GENERALS RECALLED.

LONDON, Nov. 10. An official announcement was made today that several British generals had been recalled from the front since the war began. The announcement was made in the House of Commons by Harold J. Tennant, Parliamentary Secretary for War. He said the generals had been recalled for various reasons, but some of them had been allowed to resign or retire, and declined to give information as to the number of Generals recalled.
ANGLO-FRENCH WAR COUNCIL.
LONDON, Nov. 10. A meeting in the Commons to-day, presided over by the Secretary of War, considered the establishment of an Anglo-French War Council, in which French and British would sit. He expressed the hope that Russia would join in the Council.
PREMIER ASQUITH ON FINANCE.
LONDON, Nov. 10. Premier Asquith was to have asked the Commons to-day for a vote of credit of £400,000,000, but some unexpected development prevented him from taking this action, which was postponed until to-morrow. The Premier made his expected statement in regard to the financial situation, and expressed upon the nation the necessity of careful husbanding of its resources. Including the new vote of credit to be asked to-morrow, the Premier pointed out that the total

Hot Water and Happiness.

Hot baths are necessary for health, in summer as in winter. But in households whose hot water supply is dependent on the kitchen range, a hot bath cannot be secured during the summer months without turning the kitchen and its neighbourhood into a miniature inferno.

No wonder, then, that cook complains bitterly when nurse demands to have the fire made up, and that relations between the members of the household staff reveal a state of strain extending almost to breaking point.

It is here that the gas industry steps in to keep peace by means of its water-heating inventions, all of which, being entirely independent of the coal range, can give unlimited hot water at any moment without causing the least inconvenience.

Of all the boons and blessings that the twentieth century brain has devised, the gas water-heater is by no means the least.

GERMAN ATTACKS REPULSED.

PARIS, Nov. 10. A German attack near the forest of Givenchy was easily repulsed by French troops, according to an announcement made this afternoon by the French War Office. At the same time French batteries in Champagne district, near Tahure, responded with energy to a German artillery attack.
BULGARIA AND GERMANY.
LONDON, Nov. 10. A telegram from Athens says that the Greek Government organ, *Kairos*, to-day publishes the outline of an agreement said to have just been concluded between Bulgaria and Germany, relating to the Balkans, which the newspaper alleges it has received from a diplomatic source. According to the agreement Bulgaria will not advance beyond the Dorian-Cuevsi line, in southeastern Serbia, nor enter Monastir in southwestern Serbia, in order to avoid giving offence to Greece. Bulgaria also agrees to demobilize immediately her campaign in Serbia, in conclusion. It is stated that, if necessary, the Germans will operate alone in the region of Monastir.
VELES RECAPTURED.
LONDON, Nov. 10. French forces have recaptured the town of Veles in Southern Serbia.

from the Bulgarians, according to advices received by the Serbian Legation in Athens.

A RUMOR.

LONDON, Nov. 10. The statement is made by the correspondent in Amsterdam of the *Central News*, that the Kings of Roumania, Greece and Bulgaria, have made arrangements to meet at Bucharest. There is no confirmation of this report.

SERBIA AND BULGARIA.

LONDON, Nov. 10. A statement, recently attributed to a member of the Serbian cabinet, that Serbia had asked the Entente Powers in vain for permission to attack Bulgaria before the Bulgarian mobilization was complete, was followed by a question on this subject in the Commons to-day. The reply disclosed that apparently the attitude of the Allies was one of discouragement of the proposal, but that there was no actual refusal of permission for the attack. Answering the question, Lord Robert Cecil said, on behalf of the Foreign Office, that Serbia had pressed this view as the right military policy. The Foreign Office would like to point out that the figures of immigration from Ireland were much below the average. So far as there had been an exception movement, it was not confined to any one portion of the Kingdom, and it was condemned by leaders and public opinion in Ireland, as well as in other portions of the United Kingdom. Such remedies as are being taken, the Secretary said, were being applied to the United Kingdom as a whole.

RED CROSS APPEAL.

LONDON, Nov. 10. An appeal for truces to allow burial of the dead and to acquaint relatives of the fallen, with their names, is being made to the rulers of the warring powers by the International Red Cross. The most elementary feeling of pity, it says, demand all useful measures to acquaint their families with the fate of the fallen. The appeal asks that positive instructions be sent to military commanders with a view to the mitigation of needless aggravation of the sufferings of war.

THREE HUNDRED PERSONS WERE DROWNED.

LONDON, Nov. 10. A despatch to Lloyds from Bizertia says that three hundred persons on the *Arizona* were drowned. Most of the lost, the message says, were women and children immigrants. One

WILL APPLY TO THE WHOLE KINGDOM.

LONDON, Nov. 10. Home Secretary John A. Simon was asked in the Commons to-day what were the respective number of Welshmen, Englishmen and Irishmen, who were prevented from sailing from Liverpool for New York on the *Saxonia* last week, on the ground that they were attempting to evade liability to military service. He was asked also whether American steamships, which are to sail for the United States within the next three weeks are booked to capacity, and whether the Home Office would prevent all men of military age from leaving the country. The Secretary responded that action had already been taken provisionally to deal with the matter, and that he hoped to make a complete statement on this subject within a day or two. Sir John added that he would like to point out that the figures of immigration from Ireland were much below the average. So far as there had been an exception movement, it was not confined to any one portion of the Kingdom, and it was condemned by leaders and public opinion in Ireland, as well as in other portions of the United Kingdom. Such remedies as are being taken, the Secretary said, were being applied to the United Kingdom as a whole.

ANOTHER BRITISH STEAMER SUNK.

LONDON, Nov. 10. The British steamer *Callifornian* has been sunk. The *Callifornian* was a Leyland steamer of 6,223 tons gross register, 447 feet long, 53 feet beam, 30 feet deep, and built at Dundee in 1902. Many months ago she was taken over by the British Government. The *Callifornian* figured prominently in the story of the Titanic disaster, having been near the scene of the wreck, but not having gone to the rescue. Lord Mersey is presenting the judgment of the British Board of Trade in the Court of Inquiry into

the Titanic disaster, mentioned the *Callifornian* as having seen the Titanic signals at a distance of eight or ten miles, and declared she could have reached the sinking liner without serious risk and have saved many lives. The *Callifornian's* master, in a subsequent statement, declared that the signals from the Titanic had not been recognized by the officer in charge as distress signals.

Zam-Buk Cured the Ulcer in a Few Months.
If Mrs. Jeffrey, of 31 French St., Methuen, had known about Zam-Buk thirty-three years ago, she would have saved herself just thirty-two years and some months of pain! Think of it! She says: "Thirty-three years ago an ulcer appeared on my ankle, which, in spite of treatment, continued to spread almost to my knee. I tried remedy after remedy, and was treated by various doctors for over 25 years, but only got temporary relief!
The pain I suffered day and night was terrible; in fact, as I recall those days, I do not see how I was able to stand it! For years I could hardly walk, and was unable to leave the house. The ulcer extended from my ankle to my knee and was an open sore.
"One day I saw an account of a very bad ulcer having been cured by Zam-Buk. While I had become sceptical of all so-called remedies, I determined to give Zam-Buk a trial. I applied Zam-Buk freely every day, and the sore soon showed signs of healing. The inflammation went away the pain was eased, and I was soon convinced that after thirty years of suffering I was on the way to recovery. I realized that a complete cure could not be effected in a day, and persevered with Zam-Buk. Finally the terrible sore was quite healed. I have waited over a year before writing you, but there has been no trace of the ulcer returning."
For ulcers, abscesses, eczema, scalp sores, piles, cold sores, chapped places, baby's sores, eruptions, cuts, burns, bruises, and all skin injuries and diseases Zam-Buk is without equal. Sold everywhere, 50c. box, or post paid from Zam-Buk Co., Toronto, upon receipt of price. Refuse imitations.
