

**BROTHERHOOD OF
LOCOMOTIVE ENGINEERS**

In Session at Ottawa—Over 2500
Delegates From all Over
North America.

OTTAWA, Wednesday.—Several hundred members of the Brotherhood of Locomotive Engineers and the Grand International Auxiliary are in the city attending the annual convention, began yesterday morning, with secret sessions in the Russell Theatre and Odd Fellow's Hall. At the session of the brotherhood letters were received from the Grand Chief Engineer, W. S. Stone, of Cleveland, and Assistant Grand Chief E. W. Hurley of Cleveland, expressing regret for unavoidable absence. G. C. E. Stone is at Washington upon official business.

Over three hundred members of the Grand International Auxiliary from throughout Canada and the United States assembled in the Odd Fellow's Hall.

The visitors are from all parts of the Continent of North America. They have come from even such distant places as Mexico, and California. Every province of Canada and nearly every state of the union is generously represented. From Cleveland, the headquarters of the Brotherhood, a whole carload of members came.

From Columbus, O., came the European Ladies Chorus of 25 voices, under the direction and management of Mrs. Mary E. Cassel, Grand Vice-President of the G. L. A., of her home city. The choir, which sang several selections at the public reception in the Russell Theatre, tonight, took second prize at the World's competition in Scotland two years ago. Among other places represented with large delegations are Chicago, Springfield, Ill., Danville, Ill., Allegheny, Pa.; Utica, N. Y.; Jersey City, Grand Rapids, Mich., and practically all of the Canadian cities.

Upwards of 2,500 delegates attended the big reception in the Russell Theatre, the feature in the engineers' convention. The affair took the form of an official welcome of the delegates on the part of the local brethren. There were addresses by many of the leading officers of the brotherhood, and the grand auxiliary. A business session was held in the afternoon. All the business meetings were held in secret.

WIRE WOUNDS

My mare, a very valuable one, was badly bruised and cut by being caught in a wire fence. Some of the wounds would not heal, although I tried many different medicines. Dr. Bell advised me to use MINARD'S LINIMENT, diluted at first, then stronger as the sores began to look better, until after three weeks, the sores had healed and best of all the hair is growing well, and is NOT WHITE as is most always the case in horse wounds.

Weak Kidneys

Weak Kidneys, surely point to weak kidney nerves. The kidneys, like the heart, and the stomach, and their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the kidneys alone, is futile. It is a waste of time, and of money as your back aches or is weak, if the urine is cloudy, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggists recommend and sell.

TRAIL OF BLOOD.

Two Ran Through Jamaica Plains
Shooting Right and Left,
Wounding Many.

BOSTON, Wednesday.—One man dead and a man and a woman probably shot fatally, and eight others suffering from bullet wounds, sums up the record to midnight of the murderous career of two desperadoes, who last night terrorized the Jamaica Plains district, including the pursuit of hundreds of policemen. Starting in on Tuesday night by entering a saloon near the corner of Washington and Boylston street, Jamaica Plains, three men who are supposed to be Italians, killed one man, wounded two others with bullets and, rifling the cash register, got away with \$30.

Early this evening after the police had searched for them unsuccessfully all day, two of the robbers again appeared in Jamaica Plains, and firing revolvers ran through the streets in the most thickly settled part of the district, leaving a trail of victims of bullets behind him. Late tonight the pair were supposed to be hidden in Forest Hill Cemetery, which was surrounded by several hundred heavily armed policemen.

As soon as the fugitives entered Franklin Park, a cordon of police, heavily armed with rifles and revolvers, was thrown about the park and thousands of citizens gathered there. According to a small boy who saw the two men reloading their weapons in a sand pit near the park early in the evening, each man carried three revolvers.

That the men were fairly crazed with excitement of their wild run through the streets, was evident when they reached Washington street, coming from Keyes street; a trolley car came along Washington street just at this time and the taller of the two men seeing it waved a revolver in the air with each hand, and shouted: 'Hands up, everybody, you — — —'. The motorman brought the car to a sudden stop and conductor Thomas Moore leaping from the car to the ground was greeted with a fusillade of bullets, one of which entered his leg.

Without stopping the fugitives ran across Washington street and through New Keyes street to Franklin Park. Here they dodged among the trees of the park and were soon lost to sight. Managing to elude the cordon of police who were hurried to the scene in automobiles from all parts of the city and places around the park, the men were next seen on Massachusetts street, which borders Forest Hill Cemetery. Mrs. McMorrow who lives on the street, noticed two walking through the back yard. One of the men seemed to be assisting his companion, who was much shorter in stature and apparently younger. The tall man had a moustache and wore a soft felt hat, while his companion wore a cap.

When Mrs. McMorrow asked them what they were doing there, the tall man replied in broken English, 'Excuse me, I lost my way.' The men then left the yard, going in the direction of the cemetery. Thousands of people remained near the Franklin Park and the streets leading to the cemetery at a late hour, expecting further developments.

C. P. R. Labor Troubles

MONTREAL, Thursday.—It is not unlikely that the whole trouble between the C. P. R. and the employees of the mechanical department may be renewed. Mr. Bell Hardy, chairman of the federation of C. P. **GIRL KILLED

Miss Foley Jumped From Carriage
and Struck on Her Head, Never
Regaining Consciousness

TORONTO, Wednesday.—Miss Annie Foley, daughter of the late Edward Foley, 80 Bond St. was almost instantly killed in a runaway accident between Dixie and Streetsville early last evening.

Arrangements had been made to hold a celebration in connection with the reopening of the St. Patrick's Roman Catholic Church at Dixie and Miss Foley, who was an accomplished soprano vocalist, had been asked to lead the singing at the choral services, which was to have been held at 10 o'clock this morning. On leaving the church, Miss Foley took the reins. The horse, a somewhat spirited one, travelled fairly steady until going down the hill at the Credit river, got beyond control. Mrs. O'Gorman and Miss Foley jumped from the rig shortly after crossing the bridge. The former, although bruised, was not seriously hurt, but Miss Foley struck her head against some obstruction with tremendous force and remained unconscious till she died. Dr. Smith was at once summoned, but could do nothing for her, as her injuries were too serious a nature, and death ensued within a very short time.

**BABY'S GREAT DANGER
DURING HOT WEATHER.**

More little lives are lost during the hot weather than at any other time of the year, diarrhoea, dysentery, cholera, infantum and stomach troubles come without warning, and when a medicine is not at hand to give promptly, the short delay too frequently means that the child has passed beyond aid. During the hot weather months Baby's Own Tablets must be kept in every home where there are small children. An occasional dose of the Tablets will prevent stomach and bowel troubles. Or if the trouble comes unawares the prompt use of this medicine will bring the child through safely. Mrs. J. Renard, New Glasgow, Que., says: "One of my children had a severe attack of diarrhoea which Baby's Own Tablets promptly cured. I know of no medicine so good for stomach and bowel troubles." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.
