LONDON, March 30 .- (C. A. P.) LONDON, March 30.—(C. A. P.)

— Three thousand immigrants sailed from Glasgow yesterday for Canada and the States. The Anchor Liner California carried 920 passengers for New York, the Allan Liner Scandónavian had 1254 passengers for Halifax, and the Portland-Donaldson Liner Cassandra, for St. John, N.B., had 950 passengers. The California's 959 passengers. The California's complement included a large number of foreigners, but the passengers for Canada were nearly all Scottish.

Shortly after leaving her berth in Prince's Dock at Glasgow yesterday the Cassandra met with a serious mishap. A strong wind sprang up from the east and the ship was driven bow first into the dock wall. The Cassandra's bows were badly smashed. She had to return for examination, and it is return for examination, and it is probable she will have to be dry-docked for repairs before she can

### Dockers Awe Mob in Hyde Park Suffragettes Are Not Molested

LONDON, March 30 .- (Can. Press) .- The suffragettes resumed their meetings in Hyde Park and Hampstead Heath this afternoon, and while they were subjected to continuous interruptions, the crowds were good tempered and there was no repetition of the scenes of violence which occurred a fortnight ago.

In Hyde Park a strong force of police was present to protect the women, who also had an escort of stalwart dockers.

All the speakers were greeted with the monotonous chant, "Sit down," "Enough of you," and when one of the women announced that one of the delegates to the international conference to be held in Budapest in June would be a woman member of the Chinese Parliament, there were continued shouts of "Ching, ching," which broke up the meeting.

At Hampstead Heath, besides the police, the women had an escort of residents of the district, who, altho not favoring militancy, were determined to uphold the right of free speech.

Admiralty Will Spend \$12,500. 000 During Next Five Years, Apart From Army Expenditures.

BERLIN, March 29 .- (Can. Press)

The German admiralty's plans for the establishment of a big aerial ravy were published officially this after noon. The fleet of 'airships and aeroplanes is to cost \$12,500,000, which is to be spread over the next five years The fleet is to be entirely apart from that connected with the army, on which nearly \$25,000,000 is to be spent. A bill providing for the appropriation of \$750,000 as the first outlay on the admiralty's aerial fleet was introduced into the imperial parliament teday. It calls for ten naval dirigible balloons of the largest size, of which eight are to compose the active feet and two to be held in reserve. Fiftyour double revolving balloon halls. into which the dirigibles will be able to enter regardless of the weather are to be erected and another two in be kept as a reserve. A total of futy aeroplanes, of which thirty-six are to form the active fleet and fourteen the reserve, are also to be built and these are to be manned by a special corps of 1452 officers and men.

The appropriations for this fleet to

be spread over the years 1914 to 1918 comprise \$8,750,000 for dirigibles and \$2,250,000 for aeroplanes, while \$1,500. 000 is asked for in connection with the pay and maintenance of the crews. The life of the new airships is estimated at only four years each.
