WATFORD, SEPTEMBER 5, 1919

**War-Time Husbands at Sixteen and Ninety**

Some curious facts are revealed in the Registrar-General's report of births, marriages and deaths in 1917. Whereas most of the marriages used to take place in July, August and September, the favorite months now are October, November and December. Widows remarried in great numbers. Although young war-widows affected the figures, it is clear that the war was not wholly responsible, for the total began to increase in 1912. Widowers, too, show an increasing tendency to take second wives.

The youngest bachelor to marry was fifteen, and the youngest spinster fourteen. No fewer than twenty-nine males married at the age of sixteen, and 389 at the age of seventeen, two of the latter marrying widows. Twenty-six spinsters married at the age of fifteen, one of them to a widower; 187 women were sixteen when they married and of 1,200 marrying at seventeen years, fifteen married widowers.

The earliest second marriage of males was at the age of nineteen, and three widows remarried at the age of eighteen. Of thirty-nine men marrying when they were turned eighty only one, aged eighty-one, had never tasted the joys of matrimonial bliss previously, the rest being widowers; but out of nine women marrying beyond that age two were spinsters. The oldest man to be married was a widower of ninety-two, and the two oldest women were aged eighty-five, one a widow and one a spinster.—Tit-Bits.

**When It All Started**

When Adam met Eve he was bashful and shy,  
And he stammered and blushed every time she came nigh.  
Till at last he grew bold and began to pay court,  
(You may put all your trust in this faithful report).  
And he murmured to her on an evening serene,  
"You're the prettiest girl that I ever have seen!"  
And that's how that started.  
When Eve, with a beautiful blush on her face,  
Yielded shyly and sweetly to Adam's embrace,  
And put up her red lips for the true lover's pact  
(You may set all this down as an absolute fact),  
She inquired, while he breathed the fond names on his list:  
"Have you said that to all the girls you have kissed?"  
And that's how that started.  
When Adam asked Eve if she would be his bride,  
She looked up and looked down, and she sighed and sighed,  
And she let him take hold of her lily-white hand  
(This is history now, as you must understand),  
Then she said, in a voice that was dulcetly low:  
"I must take time to think. 'Tis so sudden, you know!"  
And that's how that started.  
When they had been married a few years or so,  
Then Adam told Eve: "We're invited to go  
To a dinner and dance with some friends down in Nod."  
(This is truly authentic, although it sounds odd).  
Eve replied with a sad and sorrowful air:  
"I can't go. Don't you see I have nothing to wear?"  
And that's how that started.

It would help matters somewhat if more people had the darkey's luck. He says he was married three years and had six children. He was married in Huntsville, and the first year his wife presented him with a beautiful baby boy. He then moved to Fort William and Port Arthur, the "Twin Cities," and she presented him with twin boys. Then he moved to Three Rivers, and there came into their lives triplets, three sweet little girls; but he says he'll never take a job at the Thousand Islands.

**You Must Cure Yourself.**  
I do not care how many licensed physicians there are in the world; I do not care how many drugs and how many drug stores there may be in the town; I care not how many schools of medicine there may be. I say unto all you persons who are sick and ill that you will never be cured by licensed medicine. The doctors never will and never can cure you. Drugs never cure. You must cure yourself. And if you have not the will power and the courage to reform the conduct that made you ill you are already a goner. Nothing can aid you, not even nature. "Medicus sanat; natura curat." This is the Latin of the medical schools. The doctor sanitates, but nature alone can cure. And nothing in nature can cure you but your own conduct—by reformation, by resorting to the right food and the right drink.  
It is up to you whether you are to be an invalid all your life or a well man—a well woman.  
It is a question of personal morals, individual ethics.—C. F. in Los Angeles Times.

**Abolish Fahrenheit?**  
There is a growing crusade against the Fahrenheit thermometer used in all English speaking countries, and the plea is made that the Centigrade thermometer be employed in its place. The Centigrade is used for nearly all scientific purposes and is decidedly superior to the Fahrenheit, but the latter is in familiar use among the great mass of people who use heat measuring instruments.  
Practically all English speaking people use the Fahrenheit scale, even with all its inconveniences, and people who imagine that they can effect a change by an act of congress reckon without authority. Nothing is more difficult than to change the established habits of a people, a truth which will slowly dawn upon the enthusiast who undertakes to change the meteorology of a nation.—Locomotive Engineering.

**A Bank Account For Your Wife**

More and more, are the wives of today running their homes on a business basis—systematically and efficiently. Many wives have a monthly allowance for household expenses. This, they deposit in a Savings Account in The Merchants Bank—settle bills by cheque—and thus have an accurate record of bills paid. Such a business-like method also gives a woman the feeling of happy independence in having a bank account of her own.

**The Legacy of War**

Canada's Dead and Missing	63,038
Canada's Wounded	149,709
Canada's National Debt	\$1,670,263,691
Soldiers' Annual Pensions	\$35,000,000

**THE WORLD** is staggering with debt. Some of the leading countries are verging on bankruptcy.

Five years ago Canada had never dreamed of the financial burden she carries to-day.

Canada entered the Great War with a National Debt of \$337,000,000, or \$42 per head of population. Canada emerges with a National Debt to date of \$1,670,263,691, which is expected to approximate \$2,000,000,000 by the end of the fiscal year—or about \$250 for every man, woman and child in the country. Interest charges alone will eat up nearly one-half our present national revenue, and soldiers' pensions will have to be provided as well.

**Can Ontario Afford to Spend \$36,000,000 a Year on Booze?**

**PREVIOUS** to the Ontario Temperance Act the drink bill of the Province approximated \$36,000,000 per year, an amount about equal to Ontario's share of the Annual interest on our National Debt. In the face of our financial responsibilities alone, is this the time to repeal the Ontario Temperance Act or relax a single one of its restrictions upon waste of money and man power? To every question on the Referendum Ballot vote—

**"No!"—Four Times—"No!"**

No Repeal—No Government beer shops—No intoxicating beer in Standard Hotel bars—No Government beer and whiskey shops. Be sure you are on the voters' list. Be sure you mark your ballot four times—X—X—X—in the column headed No.
