On Imports, the produce or manufacture of the United Kingdom or British Possessions, the duties stated under the head "Provincial," are levied. On Foreign Goods both "Imperial" and "Provincial" are payable.

A part of the ad valorem duty is levied under the Imperial Act 4th & 5th Victoria, cap. 40, upon the value at port of entry, which is ascertained by adding 10 per cent. to the invoice value; and the remainder of the duty, which is provincial, is levied simply on the invoice price.

Foreign articles, excepting sugar and tea, shipped from United Kingdom, having been warehoused there, or on which any draw-back has been received, pay only three-fourths of such part of said duty as is levied under the Imperial Act.
