SAFE FAT REDUCTION

Reduce, reduce, reduce, is the slogan of all fat people. Get thin, be slim, is the cry of fashion and society. And the overfat wring their hands in mortification and helplessness; revolting at nauseating drugs, afraid of violent exercise, dreading the unwelcome and unsatisfying diet until they hit upon the

Apparently Due to New Low Record

CHICAGO, Jan. 16.—Weakness that prevailed in the corn market today was apparently due more or less to new low records of exchange rates to Europe. The close was nervous at %c to 1%c down with May \$1.32% to \$1.32% and July \$1.30% to \$1.31%. Oats lost %c to %c. In provisions the outcome ranged from 27c decline to 39c advance. Thomas a Edward. **Edison Spent** Three Million Dollars to Give You Music

Thomas A. Edison invented the phonograph in 1877. Later he improved his original phonograph to a point where his business advisers said to him: "You have now the best phonograph in existence. Let us go ahead and market it."

Mr. Edison shook ...is head and replied: "I am not going to put out a new phonograph until it is so perfect that its reproduction of music cannot be detected from the original."

Mr. Edison spent three million dollars in real money to perfect the phonograph. He finally succeeded, and you can have Edison's three million dollar phonograph in your home at an exceedingly moderate cost.

A Suggestion for Saving

CASH in the pocket encourages careless spending.

You will find it a much easier task to save if you keep your "Spending" money in a Savings Account with The Bank of Toronto. There it is safe and can be drawn upon when really needed.

A reluctance to draw from that account will grow upon you, and protect you from many needless expen-

Once the saving habit is acquired, the account, with its earnings of interest, will steadily grow to a substantial amount.

Many young men and women are working out this

scheme with us to advantage. It is a plan worthy of a trial.
