For the past two years the butchers of the city have made loud complaints in reerence to the manner in which the provisions of the Hide Inspection Act are carried out by the Inspector and his assistant. On the 14th of April last a deputation from the Butchers' Ass vaited upon the Board of Trade, and laid their grievances before that body. They complained that the Inspector, before weighing the skins, removed portions of the hide not required by law, that he dealt in the refuse, that full weight was not given in certain cases, that several of the dealers in hides were allowed to make any their own tickets, and that the Inspect their own tickets, and that the Inspector's office was improperly situated in the store of Mr. Leadley, a dealer in hides. The Association passed a resolution asking the Board of Trade to urge upon the Government the necessity of removing the Inspector and his assistant, and of appointing a supervisor over future inspectors. Some time after this action had been taken it was found that the Board of Trade had no found that the Board of Trade had no power to act in the matter, and the utchers' Association accordingly transmitted a statement of their case to the Minister of Inland Revenue through their Secretaries, W. J. Bird and G. Griffin. n response to this appeal, an order came from Ottawa authorizing Mr. Godson, the Commissioner of Inland Revenue in this city, to make an investigation into the matter. ngaged to deliver it. The Parry Sound Star, a Reform journal The Farry Sound Star, a Reform journal, is indignant with the Commissioner of Crown Lands for having persistently neglected the Muskoka District. It demands that the townships surveyed shall be thrown open for settlement. It says:

"If it be that in the present depressed state of the lumber trade it would be unstate of the lumber trade it would be un-wise to throw more pine into the market, our reply is that Shawanaga, McKenzie, Wilson, Burpee and other townships have been under license for years, and therefore such an argument will not hold water. But whatever be the reason, we protest against the matter being put aside any taths. further, and unless some move is speedily made we shall look to Mr. Miller taking strong grounds on the subject in the House next session." Mr. Miller as the head-centre of an independent party would be a Parliamentary curiosity.

Information has been received from Kent County, Maryland, to the effect that Henry W. McGregor, a native of Mon-treal, travelling for a New York house, was assassinated there by eight negroes, whose object was robbery. Mr. McGre-gor was well armed with two navy revolvers lying in the seat of his buggy, as he was driving slow up a hill near a dense wood, the men sprang up to the horses' head and surrounded the buggy with head and surrounded the buggy with drawn revolvers, demanding his money. It was supposed they knew he had a large amount on this particular evening, but instead of delivering up the money he told them not to shoot until he got the change for them, and drawing both pistols at once he fired at the two men at the head of the horse, killing them instantly. The horse average into excellen with ly. The horse sprang into a gallop with fright, then the other villains fired away at him until out of sight, Mr. McGregor returning their shots on his retreat until his revolver was empty. Five of their shots took effect on Mr. McGregor, two in the neck and three in different places of the back and shoulders, two of which the physicians think will prove fatal. It is supposed that several of the negroes were killed or wounded from the general ap-pearance of the ground, which was visited immediately after.

KIDNEY COMPLAINTS.

DISEASE OF THE KIDNEYS. The symptoms of an acute attack of infiammation of the kidneys are as follows:—Fever, pain in the small of the back, and thence shooting downward; numbries of the thigh, vomiting, gually at first a deep red colour of the urine, which becomes pale and colourless as the disease increases, and is discharged very often with pain and difficulty; costiveness, and some degree of colic. In chronic diseases of the kidneys, the symptoms are pain in the back and limbs, dryness of the skin, frequent urination (especially at night), general dropsy, headache, cizziness of sight, indigestion, and palpitation of the heart, gradual loss of strength, paleness and puffiness of the face, cough, and shortness of breatn. In diseases of the kidneys, the Vegetine gives immediate relief. It has never failed to cure when it is taken regularly and directions followed. In many cases it may take several bottles, especially cases of long standing. It acts directly upon the secretions, cleansing and strengthening, removing all obstructions and impurities. A great many can testify to cases of long standing having been per feetily curred by the Vegetins, even after trying many of the known remedies which are said to expressly for this disease.

Dear Str.—I have suffered everything with the kidney complaint and dyspepsia. I have tried a kinds of remedies and medicines recommended to the kidney complaint, but nothing did me any goo until I commenced taking VEGETINE. I was subject to violent crown point. to violent cramp pains. I have had different physicians, but got no relief. I was told to try the Vegiting. I then commenced to take the Vegeting. cians, but got no relief. I was told to try the Vestine. I then commenced to take the Vestine. I got great relief from the first dose. Oh, what a blessing to get relief when you are suffering such pain! After taking two bottles of the Vestines I found I was getting rapidly better. I continued taking the Vestine. I am now able to work at my business, enjoying as good health as I can expect. I would not be without your valuable medicine; and there are a great many people to-day suffering pain from kidney complaint—if they would take the Vestines they would be helped right away, and cured in time.

KIDNEY COMPLAINT.

CURED ME. RICHESTER, Nov. 22, 1876.

H. R. STEVENS, ESQ.:

Dear Sir,—I have suffered for the last three or four years with Liver Complaint and kidney troubles. Previous to taking the VROETINE I was under the doctor's care for a long time, but he did not help me. My friends all thought I would not recever. I began using the VROETINE, and realized good effect from it right away. I had taken but three bottles before I was much better. I continued taking a few bottles more, and can now truly say I am enjoying the best of health. I have given it to my little daughter with great success. Since it has done me so much good, I have recommended it to several, and they have all been greatly benefitted by its use. ROCHESTER, Nov. 22, 1876.
