

where it had been attached was evident enough, on the side of the womb, below the fundus ; we examined this part very narrowly, but could discover nothing unusual in its appearance, or in that of the placenta.—*London Lancet.*

---

REMEDY FOR PSORIASIS.

BY JOSHUA WADDINGTON, ESQUIRE.

In the treatment of psoriasis diffusa, or palmaria, the best application is the ol. palm. cocc. (cocoa-nut oil), diluted with equal portions of ung. cetacii. The affected parts should be washed every night and morning with tepid *rain* water, then made quite dry, and the ointment applied lightly (with a camel's hair brush); over this, oiled-silk should constantly be worn. Pilul. hydr. sub. compt. (Plummer's pill), gr. x., each night at bed-time, with liq. potassæ, m. xx. three times a day, are among the best *internal* means.—*Lan.*

NOTICES TO CORRESPONDENTS.

OSHAWA WHITBY,—We regret much to learn, that our three last numbers have not reached their destination ; they have however, been regularly posted. They shall be again forwarded with this one.

BRANTFORD.—Our Correspondent's communication as well as its enclosure have been duly received. The valuable hints contained in the former will be made available in the constitution of the Medical Association of which some notice will be found in this Journal.

LE DOCTEUR BOUDREAU,—Recevra les huit exemplaires de notre Journal pour ce mois. Si il veut bien nous faire la bonté de nous transmettre par le même medium cinq piastres, un reçu lui sera envoyé pour son abonnement pour l'année.

DR. MEWBURN'S practical communication with its enclosure have come to hand, the former was too late, however, for insertion in this No. It shall appear in our next, and his wishes shall be attended to.
