WELLS, RICHARDSON & CO'S
IMPROVED BUTTER COLOR
A NEW DISCOVERY.

For several years we have furnished the dairymen of America with an excellent artificial color for butter, so meritorious that it met with great success everywhere, and at the highest and only prices at both the National Dairy Fairs.

But by patient and scientific chemical research we have improved in several particulars, and now offer this new color as the best in the world. It will not color the Buttermilk. It

Will Not Turn Rancid. It is the Strongest, Brightest and Cheapest Color Made.

And, while prepared in oil, is so compounded that it is impossible for it to become rancid.

BEWARE of all imitations, and of all other oil colors for they are liable to become rancid and spoil the butter.

If you cannot get the "Improved" write us to know where and how to get it without extra expense. (45)

OLD-FASHIONED JOHNNY-CAKE.—Pour boiling water on as much corn-meal as is needed to make a stiff mixture, and let it stand until morning, then stir in a beaten egg. Mix well, and bake on a hot griddle in oval-shaped cakes or tin rings. This is the way in which our grandmother made them.

DECLINE OF MAN.

Nervous weakness, Dyspepsia, Impotence, Sexual Debility, cured by "**Wells' Health Renewer**." \$1.

REMEDIES FOR BURNS.—Peppermint and sweet oil are standard remedies for burns. In doing up a burn the main point is to keep the air from it. Flour sprinkled over a dry cloth and bound on will keep out the air until other remedies can be procured if not at hand.

"Many silly people despise the precious, not understanding it." But no one despises Kidney-Wort after having given it a trial. Those that have used it agree that it is by far the best medicine known. Its action is prompt, thorough and lasting. Don't take pills, and other mercurials that poison the system, but by using Kidney-Wort restore the natural action of all the organs.

PEACH BUTTER.—Pare ripe peaches and put them in a preserving kettle, with sufficient water to boil them soft; then sift through a colander, removing the stones. To each quart of peaches put one and one-half pounds of sugar, and boil very slowly one hour. Stir often, and do not let them burn. Put in stone or glass jars and keep in cool place.

Peel and core the apples, chop them fine with a chopping knife. When the milk has boiled pour it over the meal and sugar, and mix these together well.
