

The Real Cure for Constipation and Piles

No, this does not consist of some special or new form of Drug, because drugs are not a permanent cure for Constipation. The *real* cure for Constipation is something that will appeal at once to your commonsense, because this cure consists simply of pure sterilized water.

The sufferer from Constipation usually realizes the danger of his affliction because from Constipation arises the vast number of more serious diseases brought about by the retention and promulgation of germ life in the system, in turn caused by our failure to get rid of this waste.

Such a sufferer has probably tried all kinds of drugs and his experience is enough to prove that drugs form only a temporary relief and require constant use in constantly increasing doses to be at all efficacious. The sufferer greatly adds to his illness by becoming a slave to this drug habit.

How much simpler and saner is this method of Dr. Charles A. Tyrrell, inventor of the J. B. L. Cascade—an appliance now endorsed by physicians everywhere and used by over 300,000 people. With this system of the internal bath, you dispense with drugs entirely and you secure a perfectly natural treatment that brings about immediate relief and gradually attains a sure and permanent cure.

Hundreds of people have enthusiastically endorsed this treatment as Mr. E. Nighswander of Green River, Ont., who writes:

"For years I have been troubled with constipation, ulcers in the bowels, and piles which all the money and doctors only seemed to relieve temporarily. The J. B. L. Cascade has completely cured these troubles and I feel it a duty I owe my fellow-men to endorse the Cascade, in the very highest terms. No amount of money could estimate the value it has been to me. No home should be without a Cascade."
