By Dr. Lee H. Smith. An old enemy is with us again, and whether we fight a German or a germ, we must put up a good fight, and not be afraid. The influenza runs a very brief course when the patient is careful, and if we keep the system in good condition and throw off the poisons which tend to accumulate within our bedies accumulate within our bodies, we can escape the disease. Remember these three C's—a clean mouth, a clean skin, and clean bowels. To carry off poisons from the system and keep the bowels loose, daily doses of a pleasant laxative should be taken. Such a one is made of May-apple, leaves of aloe, root of jalap, and called Dr. Pierce's Pleasant Pellets. Hot lemonade should be used freely if attacked by a cold, and the patient should be put to bed after a hot

mustard foot-bath To prevent the attack of bronchitis or pneumonia and to control the pain, Anuric tablets should be obtained at the drug store, and one given every two ind, as they flush the bladder and tem and increase the vital resistance. ference which is to follow. The fever is diminished by the use of the Anuric tablets, but in addition, the ite announcement as to what is bespoonful of salaratus has been dissolved in a quart. After an attack of grip or pneumonia to build up and strengthen the system, obtain at the drug store a good iron tonic, called "Irontic" Tabgood iron tonic, called "Irontic" Irontic "Irontic" Irontic "Irontic" Irontic "Irontic" Irontic "Irontic" Irontic lets, or that well-known herbal tonic,

## HEALTH TALK CANADIAN MISSION IS BUSILY ENGAGED ON PEACE PRELIMINARIES

Imperial Committees -- Sub-Committees Are Surveying Shipping, Reconstruction. Demobilization, Repatriation, Food, Indemnities and Other Issues.

LONDON, Dec. 10,-Canadian Press Cable From John W. Dafoe.-The Canhours, with lemonade. The Anuric tab- adian mission, which is here to serve lets were first discovered by Dr. Pierce, Canada's interests in the adjustments cleanse the kidneys, they carry away much of the poisons and the uric acid. It is important that broths, milk, buttermilk, ice-cream and simple diet be given regularly to strengthen the system of the poisons and the urical acid. Allied conference, and the peace conference, and the peace conference, which is to follow.

forehead, arms and hands may be bathed with water (tepid) in which a tablespoonful of salaratus has been dissolved can be assured that there will be rep-

with matters in which Canadian interests are Involved.

The Canadian ministers and their associates with the staff have been given suitable offices at No. 2 White-hall Gardens, formerly occupied by war cabinet officials, and they are busily engaged there every day. Work which is to be done has been systematically sub-divided. The prime minister is occupied chiefly in conferences with the public men of the empire in preparation for the all-important Alled conference to be held shortly in Paris. Important imperial committees have been appointed by the colonial office and the board of trade, dealing with such matters as committees have been appointed by the colonial office and the board of trade, dealing with such matters as for trade, dealing with such matters as the importation of ships released from war work to trade routes.

A sub-committee of the Canadian interthe Ames, chairman of the committee the sentence of the committee, and their associates with the committee. A sub-committee of the Canadian ministers and the allocation with the propose of the session. Sir Thomas White stated that if restricted the fire features of the session. Sir Thomas White stated that if restricted the government had 90 per cent of the Government had 90 per cent of the German population behind it, but never-theless it is sitting on a powder keg. Herr Scheidemann added that George Liedebour, a Radical leader, has obstituted that if responsible to the relative population and financial resources, the Victory Loan was probably the greatest war loan that had ever been floated. Eighty-five dollars per head and \$684, 000,000 subscribed in a county which before the war had never known more than a \$5,000,000 floation, was truly remarkable.

The Victory Loan would enable the proposed to the colonial office and the board of trade, dealing with such matters as committees have been appointed by the colonial office and the board of trade, dealing with such matters as committees and the colonial office and the board of trade, dealing with such ma

A sub-committee of the Canadian mission, headed by Sir George Foster, has been discussing Canadian interests with these committees, and Canadian representatives in the persons of the committees. Lloyd Harris or Frank P. Jones, will serve on these committees.

Arrangements have been virtually completed for the release of ships for the Atlantic and Pacific routes. Canada is also to be represented on the international reconstruction committee which is to co-operate in the rebuilding of the vast devastated areas in France and Belgium, and the participation of Canadian industry in this work is expected as a consequence.

Credits For Export Trade.

The Victory Loan would enable the Dominion to provide credits for export trade. In his opinion the future prosperity of the country would depend largely on its ability to assist in financing its foreign trade, owing to the exchange situation that prevailed. This would render necessary the providing of extensive credits in Canada. Speaking directly of the war savings tampaign, Sir Thomas said that it really should have been started a couple of the country of the couple of the co

Leaders of world-famous orchestras and bands, with batons poised, asking only your assent to fill your home with surging waves of glorious sound.

The mighty host of all the world's best singers standing at your door, and only waiting your behest to enter and pour forth the beauty that is theirs for you and yours.

## The Aeolian-Vocalion

Greatest of Phonographs - Should Be in Your Home This Christmas

THE Aeolian-Vocalion is a great phonograph, but it is more than that-more than a phonograph, as that instrument has hitherto been known.

With the extraordinary equipment in personnel and machinery for production which the Aeolian Company possessed, as the "largest manufacturers of musical instruments in the world," its success in improving on existing phonographs was natural. Even such an achievement, however, was not the limit of what The Aeolian Company accomplished in producing the Aeolian-Vocalion. For in its revolutionary feature—the Graduola -there is offered for the first time in a phonograph the means

ARTISTIC TONE-CONTROL.

As everyone knows, "expression" is the spirit of music. The technique of singing or playing is only the means through which expression is voiced. Without expression music loses most of its value and almost wholly its appeal. Music, as rendered by the ordinary phonograph, reproduces

ations due to momentary inspirations and moods, are lacking. This accounts largely for the indifference most phonograph owners eventually come to feel for even their best records.

Unfortunately, however, it is stereotyped. Spontaneity, vari-

The value of the Graduola in giving additional "life" to cords and keeping them fresh in interest, and the fascination of exercising this control, are beyond description. As has been said by more than one eminient musician, "the invention of the Graduola is second in importance only to the original invention of the phonograph itself.

ALL RECORDS AVAILABLE. Another most important advantage possessed by the Aeolian-Vocalion lies in the fact that it will play all the standard makes

AUXILIARY FEATURES.

Many other improvements of minor value, singly, perhaps but important in their sum, have been worked out in the Vocal-ion. Among these are an Automatic Stop of great simplicity and genuine efficiency, an entirely satisfactory electric system of playing and lighting in certain models, ingenious filing devices, etc

THE AEOLIAN-VOCALION IS MADE IN A VARIETY OF MODELS, PRICED FROM \$69 UPWARDS. \$150 AND UP WITH GRADUOLA. BEAUTIFUL ART AND PERIOD MODELS FROM \$360 UP.
