WINNIPEG GRAIN MARKET.

WINNIPEG. Dec. 7.—Today's market fluctuated widely, closing with hear; breaks on all mon hs. The Winnipeg market closed with December \$1.09\% nn May \$1.11\%, after a fluctuation of 3\% c and 5\% c for the day. Cash wheat trade was good thruout the day. Exporters bought freely. All grades from No. 1 to No. 4 were taken and premiums were without change all morning.

The weakness which developed in the future market was due to a number of causes. The marke was top heavy of the start. For the moment the public interest had slackened, and the storm on the lakes indicating delay in shipping was also a bear factor.
