

PARLIAMENTARY NEWS

THURSDAY'S PROCEEDINGS

Ottawa, March 30.—One of the most unique conferences in the history of the Canadian parliament marked the adjournment for dinner at six o'clock today when the choir sang a few selections for the members and their assembled friends.

The speaker in a few well chosen words announced that the choir would render a few selections. The speaker then gave a signal to the conductor to begin.

Major Heron inquired of the Minister of Labor as to the strike situation in Southern Alberta. Hon. MacKenzie King in reply read the telegram he sent on Wednesday to the leaders of the coal miners asking them to use their best efforts to avert a struggle.

Mr. King pointed out that when the mine at Hillcrest locked out its men the law was invoked and the company was given the right to take advantage of it by either side.

Richard Blain (Peel) wanted to know if it was policy of the department to favor free or organized labor. Mr. King said that it was the policy of the department to favor general interests of working people and not to take sides one way or the other.

Wants Adjournment.—On motion to go into supply, E. N. Lewis (Wag Huron) moved an amendment to the effect that owing to the existence of typhoid and the frequency of the outbreaks of smallpox and other diseases in Ottawa, the House, after voting supply should adjourn till early autumn.

The motion was to have been seconded by Dr. Claghorn (East Huron) but he did not happen to be in the House and when it was read, there was no second and it was declared lost.

Another Nest of Traitors.—Ottawa, March 29.—The Conservative leader was confronted with another "nest of traitors" when the conspirators last night sought to deprive R. L. Borden of the leadership.

It is reported that an appeal to Premier McBride and Whitney were rejected by both previous promises and the party was confronted with total demoralization without leadership.

Strenuous efforts were made to get Borden to remain. The members signed a round robin urging him not to carry out his intention to resign but one faction of the party refused to sign.

The Opposition is totally in disorder. The Opposition trouble is believed to have arisen over the fact that reciprocity was combatted and that the members counted themselves out of the party.

The conspiracy was revealed ahead of time in a Conservative Toronto paper. Borden is reported to have intended to resign.

The greater part of the day was spent in committee of supply on the estimates of the department of railways and canals.

Mr. Fielding pointed out that there were difficulties in the way but that the Government proposed to do its best.

CORRESPONDENCE

RECTIFICATION

Sir,—I have just read in your issue of February 2, 1911, the paragraph entitled "Missionary in North tells of Progress."

"Grande Prairie is covered by three churches—the Presbyterian, Anglican and Methodist, all working together in a more or less informal way."

The enumeration of the churches in Grande Prairie, as in all the places in the Peace River district, is the Catholic Church, which is first in the field, and to say more, up to this day, in Grande Prairie, the Catholic Church is the only one that has built a place of worship worthy of the name.

Should Rev. Alex. Forbes be disappointed, I am compelled to say that, as a prof. of their non-attendance, they are not to be considered as having been invited to the celebration.

Trusting Mr. Editor, you will give a space in your estimable paper for the necessary rectification, I am yours respectfully, C. M. JOSSE, O.M.I. Catholic Missionary, Spirit River.

ASK FOR LEGISLATION.—Editor Bulletin.—Dear Sir,—I am enclosing, as a matter of news, a resolution passed by the I.W. Grand Oregon Lodge of Odd Fellows, at Wetaskiwin.

FUNERAL OF MURDERED RANCHER AT STETTLER

Interment is Made in Lot Purchased by His Wife in Town Cemetery—Police Hard at Work Investigating Clues They Have Secured.

Stettler, March 28.—The funeral of the murdered rancher, William Lennox, took place this afternoon and was largely attended. Interment was made in a lot purchased by his wife in the Stettler cemetery.

There is little news today in connection with the tragedy which is the talk of the entire district. The police are still working hard on the case and have many clues which they are investigating.

In spite of the fact of his arrest, William Whitford, the breed, now the only suspect in custody, protests his innocence, but is apparently not at all alarmed concerning the outcome of the case.

How much in the meantime will this grand ball cost? It surely is time for the working man to make a class distinction is becoming more prevalent here in this boozed city.

Trusting Mr. Editor, you will give a space in your estimable paper for the necessary rectification, I am yours respectfully, C. M. JOSSE, O.M.I. Catholic Missionary, Spirit River.
