in the Chicago district, which includes 43 mills within a radius of 90 miles of this city, would be compelled to close.

While the engineers at Gary, Indiana Harbor, Hammond and Joliet have voted to strike in sympathy with the steel workers, it was said such action was in contradiction to orders from their international offices. At Joliet, union officers said 900 men out of 4,000 employed at the Illinois Steel Company's plant there walked out during the night, and that before the day was over more than one-half of the force would be out.

would be out.

No disorders, beyond the jeering in a few instances by strike sympathizers of men on their way to work, had been reported early today. Six hundred patrolmen of the Chicago police department were detailed on strike duty, 200 of whom were distributed at various plants around the city, the remainder being held in reserve.

John Fitzpatrick, chairman of the national committee in charge of the organization of the steel workers of the country, went to Gary today, where he will open headquarters from which to conduct the strike in this district.

OHIO MILLS CRIPPLED. Youngstown, O., Sept. 22.—Early reports from the various steel mill centres at 8 a.m. today indicated that men had obeyed the strike orders generally, and that practically all mills in the Mahoning Valley either were bady crippled or may be forced to suspend operation altogether. At union headquarters it was declared that the strike is a complete success and that every mill is closed.

1 15,000 OUT AT CLEVELAND. Cleveland, O., Sept. 22.—Union leaders claimed that at least 15,000 steel workers are on strike this morning, and that plants of some of the independent will a ware cleand. Company officials would make no statement.

The sixteen mills of the American Steel and Wire Company, a steel corpor-ation subsidiary employing 9,000 men, were completely closed down. The Bourne Fuller Company plant, another independent plant employing 2,000 men, OFFICIALS SATISFIED.

Pittsburg, Sept. 22.—"We got away in good shape at most of our plants in and about Pittsburg this morning," said a representative of the Carnegie Steel representative of the Carnegie Steel Company, when asked for a statement of the effect of the steel workers' strike, which went into effect today.

"We are agreeably surprised at the showing made," was the announcement by William Z. Foster, secretary of the national committee for organizing iron and steel workers, who is in charge of the Pittsburg district.

SAILORS JOIN STRIKE. Cleveland, O., Sept. 22.—According to n official of the lake seamen's union here, union sailors at this port this morning quit several steel corporation freighters at the docks, refusing to work on the boats. He would give no estimate of the number of men out.

EASTERN NOT AFFECTED. Pottsville, Pa., Sept. 22.—The Eastern Steel Company, employing about a thousand men, was not affected by the strike order. All the men reported for work as usual.

SOUTH CHICAGO MILLS CLOSE. Chicago, Sept. 22.—The steel mills at South Chicago of the Illinois Steel Company closed this morning, only a few foremen remaining to draw the fires in the furnaces. It was estimated by union officials that 95 per cent of the four thousand men on the day shift in the plant falled to report for work.

No official figures were given out by the company. At the Illinois Steel Company plant, a Milwaukee subsidiary of the United States Steel Company, 800 of the 1,800 day workers failed to report, say union officials.

BUFFALO EMPLOYEES OUT. BUFFALO EMPLOYEES OUT.

Buffalo, N.Y. Sept. 22.—Union men claimed that 70 per cent of the workmen in the plants of the Lackawanna Steel Co., the Rogers Brown Steel Compaeny and the Donner Steel Company, obeyed the strike call today. No statement was forthcoming from the companies. There was no disorder.

One of the conditions cited by the union leaders to sustain their claims of a 70 per cent walkout was that street cars from Buffalo usually carrying a capacity crowd, were running almost empty this morning.

Chicago, Sept. 22.—Opening: Corn—December, \$1 22%; May, \$1 21%.
Oats—December, 69c: May, 70%c.
Chicago, Sept. 22.—Corn prices moved upward today as a result of covering by shorts, who took the position that the bearish effects of the steel strike had been discounted beforehand. The strength of prices in the hog market and in Wall Street tended also to lift corn values. Trade was not large. Opening figures, which ranged from the same as Saturday's close to 1½c higher, with December at \$1 22%@123, and May at \$121@121½, were followed by a slight reaction and then by a substantial upturn all around.
Oats ascended with corn. After opening unchanged to ½c up, including December at 69c, the market sagged a little and then rose higher than at first.

Citizens' Liberty League

The Citizens' Liberty League is not dominated by selfish interests, nor has it any undisclosed purpose to serve.

The League is composed solely of men and women throughout Ontario who believe that the Ontario Temperance Act is unsatisfactory and that new legislation more in keeping with the wishes and needs of all classes should be enacted.

The Citizens' Liberty League is in accord with the Ontario Temperance Act in so far as it prohibits the unrestricted sale of spirituous liquors. The League is absolutely opposed to the return of the old license system.

What the League wants is:-That the Ontario Temperance Act be repealed and a new act passed which would make provision for the general sale of more palatable, non-intoxicating beer (containing 2.51% alcohol by weight), light wine; and the sale of pure spirituous liquors under proper Government restrictions.

You are asked to vote for the repeal of the Ontario Temperance Act because the repeal of the Ontario Temperance Act does not mean a return to the general sale of spirituous liquors, as the Premier, in his speech of April 7th, said: "Now, practically no one suggests a return to old conditions. The distillers, in a recent manifesto, say that they themselves are opposed to it. Many hotel-keepers say they are opposed to it. The brewers say they are opposed to it. Honorable gentlemen in the House and the

people out of the House who are opposed to the present Act, say they are equally opposed to the old order. The labor men who ask for stronger beer, say they don't want the sale of hard liquor."

The Premier and the Government, realizing this, would not be parties to a continuance of the general sale of spirits as under the old license system, but would amend the License Act in accord with public sentiment. This would be in keeping with the policy of the Provincial Governments of the past fourteen years, which have from time to time amended the License Act to conform to the wishes of the people. To vote "YES" to question number one would enable the Government to provide for the sale of beer and light wine in the hotels, and beer and spirits in Government stores for home consumption.

Therefore the only thing to be done is to wipe out the unsatisfactory Ontario Temperance Act and thus enable the Government to bring in new legislation more in keeping with the wishes of the people.

Be sure to vote "YES" to Question No. 1, for that will be your guarantee that proper consideration will be given to your vote in Questions 2, 3,

Vote "YES" to all Four Questions

Remember:—Every voter must vote on every question or his ballot will be spoiled.
