### YORK COUNTY AND SUBURBS RIVERDALE CIVIC PROBLEMS

Discussed at Largely Attended Meeting—York Township Council Meets.

Last night's meeting of the members of the Riverdale Business Men's Association, held in Dingman's Hall, was a great success. The hall was occupied by the president, A. K. Clarke, and among many others present were Mr. Barker, manager of Riverdale branch of the Bank of Commerce; Mr. Morynny, ex-inspector of Hales, Ald. Stewarty, Chisholm, Fleming and Church, H. G. Guest, J. A. Jupp, Dr. Sneath, J. L. Purvis, E. B. Ryckman, John Poucher, Thos. Grinnell, and S. McCort. The question of a spur line along the front of Ashbridge's Bay was discussed by many of the business men present and a motion of Messrs. Heady and Barker referred to the executive to be dealt with before the board of control. The view was generally expressed that the spur line would benefit the interests of Riverdale by being built and controlled by the city, giving equal running rights to each of the railways. The officers of the Riverdale Business Men's Association are: A. R. Clarke, president; Dr. Sneath, first vice-president; H. W. Barker, secretary; and Mr. McMurray, treasurer. A. E. Walton, Wallace Maclean, E. S. Field, information committee; Ald. Church, briefly addressed the association, pointing out that the report of the harbor master with respect to the possibility of the deepening of Ashbridge's Bay was most encouraging. The plan suggested by W. F. Maclean, M. P. and others for spanning the Don by a high level bridge at Bloor-street, was commended as the best solution of the difficulty.

Toronto Junction. Toronto Junction, April 20.—The Waverley Club entertained to-night in St. James' Hall. About 25 couples engaged in the merry maze.

A petition from ratepayers around Doncaster asked for an agreement with the city for the laying of a sewer on Danforth-avenue from Broadview to Pape. Every signature must be accompanied by an affidavit. Another petition was presented by Jesse Ashbridge and others to have Green-street opened up between Coxwell and Greenwood-avenues by local improvement. Wallace Maclean said that the necessary number of signatures were obtained from property owners, and that the council could not shelve the matter again. The petition will receive prompt attention, providing the petitioners deposit a marked cheque for \$100. The treasurer was instructed to pay the balance of \$70.82 owing on the Glen-road bridge.

## GOOD WINTER FOR FRUITMEN CROP PROSPECTS ARE BRIGHT

Local Commission Dealers Have Heard Nothing But Good News From the Growers.

Judged by the reports, which from time to time come from the Niagara Peninsula and elsewhere, the outlook for the fruit growers in every part of the province is of the very brightest. Little or no damage has been experienced thru the frosts of winter, while the warm spell which occurred in January has been equally harmless.

"Our advice from every point," said Harry Dawson of the Dawson Commission Company, "are most cheering. Our correspondents give no evidence of any loss in striking contrast to some years."

Mr. Thorpe of McWilliam & Eberhart stated that all the reports received by his firm were very optimistic. In conversation with Mr. McIntyre, a leading grower in the Niagara district, he was assured that the winter had been remarkably good for the fruit men. "No complaints whatever," said Mr. Thorpe.

H. J. Ash was equally impressed with the prospects for the season. Locally, in York and the adjoining counties the situation appears to be all that could be desired. There is no apparent damage from the forcing of the buds, and no interest was shown by the delegates in the working of the consolidated school.

It was the general opinion that the plan can be made a general success.

## CONSOLIDATED SCHOOLS FAVORED BY THE TEACHERS

Guelph, April 20.—(Special.)—Over one hundred members of the Ontario Educational Association visited the Ontario Agricultural College to-day. They were welcomed by President Creelman and conducted thru the departments. In each department addresses were given descriptive of the work and the general interest was shown by the delegates in the working of the consolidated school.

It was the general opinion that the plan can be made a general success.

## OBITUARY.

Fred Colquhoun. Waterloo, April 20.—The town mourns the loss of another highly respected citizen in the person of Frederick Colquhoun, collector of customs for the ports of Berlin and Waterloo. He has been sick for the past month. Acute pneumonia was the cause of death. He was a native of Stirling, Scotland, and 66 years old.

Mr. Colquhoun practised law here from 1870 until he received the government appointment. He served as Waterloo town clerk for 37 years, and was secretary of the Reform Association of North Waterloo for 25 years.

A wife and three sons survive him. Allister, of the Bank of Commerce, Toronto; Fred, of the Bank of Montreal, Brandon, Man., and Douglas, at home.

London Post Contrasts Hama Bill and English License System, but suggests the alternative of allowing the value of licenses to be adjusted automatically by putting them up to public tender from time to time. It thinks this has advantages over both the English and Canadian plans.

Buried at Galt. Galt, April 20.—(Special.)—Matthew Polson of Montreal, son of John Polson, Toronto, and brother of Hugh Polson, accountant of the Bank of Commerce, Toronto, was buried here this morning in Mount View Cemetery.

Going to New York. Geo. L. Kent, who for years has been the popular president of the clerk's desk at the Inquiries, is severing his connection with that hotel to take a position in New York.

GETS SOME MONEY BACK. One Man an Innocent Partner in Robbery of Farmer.

Detroit, April 20.—One hundred and thirteen dollars of the seventeen hundred stolen from Tilly, the Essex County, Ont., farmer, has been turned over to the police by a man named Turner of Detroit.

Tilly met Turner and a man named Dykes, both of whom he had known in Canada, and invited them to have a good time with him. The next morning Dykes suggested that they separate to meet later in London. Turner had by this time sobered up and he returned home without having seen Dykes again.

He does not know where Dykes got the money, \$15 of which he gave Turner. The \$1700 was in \$100, \$50 and \$10 bills of the Imperial Bank.

The police are trying to locate Dykes in Ontario. They believe Turner is telling the truth as to his connection with the case.
