

YES, I know all the excuses. I know that one can worship the Creator in a grove of trees or by a running brook, or in a man's own house, just as well as in a church. But I also know as a matter of cold fact the average man does not thus worship."

Here are a few benefits to be derived from church

"You will listen to and 'e part in reading some beautiful passages from the Bible. And if you are not familiar with the Bible, you have suffered loss.

"You will take part in singing some good hymns.

"You will meet and nod or speak to good neighbors. You will come away feeling a little more charitably inclined toward all the world, even toward those excessively foolish young men who regard church-going as a soft performance.

"Join in church work for the sake of showing your faith in your works."

Make your start in church service tomorrow. A fair trial of church attendance will convince you it's well worth while.
