The physical training display at Central Y.M.C.A. Saturday night was a decided success. The big gymnasium was packed wi.h interested spectators, and over 300 men and boys took part in a varied program, which gave a comprehensive idea of the all-round physical work that the association is doing for men and boys of the city.

Shortly after 8.15 the march past began with the junior school boys leading, and it was with difficulty that the 300 were crowded on the floor and that the sight was inspiring was evidenced by the deafening applause as the march past went off the floor. The senior class took part in a hyglenic dumb bell drill, there the West End junior and senior leaders gave an exhibition on the German horse after which the junior and intermediate school boys gave a wand drill in which over 100 boys took part. This drill received great applause, the bodies of the little participants and their precision in the drill exciting the admiration of all present.

The business boys gave an exhibition of gym games that brought forth roars of laughter, after which the Broadview senior leaders gave a very clever exhibition of parallel bar and pyramid work, which was considered one of the best stunts of the night. Fred H. Beasley gave a fine exhibition of strength and agility, assisted by Robt. McBurney, in juggiing and hand balancing. ### GOULLET-FOGLER **WEST ENDS WIN** FROM BRANTFORD

End Juniors-Two Good Basketball Games.

On Saturday night, on the West End Y. floor, two very good games of ball were played pefore a fair-sized crowd. St. Andrews beat the West End Juniors, 13 to 22, while West End Seniors beat

Brantford.

The opening game, between the St. Andrews five and a team representing the junior division of the West End, resulted in favor of the visitors. The St. The opening game, between the St. Andrews five and a team representing the junior division of the West End. resulted in favor of the visitors. The St. Andrews five are young at the game, but they certainly can handle the ball. Their combination work was the feature of the game. Altho beaten, the West Enders put up a good brank-of basketball.

The senior game, between the Brantford five and the West End five, opened with some fast combination work and fine checking by both teams. The first team to score were the boys from Brantford, but before very long Bainbridge, the crack centre, caged the ball. The game for the next few minutes was certainly very close, being nip-and-tuck. First one and then the other team would score, making the game very interesting. The first half ended in favor of the visitors by a score of 11 to 7. The second half started off with a rush and brought the house to their feet by the fast playing of both teams. Brantford was the first score, but West End soon evened up. It was at this period that West End began to show their real form and soon widened the gap. The following is the line-up for both games:

—Junior.—

St. Andrews—Forwards, D. Holden and J. Currie; centre, L. McAlery; guards, W. Quilton and Hamilton.

to determine the occupants of seventh and eighth placec. Thomas proved to be the winner.

The leading teams had covered 2751 miles flat when the track was cleared for the sprint. This bettered the record made by McFarland and Moran in 1908 by 13 miles and nine laps. Corry and Walker and Mitten and Thomas were a lap behind. The Carmen and Cameron and Breton and Packenbusch teams withdrew early in the evening. One by one the other seven of the original teams had withdrawn at various stages of the race. The fast pace, almost constantly maintained from Monday morning until tonight, had resulted in records being smashed day after day, and the hourly scores were few that did not announce some new mark. The big crowd present on the final night cheered and the band played when at 9.20 o'clock tonight it was announced at that hour the riders had passed the record mark for a completed race of 2737 miles and one lap. Then the miles piled up for a new record as the 1913 race drew to its close.

The race has been perhaps the most exciting and successful of any of the long series of these events at Madison Square Garden. Foreign riders were numerous, and several of these, notably Australian and Italian cracks, figured in the final distribution of prize money.

The prize for the winning team was \$1600, while \$1000 went to the second team, \$750 to the third, \$600 to fourth, \$500 to fifth, \$300 to sixth, and \$250 to seventh. The eighth place team will not be neglected in the distribution of rewards, however, and as a matter of fact the announced prizes are but a comparatively small part of the riders' winnings, as there were many perquisites for good riding and various rewards for the hard working cyclists.
