SALE OF LOTS IN THE

Town of Sidney

One of the few stations on the main line of the Canada Pacific Railway (midway between THE TORONO WORLD. Brandon and Portage-la-Prairie) is unprecedented, over 600 having already been disposed of by private sale. These lots are too valuable to offer at public auction in competition with paper cities situated on imaginary railroads. They have a real present value, and in one year from this time should be worth three times their present price.

Although only placed on this market last week some of the purchasers have already resold at large profits and invested in more. THE TITLES ARE ABSOLUTELY GUARANTEED OR NO SALE.
