ABOUT MAY 15TH,

We expect to occupy our old stand, corner Yonge and Queen Street. The premises so lately destroyed by fire are once more about ready for us—much improved and enlarged; more floor room, better facilities for attendance to customers.

We've been quietly making extensive preparations for our opening, buying largely, and now have a grand gathering of goods ready to open. Some are at the freight sheds, some still on the ocean, some between here and New York. We are giving special prominence to Ladies' Ready-to-Wear Garments, not only importing, but manufacturing extensively.

Our Newest Issues

Japan, the Land of the Morning.

By REV. J. W. SAUNBY, B.A., Illustrated, \$1.

"Nothing could be more timely than this charming book on Japan . . . Mr. Saunby spent a number of years in Japan, and, being a keen observer, he has gathered together material which has proved most valuable in its entrancing pen-pictures."—*London Advertiser*. "The best work on Japan we have seen in recent years."—*Rev. Dr. Withrow, in Methodist Magazine*.

Motley: Verses Grave and Gay.

By J. W. BENGOUGH, late Editor and Artist of *Grip*. 106 original illustrations by the Author and other Canadian Artists, \$1.

"Mr. Bengough has a delicate touch and the gift of melodious composition, and his verse runs along as smoothly and pleasantly as a brook."—*Hamilton Herald*.

Forest, Lake and Prairie:

Twenty years of frontier life in Western Canada—1842-1862. By JOHN McDougall. With 27 full-page original engravings by J. E. LAUGHLIN \$1.

Few men living in the Canadian Northwest have passed through experiences so thrilling and varied as this intrepid missionary. The pages fairly bristle with "moving accidents by flood and field." The illustrations are very cleverly done, and an original design from the artist gives a striking appearance to the cover.

LUMSDEN & WILSON'S FOOTBALL ANNOUNCEMENT

WE thank the many teachers and players throughout the Dominion for the liberal patronage and flattering testimonials received during the past fifteen years that we have been importing and selling the celebrated McKechnie Footballs. We can confidently claim that no other balls stand the wear and tear like this old reliable Scotch make. They do not stretch unequally and become lopsided; the sewing is the best possible. In fact, the 2nd quality of these balls is equal to some fancy finished match balls that are in this market at about the price of our best quality.

We call special attention to Football Boots. We have the best style, as used by all leading players in Great Britain, and any Canadian player who has tried them would not like to play without them again.

We also direct notice to McKechnie's new Match Ball for 1895. It is called "The Century," made of horse hide, stretched and waterproof, filled with special heavy rubbers, either red or natural color.
