Neither Indian nor Ceylon tea alone produces the Red Rose flavor

TO produce a tea with the "rich fruity flavor" of Red Rose Tea from either Ceylon or Indian alone is impossible.

Neither Indian nor Ceylon in itself possesses the Red Rose flavor, but combined in proper proportions they produce the "rich fruity flavor" that has made Red Rose Tea famous—that makes Red Rose Tea the only tea used in any home where it is once tried.

RUSS BUREAUCRACY SAD OVER PEACE

Cold Reception to Splendid News From Portsmouth

HOPED FOR FALL OF WITTE

Aussians Win What Is Probably the Last Conflict of the Great

Portsmouth, Aug. 31.-An anomalou ituation exists as to the impression reated by the conclusion of peace. While the outside world applauds, in Japan there evidently is great disappointment over the terms, and in Russia, where it would seem there should be universal rejoicing over the great diplomatic victory M. Witte has won, the Government seems to have

received it coldly. With the people, it will make M. Witte a great and popular figure and add to his laurels, but at court, evidently, the very victory Mr. Witte has achieved makes it all the more bitterly resented. It is an open secret that the military

party hates and fears Witte, and that, when the Emperor appointed him chief plenipotentiary, they expected him to They did not want peace, and it was predicted freely in St. Petersburg, when M. Witte left, that he had been

o America to "break his neck." They expected him to fail in the negotiations or to make a "bad peace," and either would have spelled political ruin.
Instead, upon the very terms upon

which the Emperor told Mr. Meyer he would decide for peace, and upon which the military party did not believe it possible for peace to be negoti-ated, M. Witte succeeded in securing a treaty honorable and, under the circumstances, favorable to Russia. This evidently has only exasperated his emenies the more, and intrigue i again at work to discredit him. Since Japan was in a conciliatory

mood, they now say, he made a mis take in surrendering half of Sakhalin. Yet he did so by the Czar's orders and himself insists that, personally, he would have stuck to the end to his original declaration not to cede terri-

A Sacrifice for Peace.

Not a word or line about the receipt of the news comes out of Japan. In view of the situation both at Tokio and St. Petersburg, alarmists are inclined to make much of the facts that the minutes of yesterday's fateful meeting have not been signed by the plenipotentiaries of the two powers. It is pointed out that either side still could repudiate the agreement, but both plenipotentiaries refuse to admit record and ability.
