THE NATIONAL WAY ACROSS CANADA

Canadian National Rail Services are the Acme of Travel Comfort

From the Atlantic Provinces to the West and to the Pacific, the ideal rail route is via Canadian National, "The National Way."

Whether on business or on pleasure bound the traveller has the advantages of a through rail service that is unexcelled for excellence. The finest equipment of all steel trains is furnished and the most modern of standard sleepers, compartments cars, and modern diners. The "National Way" is also the finest scenic route, and by reason of its construction furnishes the smoothest and most comfortable journey.

From Maritime Province points there is the best of service to Montreal via the "Ocean Limited" and "Maritime Express."

From Bonaventure Station, Montreal, the famous "Continental Limited" leaves daily at 9:00 P. M. for Ottawa, North Bay, Cochrane and Vancouver. This is the finest of through Transcontinental Service, the equipment of these Canadian National trains being of the most modern standard.

Ticket Agents of the Canadian National Railways will afford enquirers all the detailed information regarding these services. Enquiries addressed to the General Passenger Department, Moncton, will be promptly replied to, and booklets describing the territory will be mailed. 30-4

MORE ABOUT WALKING

Rev. Arthur Barry McNeill, C. S. C., of Notre Dame, offers some interesting facts about walking in a note to the Tribune. The value of walking as an exercise is perhaps not generally realized. Few men of forty walk six miles a day for exercise, but this is what they should do if they wish to keep in physical trim. Father O'Neill says:

"Just to keep the record straight, perhaps you will allow me to add a postscript to the story of my walking and your kindly editorial comment thereon. The aggregate of 65,000 miles, registered by my pedometer represents my pedestrianizing, not during my whole life time, but during the last quarter of that period, sixteen years. I began my systematic walking, 12 miles a day, in 1906. "I think it quite probable that most men who have reached their sixties have walked, in their whole life period a distance equal to this record for the past sixteen years. Dr. Pearce Kintzing, in his interesting volume, 'Long Life and How to Attain It,' says that the average man walks in the conduct of his business and his home life three miles a day, or practically 1,100 miles a year.

"The same author, by the way, states that the average strong man of forty who is engaged in sedentary work should walk nine miles a day, that is, six miles for exercise, pure and simple, and he adds: women of medium stature and ordinary strength need to walk daily from four to six miles. Incidentally, Dr. Kintzing declares that after fifty the distance may be reduced ten per cent each decade." In deference to his authority, I have recently reduced my daily distance from twelve miles to ten."

These facts will be surprising to most people who do not realize the amount of exercise that is needed by the human body if even an approach to normal good health is to be maintained. Walking is not the only kind of exercise, but it is within the reach of everybody and is not so strenuous as some other forms of exercise. A growing boy or girl generally gets as much of this kind of exercise as is necessary: many young people walk miles and miles at dances each week even the infant covers a prodigious amount of territory when the creeping stage has been reached, and the older a person gets, and the more outside interests crowd in, the harder it is to get the needed exercise.

PARIS TRIALS COST \$10,000

St. John, Aug. 2—Just one year ago today there was committed a crime, one of the most brutal on record in this country, the murder of little Sadie McAuley, for which John Paris has already been tried four times and must face a fifth trial in September. This case has cost the taxpayers of the municipality of the City and County of St. John a sum in excess of \$10,000, and the fifth trial will add at least another \$2,500 to that amount.

Of the forty-eight jurymen who have pronounced on the case thirty-six have said he was guilty, and three of the trials resulted in disagreements, and a verdict in the other, when he was found guilty. The Journal, yesterday, was able to get some figures on the cost of the trials. The second trial cost about \$2,500, the third was the most costly of all four, and all the bills are not yet for that. Only a few of the bills have yet been received for the last trial, but it will probably cost at least as much as the second. Included in the bills for the second trial was one of \$866 for board for the jury, while the case was on. One bill, which has been received for this last trial, is for \$12 for shaving the jurymen, and this was ordered paid by Judge Chandler.

Anniversary of Murder

Just one year ago this morning little Sadie McAuley, accompanied her chum, Hattie LeVigne, to Douglas Avenue, the latter taking her father's dinner to him, and later the two girls started out to pick some berries.

According to the story told by the LeVigne girl, after they had been picking for some time a man approached them and offered to show them where larger berries were to be found, and Sadie went with him. This was the last seen of her alive and, one week later, her mangled body was found buried under a large stone, in a clump of bushes just back of the Hilyard property next to the Riverview Park.

The Police made every attempt to trace the murderer and a Pinkerton man was brought here to aid in the search. Numbers of men, all over the country, were taken into custody and examined, among them John Paris, who, at that time, was allowed to go. Later, Walter Humphries told the police that John Paris had confessed to him that he had committed the deed, and Paris was again arrested and placed on trial.

In the first trial the Crown was represented by Dr. W. B. Wallace, K. C. In the other three trials Attorney General Byrne has conducted the prosecution, Dr. W. B. Wallace being associate counsel.

At all trials the prisoner has been defended by G. H. Vernon, K. C., of Truro, who has put up a strenuous fight to save his client's life.

Both Attorney-General Byrne and Mr. Vernon, left for their respective homes yesterday to prepare for the coming battle in September.

Canadian Woman Recommends Lydia E. Pinkham's Vegetable Compound

Winnipeg, Manitoba.—"I can not speak too highly of what Lydia E. Pinkham's Vegetable Compound has done for me. I was a nervous wreck and I just had to force myself to do my work. Life was a misery and work was a burden. Even the sound of my own children playing made me feel as if I must scream if they did not get away from me. I could not even speak right to my husband. The doctor said that he could do nothing for me owing to my condition, but told me to expect another miscarriage. My husband's grandmother advised me to take Lydia E. Pinkham's Vegetable Compound. I started it right away and everyone noticed what a different woman I was in a short time. I went and engaged my doctor and he did not know me, I was so well. I was able to do my work once more and it was a pleasure, not a burden. Now I have a 'fine bouncing baby' to use the doctor's own words. I am able to nurse her and enjoy doing my work. I can not help recommending such a medicine, and anyone seeing me before I took it and seeing me now, can see what it does for me. What it has done for me it can do for anyone in the same condition. I am only too pleased for you to use my testimonial."—Mrs. EMERY DAVIS, 241 McGee St., Winnipeg, Manitoba.
