

Saturday and Bay Roberts on Monday last, when the distinguished Visitors expressed themselves much pleased with the beautiful scenery of the Bay.—His Excellency enquired again last Evening and we understand proceeds to Trinity Bay, there to await landing of Transatlantic Cable. NOTICE TO MARINERS.

THE BOARD OF WORKS hereby give notice that the temporary Light exhibited on Green Island, at the entrance of Catalina Harbor, Trinity Bay, since the 1st March last, was on the 13th instant, removed, and replaced by one of a more brilliant character and extensive range. This is a FIXED WHITE LIGHT, burns at an elevation of 92 feet above high water, exhibited every night from sunset to sunrise, and in favourable weather will be seen from E. N. E. seaward, to S. W. 12 miles. Vessels bound Northward by keeping this Light open with the North-head of Catalina until Bonavista Light opens with Cape Le Jean, will give the Flowers Rocks an ample berth—or when coming from the Northward and bound for Catalina, by giving the N. Head a moderate berth, you will clear the Brandies Rocks by steering for Green Island Light. Green Island is situated in lat. 48. 30. N., long. 53.03 West.

"This Company added about £90,000 to its permanent capital, for the increased protection of its Insurers. This step distinctly shows that the Company has always acted upon the principle enunciated by one of the directors at the last Annual Meeting of the proprietors—that the interests of the assured have a paramount claim on the directors—a claim superior even to that of the shareholders themselves.

"From that moment, as might be expected, the Company attained the highest consideration throughout the country, and has retained it ever since. The result is shown in the unexampled fact that its Fire Revenue alone rose in about five years from little more than £30,000 to about £130,000!

"A further cause of this rapid growth lies somewhat more below the surface, but is yet of importance. From inquiry we learn that no fire office possessing half the above revenue annually deposits its accounts with the Registrar-general.

"The resources and balance-sheet of this great Company are, on the contrary, annually registered, and unmistakable evidence is thus given periodically of its capacity to meet its engagements."—Morning Herald, December 26, 1855.

"Indeed, the bonus of the 'Royal' may be pronounced to be larger than any yet declared by the mass of the English office. Here is an office which yields a fairly earned and wholesome reversionary bonus of 8 per centum in its Life Branch, and it regard to fire operations, can make this very enviable boast, that it has exceeded the Fire business of all but two of the London Fire offices—viz.: the receipt of nearly £130,000 per year in Fire premiums alone—some of which ancient offices have been in existence for a century! Equally successful and singular in both departments. Indeed, the Life Department may be said to present results equally worthy of mention."—Morning Chronicle November 28, 1855.
