SAVE SOMETHING EACH WEEK.

The tendency of people living by a wage to spend all they earn is alarmingly prevalent. It does not matter whether the salary is \$400, \$1,000 or \$2,000 the result is the same in the majority of instances. A man and his family get into a certain pace of living which equals the resources, if it does not outweigh them. No salaried position is so secure that it may not be lost any month. Then, only then, will the heads of the house waken up to the mistake they made the many years past when money was coming in regularly and plentifully for their maintainances, and no attempt was made to store away a little. It is a terrible realization, looking like so many years gone for nothing, and the plodding and worry now com-mences at the wrong period of life. No family, however small its income but can save something by the plans of the York County Loan and Savings Company.

Dr. Williams' Pink Pills Restored Their Health and They Wish Other Sufferers to Know it—A Letter That Will Bring Hope to Many—No Other Medicine Gets Such Voluntary Praise.

Hope to Many-No Other Medicine
Gets Such Voluntary Praise.

The following letter written by the
Rov. Wm. Lawson, Methodist minister
at Richibucto. N. B., attests in the
strongest manner the merits of Dr.Williams' Pink Pills and a perusal of it
will suggest why this great medicine
is so popular in thousands of homes
throughout the Dominion—it cures
when other medicines fail.
Richibucto, N.B., April 26th, 1897.
Dr. Williams' Medicine Co.,
Dear Sirs.—I am glad to furnish you
the following voluntarily given testimonial, with the fullest permission to
give the names and place. They do this
as a thark-offering to God and your
medicine. Mrs. Wm. Warman of Molus
River, near here, says her son Alden
was sickly from birth. He could hardly
ever retain food, and hisparents had but
little hopes that he would live long
and the doctors who attended him were
of the same opinion. Till seven years
of age he continued in that condition.
Then the use of Dr. Williams' Pink Pills
was begun, and under them he recovered and is now a strong, healthy boy.
Mr. Warman, the boy's father, also adds
his testimonial to the great value of
Pink Pills, saying:—"I suffered for
years with a bad back, until I used Dr.
Williams' Pink Pills and they cured
me." Miss Annie Warman adds this evidence with enthusiasm and freedom. "I
was weak and sackly and did not know
the blessing of good health till I took
Dr. Williams' Pink Pills. I used eight
boxes and have since enjoyed the best
of health. In fact I am never suck
now."

Here you have three members of a family restored to health by the use of family restored to health by the use of your medicine, and you would almost covet their good health and genial ways largely resulting from such health. They wish you to freely use these facts to help other sufferers, and I am able as their paster to certify to the facts above stated.

Sincerely yours.

Wm. Lawson.
