They reached this decision his afternoon at a conference in the premier's office, when the political situation was thoroughly canvassed. The hare majority of sixteen which the government received last night in a vote of confidence in the chamber of deputies owing the premier's arraignment by radical Socialists, Louis Malvy and Meunier, was a sore blow to the ier and his associates, who had een sustained many times in previous rises by much larger votes. Physically and mentally exhausted by several years of uninterrupted labor in official life, M. Briand is sincerely anxious to retire. WASHINGTON, Feb. 24.-The new Japanese treaty of trade and navigation was ratified tonight after a two hours executive session of the senate.
