## BY THEIR FRUITS YE SHALL KNOW THEM,

Bowmanville, Jan. 5th, 1883

Dear Sirs, - I have been a sufferer for many years with bilious colic and torpid liver. I tried one of the Notman Pads and derived great benefit from it. I can heartily recommend them to all persons affected in the same way. I would not be without one on any account.

One member of my family has been troubled for years with sick headache. A Pad effected a cure, while pills and nostrums did not benefit in the least.

Yours Respectfully,

HENRY MANN

## LYDIA E. PINKHAM'S VEGETABLE COMPOUND.

Is a Positive Cure

For all these Painful Complaints and Weaknesses so common to our best female population.

A Medicine for Women. Invented by a Woman. Prepared by a Woman.

The Greatest Medical Discovery Since the Dawn of History.

It revives the drooping spirits, invigorates and harmonizes the organic functions, gives elasticity and firmness to the step, restores the natural lustre to the eye, and plants on the pale cheek of woman the fresh roses of life's spring and early summer time.

Physicians Use It and Prescribe It Freely. It removes faintness, flatulency, destroys all craving for stimulant, and relieves weakness of the stomach. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use. For the cure of Kidney Complaints of either sex this Compound is unsurpassed.

LYDIA E. PINKHAM'S BLOOD PURIFIER will eradicate every vestige of humors from the blood, and give tone and strength to the system, of man woman or child. Insist on having it.

Both the Compound and Blood Purifier are prepared at 23 and 235 Western Avenue, Lynn, Mass. Price of either, \$1. Six bottles for \$5. Sent by mail in the form of pills, or of lozenges, on receipt of price, \$1 per box for either. Mrs. Pinkham freely answers all letters of inquiry. Enclose 3c stamp. Send for pamphlet.

No family should be without LYDIA E. PINKHAM'S BLOOD PURIFIER. They cure constipation, biliousness, and torpidity of the liver. 25 cents per box.

## Scientific and Useful.

HAGGIS AND SCONES.—A correspondent asks what the real Scotch haggis is: It is a kind of pudding made of oatmeal, onions, etc., baked and served in the stomach of an ox or sheep, the word haggis signifying stomach. The Scotch scone—for which she also inquires—is a cake, generally unleavened; it may be made of either wheat, flour, barley, or oatmeal. In form it is round as a wheel, flat as a pancake, and—I have the word of a Scotch divine—it is sometimes as tough as sole-leather.

WATERPROOF BLACKING.—Dissolve one ounce of borax in water, and in this dissolve gum shellac until it is the consistency of thin paste; add lampblack to colour. This makes a cheap and excellent blacking for boots, giving them the polish of new leather. The shellac makes the boots or shoes almost entirely waterproof. Camphor dissolved in alcohol, added to the blacking, makes the leather more pliable and keeps it from cracking. One dollar will buy material enough for a gallon.

COTTAGE PUDDING.—Three eggs, two cupfuls of pulverized sugar, four large table-spoonfuls of butter, half a pint of sweet milk, one pint of flour, and two teaspoonfuls of baking powder. Work the butter to the lightest possible cream, beat the eggs separately, and mix the pudding the same as in directions for cake making. Bake half an hour. This quantity will make two cakes of the proper size. There is no better recipe than this for this favourite pudding. To be served hot, with sauce.

TURKEY DRESSED WITH OYSTERS.—For a ten-pound turkey take two pints of bread-crumbs, half a tea-cup of butter cut in bits (not melted), one tea-spoonful of powdered thyme, or summer-savoury, pepper, salt, and mix thoroughly. Rub the turkey well inside and out with salt and pepper, then fill with first a spoonful of crumbs, then a few well drained oysters; strain the oyster liquor and use to baste the turkey. Cook the giblets in the pan, and chop fine for the gravy. A fowl of this size will require three hours in a moderate oven.

HOW TO WATER HANGING BASKETS.—Hanging baskets require frequent watering, to accomplish which, with due regard for the carpet beneath, they must commonly be taken down from their perches and then suspended elsewhere to dry. This trouble may be avoided by a simple and inexpensive device, says the "American Cultivator." Fill a bottle with water, into which insert the ends of two pieces of yarn, permitting the other end of each piece to hang down outside the bottle. The bottle should be suspended just above the basket and the water allowed to drip, which will follow in sufficient quantities to keep the earth moist.

ANTI-MALARIAL PLANTS.—Another plant possessing anti-malarial properties, as alleged, is receiving public attention. This is the *jussiaea grandiflora*, or floating plant of the bayous and lower lakes of Louisiana, which has been long observed to prevent the development of malaria in regions peculiarly adapted to its generation. The claim is put forth for it that it purifies all stagnant water in which it grows; that the lakes and bayous inhabited by it are singularly pure to the sight, taste and smell; and that to its presence and undoubted hygienic or health preserving qualities is to be attributed the remarkable exemption of the people of lower Louisiana from malarious or miasmatic diseases. It is also stated that in the region thus reputedly preserved from such diseases there are more stagnant waters and swamps than in any other part of the country.

## "The Only One in America."

The International Throat and Lung Institute, Toronto and Montreal, is positively the only one in America where diseases of the air passages alone are treated. Cold inhalations are used through the *Sprometer*, an instrument or inhaler invented by Dr. M. Souville of Paris, ex-side surgeon of the French army, with proper dietetic, hygienic and constitutional treatment suitable to each case. Thousands of cases of Catarrh, Laryngitis, Bronchitis, Asthma, Catarrh of the Deafness and Consumption have been cured at this institute during the past few years. Write, enclosing stamp, for pamphlet, giving full particulars and reliable references to 173 Church street, Toronto, Ont.; 13 Phillip's Square, Montreal, P. Q.

## "ROUGH ON RATS."

Clears out rats, mice, cockroaches, ants, bed-bugs, skunks, chipmunks, etc. 15c. Druggists.

NEVER ALLOW IT.—Never allow the bowels to remain in a torpid condition, as it leads to serious results, and ill health is sure to follow. Burdock Blood Bitters is the most perfect regulator of the bowels, and the best blood purifier known.

## SAYS DRYDEN:

"She knows her man, and when you rant and swear, Can draw you to her with a single hair."

But it must be beautiful hair to have such power; and beautiful hair can be ensured by the use of CIGARETTE HAIR RENEWER. Sold at 50c.

## "BUCHUPAILAU."

Quick, complete cure, all annoying Bladder and kindred Diseases.

A MINISTER'S EVIDENCE.—The all prevalent malady of civilized life is Dyspepsia. Rev. W. E. Gifford, of Lowell, was cured of dyspepsia and liver complaint that rendered his life almost a burden. The cure was completed by three bottles of Burdock Blood Bitters.

AN HONEST OPINION.—John Taylor, of Toronto, says he has tried every known remedy for rheumatism, and can honestly recommend Haggis's Yellow Oil as the best of all; he has been a sufferer from rheumatic pains for years.

G. W. MINNAY, Parkdale, Toronto, writes: "My wife had several very severe attacks of cramps in the stomach. Heaving of DR. AUSTIN'S LUNG-PHOSPHATE, and its pleasantness to take, I gave her two bottles, and she has not had an attack since, and her health is much improved." For sale by all druggists.

## SKINNY MEN.

"Wells' Health Renewer" restores health and vigour, cures Dyspepsia, General Debility. \$1.

In the history of medicine no preparation has received such universal commendation for the alleviation of the sufferer, and the permanent cure it effects in kidney diseases, as DR. VAN BUREN'S KIDNEY CURE. Its action in these distressing complaints is simply wonderful.

VISITORS returning from abroad, as well as recent emigrants, will find Ayer's Sarsaparilla helpful in meeting the hardships of acclimation, and in removing the boils, pimples and eruptions consequent upon sea diet. Its blood-cleansing qualities remedy such troubles promptly.

"Necessity is the mother of invention." Diseases of the liver, kidneys and bowels brought forth that sovereign remedy Kidney-Wort, which is nature's normal curative for all those dire complaints. In either liquid or dry form it is a perfect remedy for those terrible diseases that cause so many deaths.

A pint of the finest ink for families or schools can be made from a ten-cent package of Diamond Dye. Try them.

We are persuaded that the ancient Hermes with all the subtle art and natural resources of the Alchemists, was a very poor doctor compared with Mrs. Lydia E. Pinkham, of Lynn, Mass. Hermes may have been after all only a very clever practitioner of the Black Art, but we know there is no humbug in the pharmaceutical chemistry of Mrs. Pinkham's Vegetable Compound.
