Town and County News

Mr. John Horsman left on Saturday for New York. He sails on Tuesday by the Ethiopia, of the Anchor Line.

The surveyor of the Credit Valley Railway is now at work between Fergus and Elora.

Mr. James Johnston has been elected Councillor in East Garafraxa in room of Mr. J. Tweedy, resigned.

The Rockwood Academy Reunion takes place to-morrow, and the Concert at Downie's school house, Puslinch, to-morrow evening.

STRAWBERRY FESTIVAL.—The Ladies of the Congregational Church will hold a Strawberry Festival in the Drill Shed on Thursday evening, 25th inst.

The anniversary of the Battle of the Boyne is to be celebrated this year in Orangeville, by the Orange Lodges in the districts of Mono, Caledon, East Garafraxa, and Amaranth.

RUNAWAY.—About noon to-day, the horse attached to the wagon in which the mails are carried to and from the different trains, took flight while standing at the Royal Hotel and bolted down Market Street at full speed, and when in the act of turning the corner at the Bank of Commerce the wagon turned completely over. The horse broke loose from the vehicle but was caught by some persons near by. Nobody hurt.

ACCIDENT ON SUNDAY.—As Miss Agnes White was driving into town on Sunday morning to church, the horse got frightened at something on the road, when near the crossing turning into the London road, jumped to one side, the buggy was upset and she was thrown out, and had her collar bone broken. The driver kept hold of the horse and prevented any damage being done. Dr. Keating was sent for and set the bone.

COUNTY COURT.—At the County Judges' Criminal Court held at the Court House on Saturday last, 20th inst., before His Honor Archibald Macdonald, Esq., County Judge, Daniel Morden, a prisoner committed for trial on the 17th inst., by S. Taylor and A. S. Allen, Esqs., Justices of the Peace at Clifford, for stealing some store goods from Mr. Jacob H. Dolmage, a merchant there, was brought up by the Sheriff. It appeared that constable Shaw, having got a search warrant, found the goods in the prisoner's house, and arrested him at Carriek. He pleaded guilty, and as he had not been before the Court for any previous crime, the Judge took a lenient view of his case and sentenced him to be imprisoned in the Central Prison in Toronto for ninety days at hard labor.

SCHOOL EXAMINATION.—The Summer examination of the Senior Girls' School took place in the School House (Old Baptist Church), on Thursday last. The room is cheerful and attractive, looking as a school house should. The pupils were neat and seemed happy, like children who loved their lessons and profited by them. The subjects of examination embraced all the school courses, varied by recitations, singing, &c., so that the interest never flagged for a moment. The whole proceedings were very creditable to the school. The questions fully tested the knowledge of the pupils, and with one or two exceptions were promptly and correctly answered. When all did so well, it is almost impossible to single out particular pupils for special commendation. The state of the school is in the highest degree creditable to the teacher, Miss Addison. A large number of the parents and friends of the pupils were present and manifested great interest in the proceedings throughout. As none of our school authorities were present, the proceedings were closed by a few encouraging remarks and prayer by Rev. W. S. Ball.—Con.

THE LACROSSE MATCH.—The match played between the Excelsior Club of Brampton and the Beaver Club of Guelph, on the grounds of the former, on Saturday last, was won by the Excelsior in three straight games—time 35, 35 and 28 minutes. The play was good on both sides, but the Guelph boys showed want of practice. The best of feeling was displayed, the players taking their hard knocks good humoredly. The names of the players were—Excelsior, D. T. Lowes, Captain; John Watson, point; H. Dale, cover point; R. W. Craig, centre; J. H. Falero, home; A. Watson, goal; J. A. Morton, R. E. Morton, J. J. Manning, J. Walker, W. McBride, W. Beck, fielders. Beavers, A. W. Wright, Captain; A. Armstrong, point; G. S. Clinch, cover point; J. McCabe, centre; D. W. Wright, home; H. Wells, goal; R. Maddock, J. R. Hower, R. Smith, R. Hower, J. Conway, C. Taylor, fielders. After the match the players sat down to dinner at the Revere House.

A proclamation is published delivering from the control of the Minister of Public Works the public toll bridge at Caledonia village and the macadamized road from Hamilton to Port Dover, including the swing bridge and abutments with all the bridges on the road.

BY TELEGRAPH TO THE MERCURY

Agricultural Lock-Out in England.
Pope Pius' Prospects.
The N. Y. Bricklayers' Strikes.
Up in a Balloon.
The Currency Bill Signed.

Rochester, N. Y., June 21.—This afternoon Capt. Fowler of Yacht Ariel, shot and dangerously wounded a laborer named Byron Cook, on the wharf at Charlotte harbor. The affair was the result of a drunken quarrel.

London, June 21.—Great demonstration of sympathy for agricultural laborers locked out from work was made in Manchester yesterday. Members of trade unions to the number of twenty-five thousand, with fifty bands of music, marched in procession through the principal streets.

A mass meeting was subsequently held at Pomona Gardens, at which it is estimated upwards of fifty thousand people were present. Joseph Arch and other prominent friends of the working-men delivered addresses.

Paris, June 22.—M. Viox, Republican Deputy in the Assembly from the department of Meurthe, is dead.

Rome, June 22.—The Pope in reply to the deputation yesterday, said he was confident that God would restore the Crown, if not to him, because he was too old and might not live to see the day, then to his successor.

New York, June 22.—The *Tribune* special from Washington says:—The President has informed his friends that he will sign the Currency Bill agreed to by the House yesterday. Although he does not like the bill, yet he has been persuaded to give it his approval, hoping that next winter some positive steps toward the resumption of payment may be taken.

Washington, D.C., 11 a.m., 22nd. The President has signed the Currency Bill.

There is no prospect of agreement between the Conference Committees on Geneva award or civil service bills.

The *Tribune* says:—Most of the bricklayers who struck for higher wages on its new building came back on Saturday and asked to be employed at the old rates, but their places were nearly all filled. The same was the case on other buildings.

Plymouth Church has declined Theodore Tilton's offer to appear and answer all questions that might be asked him touching the Beecher Scandal.

The strike, in which more than 10,000 miners were engaged, in Cleveland, Yorkshire, is now ended with the acceptance of the masters' terms, which impose a reduction of 12 1/2 per cent. in wages.

Allentown, Pa., June 20.—Prof. Pierce of Philadelphia, yesterday attempted a balloon ascension from the fair grounds, and in descending the balloon struck against a dormer window, breaking his collar-bone and several ribs; he also suffered internal injuries, threatening his life.

London, June 20.—To-day is the thirty-seventh anniversary of Victoria's accession to the throne, and it is observed by the ringing of bells, firing salutes and the usual demonstrations.

Bremen, June 20.—Agricultural exhibitions are being held here. Among the visitors to-day was the King of Saxony and a large number of American exhibitors. A large number of them have received prizes.

POLICE COURT.
(Before the Police Magistrate.)
June 22.
GOWIE PATTERSON, assault.—In this case the Magistrate gave his decision that he had no jurisdiction.
James Higgins, for being drunk on Sunday, was fined \$1 and costs.
Catherine Case, charged by P. C. Dooley with vagrancy, was sentenced to one month in gaol, but was allowed to leave town.
Theodore Fenwick, for erecting a wooden building inside the fire limits, was allowed two months to pull it down or replace it by a brick structure.
Wm. Woods, Henry Oliver, William Murphy, Daniel Connor, Sarah McTaggart and Samuel Chellis, charged with having horses running at large, contrary to By-laws, were fined 50c for each horse.

The fearful picture of poverty and wretchedness pictured by the *Times*, correspondent in the "locked-out" districts, leads the *Economist* to remark that there is nothing new in this. We have known it ever so long, and do not seem to care. In London itself there are man-piggeries which will stand comparison with any in the kingdom; and we almost wonder that Parliament has never thought of setting up the worst of them in a corner of Hyde Park, that all the world may see this grand result of English civilization.

The right of Canadian vessels to use a flag other than that used by vessels of the United Kingdom having been questioned in the Imperial Parliament, the Under Secretary of State for the Colonies replied that the use of such flags by vessels registered in the Colonies had been duly authorized by Her Majesty's Government.

Re-Capture of a Scoundrel.
Our readers will remember of one Jim McDonald alias Bill Johnson, who was imprisoned in Berlin gaol for burglary, and who escaped a few weeks ago, in company with a companion, by stuffing his gaily clothes and putting them in the bed of his cell while he wore garments which had been given him by a confederate. Nothing was heard of this individual since he left, until the other day, when he was arrested in Detroit on a charge of house breaking and theft.
On Thursday night, 11th inst., Mrs. Newbury, living on Indiana Avenue, Detroit, was startled by some one opening the front door and moving along the hall, and also by a bright light which gleamed into the room where she was. She thought it might be her mother, and on opening the door to see, she noticed a man running from the front door to the street. Her suspicion was aroused and she gave the matter into the hands of the Police, and the next day Detective O'Neil found a man who divulged part of the scheme which McDonald had tried to carry out. It was the intention to break into several houses, but no opportunity offered except at Mrs. Newbury's. One Thomas F. Curtis acted as assistant to McDonald in his enterprise. The detective soon learned McDonald's whereabouts, and arrested him just as he was boarding a western express on the Michigan Central on Friday. Curtis was also arrested the next morning.
At the examination on Saturday the prisoners pleaded not guilty to the charge of stealing a silver knife, and were committed for trial in default of \$1,000 bail each.
McDonald, or Johnson, is a notorious thief, having served several terms in various prisons. He was arrested in Detroit in 1867 for robbing a Cleveland firm of \$15,000 worth of diamonds, but the policemen had a half-hour's struggle before capturing him. He was sent to the penitentiary at Columbus for six years, and as soon as he was released commenced his depredations in Canada, selecting Berlin as the scene of his operations.

The Manitoba Mounted Police.
The *St Paul Press* thus speaks of the Manitoba Police who arrived in that city on Wednesday, June 10th, on the way to their destination.—Mr. C. Sheehy passenger agent of the Michigan Central Railroad, succeeded in effecting the arrangements with the different roads over which they are compelled to pass, and inducing them to come this way, it being originally designed to take them by way of the lakes and over land. Through the kindness of Mr. Richardson, Secretary of the Treasury for U. S., the whole expedition was permitted to enter at Port Huron, without any official entry at the Customs office. All have a fine appearance, and it is undeniable that they are as a whole a much more intellectual, gentlemanly and respectable appearing body of men than the private soldiers of the United States army. They are all picked men, as there were thirty-five applications to every one taken. The men are enlisted for three years, and receive in addition to their rations and wearing apparel, 75 cents per day, which is more than the United States regular soldiers receive. Among the number are men who have before figured in military exploits more prominent than they now do and have held higher positions.
The uniforms were by the regular British soldiers. They consist of a red coat, red cap and dark pants with red stripes. The object in adopting this high colored uniform is two-fold. The Indians have a traditional remembrance of King George's men and believe that a red coat carries a peculiar and terrible significance with it. During the stay of the police in this city they have conducted themselves in an orderly manner, and their general appearance is very gentlemanly.

The Governor-General will probably take his trip to Manitoba next month.

Mrs. Campbell, of Adelaide, and Mrs. McNeill, of Leno, were thrown out of a wagon on Saturday. Mrs. McNeill, who was on the point of recovery from a similar accident a year ago, had a leg and arm broken, and Mrs. Campbell has suffered severe if not fatal injuries. It is feared that neither will recover.

ANOTHER ESCAPE FROM BERLIN GAOL.—William Felt, who was waiting trial before a magistrate at a burglary at Roseville, last spring, contrived to escape from the gaol on Saturday. He managed to climb a 16 foot wall.

SOUTHAMPTON.—The steamer Ontario took on board on Saturday at this port, between 20 and 30 passengers with teams and wagons, who are on their way to Manitoba. This is the first time the Ontario has called at the docks now under construction.

A barn belonging to Mr. Patrick Garrity, Center Road, Caledon, was struck by lightning, during the thunder storm of last Sunday, and burned to the ground. Several valuable implements, and some of the stock, had been stored in the building, and consumed. The barn was insured for \$100.

A telegram from Ottawa says that the Governor-General and family will make a trip to the West about the middle of July. The route will probably be by Lakes Simcoe and Muskoka and Parry Sound, and thence by the Georgian Bay and Lake Superior. In coming back it is likely the party will visit Lake Michigan and return by Sarnia and Goderich.

The Election Judges—Chief Justice Richards, the Chancellor, and Chief Justice Hagarty—decided on Saturday that hiring teams was not under the law as it stood at the last Dominion election such a corrupt practice as would void an election, and struck out clauses raising that point in the East and Centre Toronto Election cases. The Court on Saturday adjourned till Friday, the 28th inst., when it will hear preliminary matters brought before it. There will probably be about twenty petitions presented. Probably a few of these may be disposed of in vacation.

MANUFACTURE OF COCOA.—We will now give an account of the process adopted by Messrs. James Epps & Co., manufacturers of dietetic articles, at their works in the Euston Road, London.—See article in *Cassell's Household Guide*.

A telegram from Berlin confirms the report that the Queen will visit that city in August, and be present at the coronation of Frederick William, Her Majesty's grandson.
A man named John Kelly has confessed setting fire to the barn and stables of Samuel Stewart, in the Township of Sarawak. They were burned to the ground. Kelly has been committed.
A man named James Brown, who formerly resided in Hamilton, was murdered at Fort Garry, on Thursday night, by some militiamen, who have been arrested.

The programme includes matches between England and the United States, England and Canada, Canada and the United States, Halifax and all others. The prizes consist of three silver challenge cups and prize balls.
PERSONAL.—The *Cornwall Gazette* of Saturday says, J. P. McMillan, Esq., Barrister, of Guelph, has been in this town and at his home in St. Andrew's for the last ten days. Mr. McMillan has been a host of friends hereabouts and his professional and political, is watched with keen interest in both town and township.
A DISTRESSING DEATH.—On Saturday forenoon of last week, a young man named John Wilson, son of Mr. David Wilson, of Harwich, came to his death under very melancholy circumstances. He was taking down a fence to allow his team to pass into the field, when he was seized by an epileptic fit, to which he had been subject, and thrown to the ground. His parents were away at Chatham at the time, and he was not discovered until his sister went to call him to dinner and found him lying dead. It is supposed that he died immediately, as the body was quite cold when taken up.
THE POPE AND ITALY.—The text of the address delivered by the Pope to the Cardinals on Tuesday last is published. The Pope renews his protests against the usurpation of the Papal States, the abolition of religious corporations, and other acts of the Italian Government, so that the enemies of the Church may not be able to plead justification from undisciplined customs. He was also moved to allude to those subjects again, because he recently received overtures of reconciliation, and had in his possession a respectful letter urging that as Vicar of the God of peace he should pardon his enemies, and withdraw the excommunications pronounced against them; but he declares that he cannot make peace with the enemies of the Church, and in conclusion he exhorts the Cardinals to imitate the conduct of foreign bishops, and especially those of Germany and Brazil.
COFFEE AS A DISINFECTANT.—Roasted coffee, says the *Homoeopathic World*, is one of the most powerful means, not only of rendering animal and vegetable effluvia innocuous, but of actually destroying them. In proof of this, the statement is made that a room, in which meat in an advanced state of decomposition had been kept for some time, was instantly deprived of all smell of the open effluvia, roaster being carried through it, containing one pound of newly roasted coffee; and in another room, the effluvia occasioned by the clearing out of a cess-pool, so that sulphureted hydrogen and ammonia could be clearly detected, was entirely removed on the employment of a few ounces of freshly burnt coffee. Refrigerators sometimes get musty from flesh, fowl, or fish, kept too long in them. No remedy for purifying—achreceptacles so simple as burnt coffee, can be employed.
The Council of the County of Peel has granted \$150 toward the improvement of the Town Line between Orangeville and Caledon, being the same amount as was granted by the County Council of Wellington for the same road.
