

IT HAPPENS IN HAMILTON WIFE'S WRIT FOR ALIMONY

Prominent Business Man is Sued—
Sudden Death in a Buggy.

Hamilton, Aug. 19.—(Special.)—To-day's session was a writ issued for alimony against A. B. Mackay by his wife, Mrs. Mackay, a member of the firm of R. O. and A. B. Mackay, prominent coal merchants and vessel managers. Mrs. Mackay alleges that her husband has not treated her as a faithful wife should be treated, and that her position has become unbearable. She left her husband about two months ago and went to London. Efforts were made to effect a peaceful settlement, but they could not agree on the amount of alimony. To-day Farmer and Gould issued a writ on behalf of Mrs. Mackay, who asks for \$100 a month interim alimony.

Brace Not Talking.
F. C. Bruce, M.P., says he has never authorized anyone to announce that he would retire when the present parliament is dissolved. This morning he declined to announce his intentions, but said that he would state them at the proper time. It is his opinion that any other session will be held before dissolution.

Injury May Prove Fatal.
This morning James McCowell, 39 Dundurn-street, a lad 16 years of age, was caught in the turn-table at the G.T.R. round-house and very seriously injured. The flesh on his thigh was horribly torn, and one leg received a compound fracture. The doctors say compound fracture. The doctors say compound fracture. The doctors say compound fracture.

Happenings.
Miss Eliza S. Galloway, North West-avenue, and A. L. Ballew were married last evening. While being driven to the city early this morning, Lawrence Glass, a bartender at the Mansion House, Grimsby, died in the buggy. He had been seized suddenly with pains in his stomach. James Herman Fowler, the painter, who was electrocuted at the bridge works yesterday afternoon, will be buried Sunday afternoon with military honors. He was a member of E. Company, 2nd Highlanders.

Wheat rose to \$1.05 on the local market to-day.
The City Hospital authorities deny that jamborees were held at the institution by the attendants. Robert Campbell and William Kavanagh will likely succeed John Tilden and John Roman as members of the parks board.

Edna Coon, daughter of Ernest N. Coon, a street railway conductor, had her leg broken this morning by a box car.
Lieut.-Col. John S. Hendrie, M.L.A., and Mrs. Hendrie and their daughter, Miss Edna Hendrie, left last evening on a trip to England.

Some of the street railway men are dissatisfied with the way in which the M.C.W. has conducted the negotiations with the company in reference to the new agreement, and they say they will resign to resign. The majority of men, however, will stand by him.

Miss May Hamilton, who has resigned her position in the public library to get married, was presented with the address and purse of gold containing \$25 by the public library board this afternoon. Adam Hunter, the librarian, made the presentation.

It is two weeks since the bricklayers' strike started, and the men are going to work every day. There is not the least hint of a settlement yet.

TORNADO RIPS N. ST. LOUIS
Continued From Page 1.

Jumped and struck the Illinois shore, near Madison, where it demolished several buildings. It came down a porch, which was blown to pieces. Trees were blown down and a number of houses were uninjured.

A trolley car containing eleven passengers was wrecked under six telegraph poles which wrecked the car. The passengers had a remarkable escape. The roof and part of the top story of Somers Bros' factory were blown away. The loss at the Niedringhaus & Co. Rolling Mill, which covers two acres, is estimated at \$25,000. Six employees were injured. No damage was done at the World's Fair grounds.

WOMAN KILLED.
Venice, Ill., Aug. 19.—The tornado that swept across the river from North St. Louis to-day killed Mrs. Margaret Beal, injured ten others and caused considerable damage to property. The tornado was of short duration, but was of remarkably destructive force. Mrs. Beal was killed by falling debris at her home, which was blown to pieces. Trees were blown down and a number of houses were uninjured.

DESTRUCTIVE CLOUDBURST.
El Paso, Texas, Aug. 19.—A cloud-burst at Globe, Arizona, has resulted in several deaths and the destruction of much property. Wind to the section affected are down, but a passenger who arrived at Bowie, Arizona, says that a man named Mitchell and his wife and four children have been drowned. One report says nine were drowned. The Southern Pacific shops were demolished.

New Junction Athletic Club.
The young men of St. John's Church, Toronto Junction, convened last night and

as "The Amateur Athletic Club of St. John's Church, Toronto Junction," with a membership fee of \$1. W. P. Hood of London, Ontario, was elected president. H. DuVerrier, secretary-treasurer, Wm. McCulloch, physical instructor, Mr. G. Murray, Mr. Masser, Mr. Thompson, Mr. Keefe. The club will meet every Thursday night. Mr. Keefe gave a succinct and inspiring talk on physical work and the need for continued practice.

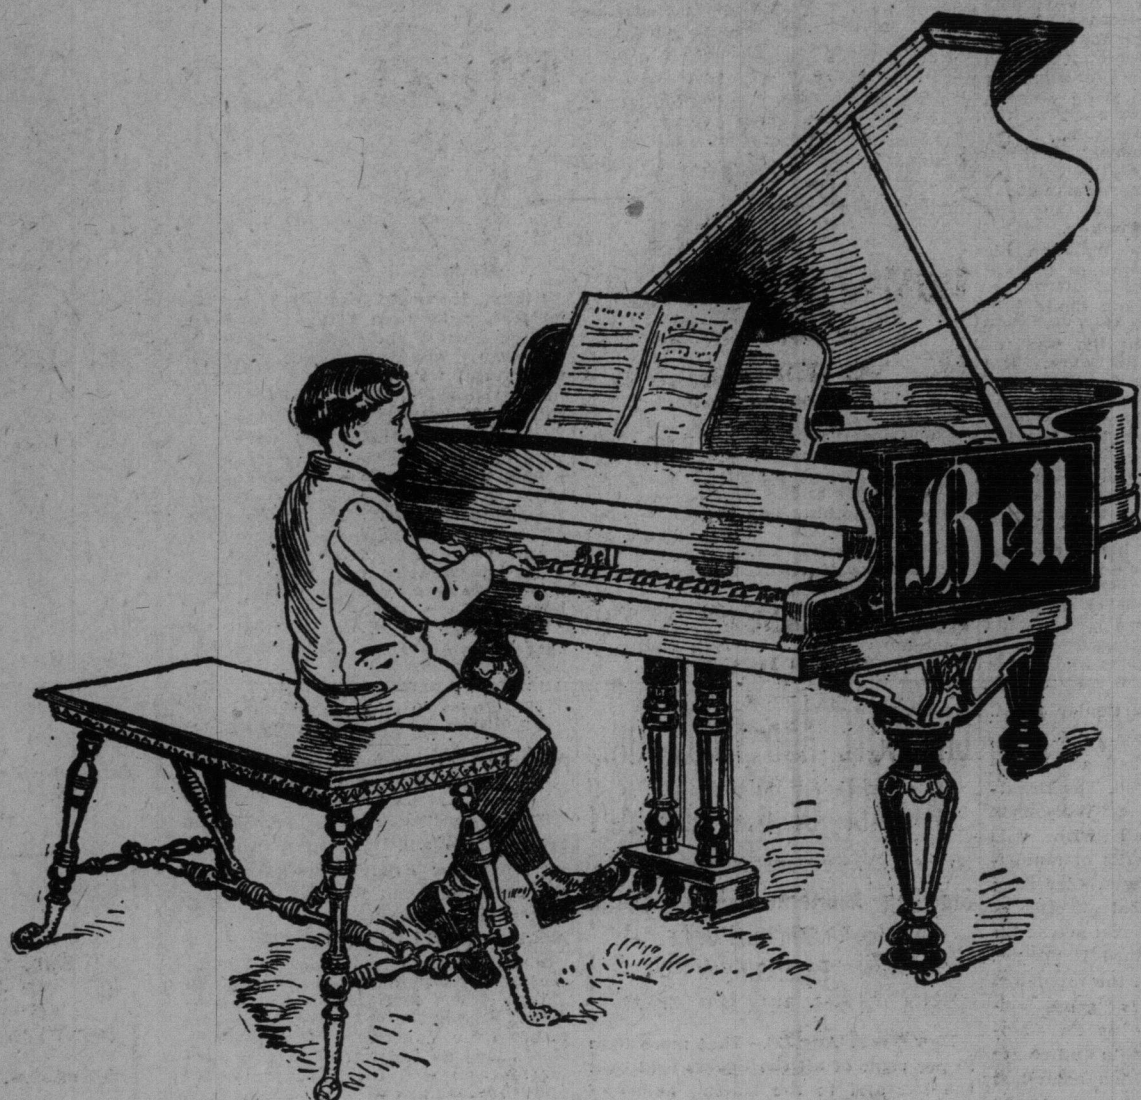

Replying to a query as to when a definite official announcement as to the terminals on Thunder Bay and upon the Pacific might be looked for, he said:
An Early Decision.
"There will be no delay about making the decision of the directors known. We expect to return to Montreal in from three weeks to a month, and I think that I am safe in promising that a statement will be given out in a very few days afterwards. Nothing will be made public in the matter of locations before we get back east again."

Mr. Hays explained that the reason why such a strong representation of the G.T.R. are making the present trip west is their desire to decide finally upon the main locations of the line, in order that the engineering staffs may get to work at once on the surveys.
The party went to Current River, where they spent two hours looking over the shore line, which would be compassed within the terminal grounds.

TORONTO'S NEED.
Monetary Times: Nothing that has occurred for months has given so much point to the suggestion of a fireboat for Toronto Bay as the burning on Monday night last of the Royal Canadian Yacht Club house on Toronto Island. If as is the case in Detroit and several of the American lake cities, a fireboat, with steam constantly up, had been moored in Toronto harbor, this structure need not have been destroyed. True, the shipping in this port at any time is nothing like as numerous or valuable as that in such harbors as Buffalo, Cleveland, or Chicago. But there are two or three miles of Toronto's lake front which would be rendered safer from burning by the proper station, fitted with fire pumps, to say nothing of the names on boxes or envelopes. PRIVATE. No names used without written consent. Everything confidential. Question list and cost of treatment FREE for Home Treatment.

TO PLAY BELL PIANOS

At Toronto Exhibition

THE BELL PIANO COMPANY have again engaged the services of the wonderful Swedish boy player, Willie Eckstein, to play their pianos at the forthcoming Exhibition. Last year his clever performances were listened to with delight by many thousands. Since then he has studied most diligently under the careful tuition of one of the most distinguished exponents of piano playing in Montreal, and to-day he is regarded as a distinct wonder. Willie is but 14 years old, and will perform daily at the Bell Piano Company's Music Pavilion at the Toronto Exhibition grounds.

In addition to his wonderful musical ability he fully demonstrates the ease and elasticity of the illimitable quick repeating actions, which are used in Bell Pianos exclusively. This child, though still of tender years, has performed on over a hundred different makes of pianos, yet he says that he has never played a piano with as easy an action as the Bell. A trip to the Exhibition will not be complete until you have heard this wonderful youngster at the Bell Piano Sound-proof Pavilion at the south side of the Manufacturers' Building. An invitation is also extended to every one to visit the beautiful Bell Piano Warerooms, 146 Yonge street, Toronto, which are conceded to be the finest in America.

BELL PIANOS are made, guaranteed and built to last a lifetime by the largest makers of pianos in Canada.

St. Matthews Lawn Tennis Tournament.
The sixth annual tournament of the St. Matthews Lawn Tennis Club has this year been arranged for the first week of the Toronto Exhibition, filling in the interval between the internationals at Niagara and the provincial championships in Toronto. The competitors will be the usual ones—singles, doubles and handicap for men; the same events for ladies, and mixed doubles.

The fixture is a little later than usual, but an additional court has been laid, and all matches will be brought off as scheduled, without any delay. Special attention has been given to the grounds, and the four courts, all grass, will be found in excellent condition. Play starts on Monday, the 29th, and the tournament will be wound up within the week. Several prizes from outside points have already been made. Programs can be obtained from P. E. Summerhayes, 252 First-avenue, Toronto, to whom entries may be made before 6 p.m. on Saturday next.

CANADIAN NATIONAL EXHIBITION

TORONTO, ONT.
AUGUST 29TH TO SEPT. 10TH

Some of the many attractions at the Canadian National Exhibition this year will be the following:

THE EXHIBITS.
Entries in every section are more numerous and greater in importance than ever before. The Manufacturers' Building, the Process Building, the Women's Building, the Agricultural Buildings, Machinery Hall and all the other departments of exhibits will contain larger and finer displays than at any former occasion.

"DEATH OF WOLFE."
His Majesty King Edward VII. is sending the Exhibition from his own private collection in Kensington Palace this great masterpiece by Benjamin West, which will be exhibited in the Art Gallery without extra charge.

THREE GREAT PAINTINGS
Sir George A. Drummond has kindly loaned to the Exhibition three of the world's greatest pictures, valued at over \$150,000—"The Raising of Jairus' Daughter," "The Last of the Girondists," and "The Conqueror"—which will also be on free exhibition in the Art Gallery.

MODELS OF WARSHIPS.
Complete models of some of the greatest battleships in the British and Japanese navies are coming from the private workshops of the builders, and will be placed on view. They will be one of the most interesting features of the Exhibition.

"BLACK WATCH BAND."
The band and pipers of the famous "Black Watch" (42nd Royal Highlanders) are coming from Edinburgh for the Exhibition, and will play three times each day. A warm welcome will be extended to the musicians of this great fighting regiment.

"RELIEF OF LUCKNOW."
The evening spectacle before the Grand Stand will be a gorgeous production of this great dramatic event, in which many hundreds of performers and the band and pipers of the "Black Watch" will take part.

VAUDEVILLE PROGRAMME
A program of specialties will be given before the Grand Stand each afternoon and evening, which will include many of the most celebrated vaudeville artists of the present day.

GRAND FIREWORKS.
The evening performances will include a magnificent display of pyrotechnics, including many set and aerial pieces of much splendor.
