

## THE INFALLIBLE REMEDY!!!

### Holloway's Ointment.

**ERYSIPELAS** of eight years cured!  
Copy of a Letter from Geo. Sinclair, Esq.,  
of Paris, Canada, dated the 18th July  
1854.

To Professor Holloway,  
Sir—I feel a pleasure and a pride in  
bearing witness to the wonderful benefit I  
have derived by the use of your inestima-  
ble Ointment and Pills. For eight years I  
suffered unceasingly from attacks of erysip-  
elas; large purple blotches came all over  
my body; in addition to the unpleasant  
feeling of itching and burning, which af-  
fected me both night and day, rendering  
life a misery to me, as well as to all around  
—so severe was the attack. I used several  
reputed remedies without deriving the least  
cessation to my misery. At last I de-  
termined to try your Ointment and Pills;  
after taking them for a few weeks, a visible  
improvement took place, and I feel consid-  
erably better.—In three months, by con-  
tinuing with your medicines, I was com-  
pletely cured, and now enjoy the best of  
health. The truth of this statement is well  
known here, hence there is no necessity  
for me to request secrecy.

I am, Sir, yours respectfully,  
(Signed) Geo. Sinclair.

**LLCERS in the Leg**—Remarkable Cure!  
Copy of a Letter from Mr. Edward Tomkin-  
son, of Cape Breton, Nova Scotia, dated  
the 4th May, 1854.

To Professor Holloway,  
Sir—My sister, Miss Jane Tomkinson,  
suffered for a great number of years from a  
bad leg; in which there were several deep-  
ly seated and old wounds, defying the skill  
of some of the most eminent of the medical  
faculty, a variety of remedies were also  
used unsuccessfully; and it seemed to me  
that there was not any thing capable of  
mitigating the agonies she endured. At  
length, she had recourse to your Ointment  
and pills, and after using them for about five  
weeks, she was completely cured, but her  
other means had failed to afford her the  
slightest relief. I have no objection to these  
facts being published, if you feel disposed  
to make them known.

I remain, Sir, your most obedient Servant,  
(Signed) EDWARD TOMKINSON.

**A BAD BREAST CURED WHEN AT  
DEATH'S DOOR!!**  
Copy of a Letter from Mr. Henry Malden  
of Three Rivers, Canada West, dated  
July 9th, 1854.

To Professor Holloway,  
Sir—My wife suffered most severely after  
the birth of our last child with a bad breast.  
There were several holes in it, as large as  
a hand; all the devices and stratagems I  
tried would not heal them, but assumed an  
aspect more frightful than before, and hor-  
rible to behold. As a last resource I tried  
your ointment and pills, which she perse-  
vered with for seven weeks, at the expiration  
of which time her breast was almost well; by  
continuing with your remedies for two more  
weeks, she was entirely cured, and we offer  
you our united thanks for the cure effect-  
ed.

I am, Sir, yours truly,  
(Signed) HENRY MALDEN.

### AYER'S PILLS.

A new and singularly successful remedy for the  
A cure of all Bilious diseases—Costiveness, Indi-  
gestion, Jaundice, Dropsy, Rheumatism, Fevers,  
Headache, Pains in the Breast, Side, Back,  
and Limbs, Female complaints, &c. &c. Indeed,  
very few are the diseases in which a Purgative Me-  
dicine is not more or less required, and much sick-  
ness and suffering might be prevented, if a harm-  
less but efficient Cathartic were more freely used.  
No person can feel well while a costive habit of  
body prevails; besides it soon generates serious and  
often fatal diseases, which might have been avoid-  
ed by the timely and judicious use of a good purgative.  
This is alike true of Colds, Fevers, symptoms, and  
Bilious derangements. They all tend to become or  
produce the deep-seated and formidable disorders  
which lead the horses all over the land. Hence a  
reliable family physic is of the first importance to  
the public health, and this Pill has been perfected  
with consummate skill to meet that demand. An  
extensive trial of its virtues by Physicians, Profes-  
sors, and Patients, has shown results surpassing  
anything hitherto known of any medicine. Cures  
have been effected beyond belief, were they not sub-  
stantiated by persons of such exalted position and  
character as to forbid the suspicion of untruth.  
Among the eminent gentlemen to whom we are  
allowed to refer for these facts, are:  
Prof. VALENTINE MORT, the distinguished Sur-  
geon of New York City.  
Doct. A. A. HAYES, Practical Chemist of the  
Port of Boston, and Geologist for the State of Mas-  
sachusetts.  
Jas L. MOORE, M.D., an eminent Surgeon and  
Physician, of the City of Lowell, who has long used  
them in his extensive practice.  
H. C. SOUTHWICK, Esq., one of the first me-  
chanics in New York City.  
C. A. DAVIS, M.D., Surg. and Surgeon of the  
United States Marine Hospital, at Chelsea, Mass.  
Did space permit, we could give many hundred  
such names, from all parts where the Pills have  
been used, but evidence even more convincing than  
the certificates of these eminent public men is  
shown in their effects upon trials.

These Pills, the result of long investigation and  
study, are offered to the public as the best and  
most complete which the present state of medi-  
cine can afford. They are compounded not of  
the drugs themselves, but of the medicinal virtues  
only of Vegetable medicines, extract are perfectly  
pure, and of a state of purity and combined together  
in such a manner as to insure the best results. This  
system of composition for medicines has been found  
to be more efficient remedy than had hitherto been ob-  
tained by any process. The reason is perfectly ob-  
vious. While by the old mode of composition, every  
medicine is burdened with more or less of un-  
pleasant and injurious qualities; by this many val-  
uable virtues only being retained. Hence it is  
self-evident the effect should prove as they have  
proved more purely remedial, and the Pills a surer,  
more powerful, and more pleasant medicine than any  
other known to the world.

As it is frequently expedient that my medicines  
should be taken under the counsel of an attending  
Physician, and as he could not properly judge of a  
remedy without knowing its composition, I have  
supplied the separate Formula by which both my  
Pectoral and Pills are known to the whole body of  
Practitioners in the United States and British Amer-  
ica. Pursuant to it, however, they may be taken by  
any one who has not received them, they will be  
promptly forwarded by mail to his address.  
Of all the Patent Medicines that are offered, how  
few would be taken if their composition was known!  
Their life consists in their mystery. I have no  
mistakes.

The composition of my preparations is laid open  
to all men, and all who are competent to judge on  
the subject, freely acknowledge their convictions of  
their intrinsic merits. The Cherry Pectoral was  
pronounced by scientific men to be a wonderful  
remedy for the most distressing coughs. Many em-  
inent Physicians have declared the same thing of  
my Pills, and even more confidently, and are will-  
ing to certify that their anticipations were more  
than realized by their effects upon trial.  
They operate by their powerful influence on the  
internal system to purify the blood and stimulate it  
into healthy action—remove the obstructions of  
the stomach, bowels, liver, and other organs of the  
body, restoring the regular action to health, and  
by correcting wherever they exist such derange-  
ments as are the first origin of disease.  
Being sugar wrapped they are pleasant to take,  
and being purely vegetable, no harm can arise from  
their use in any quantity.  
For minute directions, see the wrapper on the  
box.

alytical Chemist, Lowell, Mass., and  
Agents for St. Andrews, Odell & Turner, and  
M. S. Hannah. St. George, E. P. Knight.

### PROTECTOR.

To all persons of all ages, and conditions, as  
a certain and a safe shield against those  
feared diseases, Consumption, Bronchitis,  
Asthma, Coughs, Colds, and other afflic-  
tions of the Lungs, which arise from the ex-  
posed state of the chest, according to fashion,  
and the continual changes of our climate.  
"The Protector" is simply a chemically pre-  
pared fur, lined with silk and padded, which,  
suspended from the neck, covers the chest, in so  
agreeable a manner, that, once worn, it becomes a  
necessity and a comfort.

"The Protector," although but recently  
introduced into America, is making rapid  
progress through the United States, the  
Canadas, South America, and the West  
Indies. It has for a long time been a staple  
article in England and on the Continent of  
Europe, while it has grown in many coun-  
tries to the position of an article of dress.

To demonstrate these facts enquire of any En-  
glish resident in your vicinity of his knowledge of  
the beneficial effects of wearing the Protector,  
without recourse to destroying of any kind. The  
cost of wearing these articles is a mere trifle, and  
one will last some years. No one who values the  
health of himself or his family will be without  
them. The Hospitals in this country are not alone  
recommending them, but rapidly introducing them.  
Harcourt, Bradley & Co. of London, and Man-  
chester, England, were originally entrusted with  
the manufacture of the Protectors, by the Emi-  
nent Dr. Cooper, and continue to manufacture ac-  
cording to his original instructions, and therefore  
recommending those who would wear "The Pro-  
tectors," to see to their being genuine.

REMEMBER THIS IS A STAPLE ARTICLE, and  
no Patent Medicine.

## FRIEND OF THE CANADIAN PHYSICIAN'S PILLS.

Extraordinary Case of Asthma III of an  
old Lady, seventy-five years of age.

Copy of a Letter from Mr. Thomas Wes-  
ton, (Book Store,) Toronto, dated the  
9th October, 1854.

To Professor Holloway,  
Sir—Gratitude compels me to make  
known to you the extraordinary benefit an  
aged parent has derived from the use of  
your Pills. My mother was afflicted for  
upwards of four and twenty years with  
asthma and spitting of blood, it was quite  
agonizing to see her suffer and hear her  
cough; I have often declared that I would  
give all I possessed to have cured her; but  
although I paid a large sum for medicine  
and advice, it was all to no purpose. Ab-  
out three months ago, I thought perhaps  
your Pills might benefit her, at all events I  
resolved to give them a trial, which I did,  
the result was marvellous; by slow de-  
grees my mother became better; and after  
persevering with your remedies for nine  
weeks, she was perfectly cured, and now  
enjoys the best of health, although seventy-  
five years old.

I remain, Sir, your obliged,  
(Signed) THOMAS WESTON.

Remarkable Cure of Dropsy after being  
supposed three times.

Copy of a Letter from Anthony Smith, Esq.,  
Halifax, Nova Scotia, dated the 25th  
August, 1854.

To Professor Holloway,  
Sir—I desire to add my testimony to  
the value of your Pills, in cases of dropsy.  
For nine months I suffered the greatest  
torment with this distressing complaint:  
I was tapped three times, and finally given up  
by the doctors; I have become appar-  
ance as a skeleton, and with no more  
strength in me than a child just born. It  
was then that I thought of trying your Pills,  
and immediately sent for a quantity, and  
commenced using them. The result I can  
scarcely credit even now, although true it  
is. After using them for four weeks, I felt  
much better, and by persevering with them,  
at the expiration of two months, I was  
completely cured. I have since enjoyed  
the best of health.

I am, Sir, yours, sincerely,  
(Signed) ANTHONY SMITH.

ASTONISHING CURE OF General Debility and  
Liver Complaint!!!

Copy of a Letter from William Reever, of  
Charlottetown, Prince Edward's Island,  
dated 17th Nov. 1854.

To Professor Holloway,  
Sir—I am happy to say that your Pills  
have restored me to health after suffering  
for nine years from the most intense gen-  
eral debility and languor, my liver and gen-  
erals were also much deranged for the whole  
of that time. I tried many medicines, but  
they were of no good to me, until I had  
recourse to your Pills, by taking which, and  
following the printed directions, ten days  
was I cured, after every other remedy  
failed, to the astonishment of my neigh-  
bours, acquaintances, and friends. I shall  
ever feel grateful to you for this astonishing  
restoration to health, and will recommend  
your Pills to all sufferers, feeling it my duty  
to do so.

I remain, Sir, your humble servant,
