept. 23.—The police have arrested here an English defaulter named Williams, who was the trusted employee of a large biscuit concern at Riding, Berkshire. Williams came out on the Lake Megantic. No money was found on him and only \$12 in the possession of his wife. Though he hailed under the name of Wallace, Williams admitted his identity. He is now in goal here, and his wife remains in town awaiting the outcome of the case.

BASE BALL.

An Interesting Game Last Wednesday.

TAILTWISTERS VICTORIOUS

Lots of fun for Spectators, Some lively Plays—Another Game talked of.

The game of ball between teams of young men of the town last Wednesday afternoon was very successful in every way. Not a hitch to mar the fun and a crowd of good natural spectators who were bent on having a good time and we are sure everyone enjoyed the game.

At 2:30 the teams lined up, the Taltwisters at the bat and from the first the game was fast and furious and rounds of laughter and applause greeted every batter as he either made a miss or a hit.

In the last half of the game Frank Masson pitched for the Hoboes, K. Kitchen having pitched the first. R. T. D. Aiken, pitched the whole nine innings for the Taltwisters. In running to catch a fly, Masson and Crocker who was catching collided and Crocker's mask severely cut Masson's face and he was out of the game for one inning.

The score by innings was as follows:—
Taltwisters, 1 2 3 4 5 6 7 8 9
Hoboes, 3 5 3 2 5 4 0 6 total 33
8 0 4 1 0 2 3 5 5
There is talk of another game in the course of a week and no doubt it will arouse as much interest as the last one.

British Scouts Lose Heavily.

Gallant Officer, Lt. Col. Murray Killed.—Captured Gun Recovered.

LONDON, Sept. 22.—The war office has received the following despatch from Lord Kitchener, dated Pretoria, Sept. 22:

"Kritzing, while endeavoring to force a passage of the Orange River near Hertzell at 1 o'clock Friday morning, rushed the camp of a party of Lovat's scouts. He failed to cross the river but the scouts lost heavily. Lt. Col. The Hon. Andrew Murray and Capt. Murray, his adjutant, were killed. Deeply regret the loss of Col. Murray, who throughout the war had led Lovat's scouts with great gallantry.

Under the cover of darkness the Boers managed to carry off a gun. They were promptly followed up and the gun was recovered in a smart engagement, in which Kritzing, lost two killed and 20 taken prisoners."

Lord Kitchener also reports that the British captured by the Boers in the ambush near Scherper's Nek, Sept. 17, have been released and that the British casualties in the recent Vlakfontein engagement when the Boers captured a company of mounted infantry and two guns, were one officer and five men killed, 23 men wounded, and six officers and 109 men taken prisoners. He announces that the prisoners have since been released.

He further reports the capture of two commandoes, one consisting of 50 men under Commandant Koops, who were taken together with their entire transport, west of Adenburgh, and the other consisting of 54 men, including L. J. Botha who were taken with 48 wagons and their belongings, 45 miles southeast of Carolina.

LONDON, Sept. 23.—In London, the speech of President Loubet when proposing the health of the Czar and Czarina at the luncheon at Betheny Saturday, is in no way regarded as an indication of any intention on the part of the Russian emperor to intervene in South African affairs.

Even in Paris reflections seem to have convinced many papers that there was very little in the words and that beyond a confirmation of the Franco-Russian alliance little has been achieved by the visit of the Russian sovereigns.

Lord Kitchener's latest despatches, although they contain good news as well as bad, have done little to reassure the public concerning the state of affairs. The loss of Lt. Col. Murray, a brother of Lord Mansfield, is keenly felt. There is little doubt that further details will show it was a serious affair.

According to the latest advices from Cape Colony, the situation there is very serious, owing to the sympathy and aid which the Dutch are giving the Boer commandoes. The British find it additionally difficult to obtain news of Boer movements.

At Pretoria the strength of the Boers in the field is now estimated at 11,000. If these figures be correct the Boers must be constantly getting recruits. Their supply of arms and ammunition seems to be inexhaustible.

In Boer circles in Holland, it is asserted that everything is prepared for a Dutch rising in both Cape Colony and Natal.

A most alarming letter from Cape Town is published today by the Daily Express. The writer says:

The Boers are overrunning Cape Colony. They are both on the coast lines and within 40 miles of Cape Town. Even the intelligence department does not know how many colonial rebels have taken up arms in the last fortnight.

"The town guard of Cape Town has been ordered to hand in the magazine rifles and ammunition," ostensibly because these are wanted at the front. Martin-Henry have been served out instead."

In conclusion the writer declares that "the Dutch element in the colony is in revolt and it is useless to disguise the fact."

The Assassin's Trial.

BURVIA, Sept. 21.—Justice Lewis and Titen, who were assigned to defend Czolgosz, have just announced that they will accept and that they will be ready to proceed with the case on Monday morning.
