WE are glad to see that at a recent fmeeting of the Executive committee of this company it was to commence grading immediately, west of Minne loss; and to puch on construction as rapidly as possible. It was stated that there would be no difficulty in securing all the money required for the building of the road in the English market of landi which it is to be hoped will de to this or any other company that is willing to build branch time of railway to connect-with the C. P. R.

THE names of the eleven who left Calgary yesterday to play the match with the McLeod team are as follows:

D. W. Wright, Captain. Const Spencer Major Morris Dr. DeVeber T. Critchley A. Harley Sergs. Wilde Rev. Smith Sergs. Gordon E R Rogers Col. Herchimer, Captain R. J. Ellis Arthur Scorer J. A Mackelvie, Umpire.
We trust our boys will give a good account of themselves when they return but if they expect an easy victory they may find themselve mistaken, as there are some first
class players with the Melecod eleven.
The match will be played on Thursday and
Friday 14th and 15th fost.

THREE things whichere virtu I'y essential to the prosperity of the town must be done forthwith, and there must be no quarrelling over it. Our people cannot afford to quarrelling over it. Our people cannot afford to quarrell and they know it. The first thing to be done is to have a new petition forwarded to Regina in the matter of Incorporation. A new one is necessary. If it was not necessary, and we would not say so. The second is that a petition must be got up immediately in the matter of the proposed Bow River Bridgs; and the third is that another petition must be got up. praying for the greation of must be got up, praying for the erection of a Court House and Jail. The last two petitions must be presented to Sir Hector Lungevin, Minister of Public Works, upon his arrival here. These matters, we trust, will be attended to at once They are of vital importance, primary in their nature, and so pressing that not another week's delagance. pressing that not another week's delay must be suffered. In order that our town shall progress we must be up and doing.

A meeting of the congregation of the Episcopal church was held on Wednes lay evening in the new church, Rev. E. Paske Smith ing in the new church, Rev. E. Paske Smith the pastor, in the chair. A considerable number of ladies were in attendance, and added interest to the proceedings, in which they seemed to take a lively interest. The first question discussed was the name of the new church The council suggested several names, such as Holy Trinity. St. George's, Christ's, Church of the Redeemer, After some discussion a ballot was taken which resulted in the "Church of the Redeemer" being selected by a majority of 12 to 5. A long discussion then took place as to the best means to organize an efficient choir. The Incumbent suggested that boys should be procured and trained, and paid a small sum for their services. It was finally desum for their services. It was finally deeided to try to organize a voluntary choir; and a meeting of those willing to join was called for the following evening. A financial statement was submitted by which it appeared that over \$500 was still due on the subscription list, and it was decided to make an effort to collect it in.

When on the train from Regina to Calgary on Saturday and Sunday last we mixed Association who were on board. These on applications and forms of tender can be obtained on application to J. M. OORDON, Dominion Lands. formed the advance guard. Several ladies were in the purty. At the different stations Mr. McTavish. of the C. P. R. Land Dopartment, who was on board, showed the party the results of the experiments which have been carried out under his directions. At Gull Lake the train stopped for nearly an hour. The farm there was the best we saw along the line. The wheat, oats and parley were in splendid condition. Nearly one hundred acres are under cultivation there. The barley is nearly ripe, and it will probably be cut this week. The wheat and oats are near y ripe, A few hot days such as we have been getting lately will folly ripen the wheat and oats. The garden at Gull Lake is in excellent condition. All the root crops are well represented. Given of the contents are well represented. O en of t, e eastern gad westers varieby a growing Rigorously.

In conversation with Capt. Pim, R'N, and M. P., who got up the excursion, he said to us; "The only thing I regret is that the company instead of having a few hundred acres of experimental farms have not a few thousands. He expressed himself highly de-lighted u the maryelous fertility of a soil which when carelessly looked at appears to have no strength. The fact that these crops bave been raised on ground broken only last prices were realized. The bidding was spirited Mr. Burns officiated in this usually able manner.

An enterprising bootblack from the cast west is perfectly amazing." The members of the party, one and all, have expressed their astonishment at what they have seen. day morning their enthu-iasm knew no bounds. Capt. Pim himself was carried away with as much excit-ment and eager-Les as if from his quarterdeck he had just espied the enemy and was ready to dothern attle. We are sure he has done his atmost to broaden the trail," and late as it is we for the east. He is a staunch friend of our Canadian North-west, and he is one of those men that is in a position to speak well and effectively for us. THE funeral of Berns williams, infant daughter of J H. Millward, took place this afternoon. It was well attended. Our sympathy is extended to Mr. and Mrs. Milward in their bereavement.

The meeting of the Blue Bibbon Society last evening in the Metoodist church was fairly attended and an enjoyable as well as encouraging evening was epent in songs. recitations and addresses. after which a number j inted the society by taking the pledge as follows. If permiss by God's help to abstain from all integresting liquors as a beverage for Christ'sake.

A PARAGRAPH appeared in the local column of this journal dated July 29, which though a mistake was clipped from an exchanges. Our attention was called to the changes. Our attention was called to the paragraph from the fact that it was reproduced in the Manitoba Free Press, a journal that never copies anything from this paper. We were surprised to find that such a paragraph appeared in our pape, and this will account for it from the fact that it was a clipping and got on the wrong hook. There was no frost here on the night of the 30th of Jule.
