P. H. Bennett of Bolton, Ont., manager of T. D. Elliott, who under the direction of Hon. Adam Beck, had charge of the horses displayed at the Toronto and other horse shows by His Majesty the King, Earl Grey, Earl of Yarrowburgh, Lord Allan Percy, Lord Rothschild, and many other prominent owners, is spending a few days in the city, a guest at the Clyde Hotel.

Ernest Oldham of Muskoka, after a most enjoyable winter vacation of nearly four months, spent in the Queen City, a guest at the Hotel Daly, leaves for New York and Buffalo to-day before returning to his home for the summer season.

Mrs. Albert Nightingale, 490 Euclid-avenue, will receive to-day, and not again this season.

Mrs. G. W. Parsons of 43 Howland-avenue will not receive Friday, nor again this season.

Mrs. Patrick, 69 Kendall-avenue, will not receive on Friday, nor again this season, owing to illness.

The Imperial Order Daughters of the Empire branch of the C'nnaplan Tercentenary and Quebec Bar's fields Association has been formed in Toronto. Collecting books are being sent out. The names of the committee will be published next week.

After the routine business had been dispensed with at the regular meeting of the Toronto Garrison Sergeants' Association, the president, Staff-Sergeant L. A. Kirkland of the Royal Grenadiers, presented Staff-Quarter Master Sergeant G. E. Falkner of No. 2 Co. C.A.S.C., on behalf of the association, with a handsome gold watch chain, in recognition and appreciation of the able manner in which he discharged his duties as chairman of the Royal Alexandra theatre party committee.

In "A Child of the Regiment," Chas. E. Blaney's latest military drama, written by himself, which will open a week's engagement at the Majestic next week, a gaiting gun will be used in the square at Nice and the Bal Blanc in the Nice Opera House, and are eclipsed in beauty only by the bewildering display of gowns and the general gorgeousness of the costuming.

The bill at Shea's Theatre next week will include a number of new acts never seen here before. Among those to appear are: Carlyle Moore, Ethelyn Palmer & Co., presenting "The Man's Rebus," in Joseph Hart's "Examination Day at School," "Lind," Leon Rooze, Mareena, Nevaro and Mareena, the Kinetograph and others.

Those who like bright, clean comedy are enjoying themselves this week at the Royal Alexandra Theatre, where Piner's comedy, "The Magistrate," is being produced. The play is so full of amusing situations that the audience is kept in one scream of laughter.

The general verdict is that this is the best work that the Royal Alexandra players have yet given Toronto. Next week one of Haddon Chamber's best works will be presented by them. This is also of the lighter class of plays, and "The Idler" will doubtless meet with the approval of Toronto theatre-goers. The story deals with the man who has a past instead of a woman, as in "The Magistrate." But thru it all there is that rich vein of humor which the English playwright knows how to work out so well.

There will be a matinee to-day and Saturday of "The Magistrate."

A Great Spring Medicine. Every reader of The World should read the ad of the P. E. Karn Co., which appears in this issue. The firm are making a special offer of Dr. Greene's great blood remedy. This is one of the most widely used spring medicines in the whole universe; all ways sold at one dollar a bottle. As a spring medicine it is unsurpassable. One thousand bottles will be put on sale this morning at less than the cost of the empty bottles.

Dr. Greene's is the oldest and best blood purifier. The well-known Karn Medicine Co. are making an exceptional offer in this issue. See advt.

The enormous advance in the price of Ceylon Tea has made it necessary for the "Salada" Tea Company to adopt one of two courses. Lower the quality or advance the price. It was felt that the latter course would prove the most satisfactory, consequently, the company adopted it. The price of "Brown Label" "Salada" is now 30c per pound instead of 25c per pound, as formerly.

Can Go to Buffalo. William Perry, after having been three times turned back at the border, has at last received permission to go to Buffalo to secure a pair of artificial limbs. He was the victim of a car accident here.

Whipped Wrong Man. Edna Bruns, the actress, made a little mistake.

Waterbury, Conn., March 25.—Miss Edna Bruns, the actress, niece of Francis Wilson, playing "Miss Isaacson" in his production of "When Knights Were Bold," created a sensation by marching into the editorial rooms of The Waterbury American and horsewhipping Roland P. Andrews, the American's associate editor and dramatic critic. The expedition was entirely successful, save for one small detail. The critic doubtless deserved the reproof administered, but in the excitement of the moment Miss Bruns got the wrong man.

It developed later that the actress wielded the lash, not with the idea of expressing her disapproval of reviews written by the critic during her season as leading woman of the local stock company last summer, but because she was indignant at an article appearing in the newspaper's local columns a week ago, in which she was mentioned in connection with Mark Hanna, Jr., whose marriage to Miss Bruns recently took place in Bridgeport.

Japanese Cabinet Reorganized. TOKIO, March 25.—A reorganization of the cabinet has been effected. The following appointments were announced this morning: Baron Senge, former governor of Tokio, to be minister of justice; Viscount Hotta, minister of communications; M. Mutsaers, minister of finance; M. Hara, minister of the interior.

This constitutes a coalition cabinet.

Punishment Worse Than Death. PEKIN, March 25.—Seven men arrested recently charged with trafficking in governmental secrets have been found guilty and sentenced to long terms of imprisonment.

This punishment is generally considered to be worse than death.

AT THE THEATRES

Eddie Foy, at his best in the big musical entertainment "The Orchard," is to be seen at the Princess Theatre three nights, commencing March 30, with special matinee Wednesday. The book is by James T. Tanner, Americanized by Joseph W. Herbert; lyrics by Adrian Ross and Percy Greenback, with the music from the pens of Ivan Caryll and Lionel Monckton. It is in two acts and three scenes. The scenes show the bowered grounds of the horticultural college, the public square at Nice and the Bal Blanc in the Nice Opera House, and are eclipsed in beauty only by the bewildering display of gowns and the general gorgeousness of the costuming.

"In Old Kentucky," originally produced in "A Child of the Regiment," has been played every year since that time and still remains one of the most successful offerings on the stage. With a fine cast, a splendid scenic equipment it will be seen at the Grand next week.

BREDIN'S HOME-MADE BREAD

About the only thing that the people will stand for to-day that might be classed in the "old-fashioned" list is the old-fashioned "baking."

Bredin's Home-made Bread, for instance.

And it's true to all the old traditions of bread baking, with quality paramount always.

OPEN AIR HORSE SHOW

The Prize List Adopted and Other Arrangements Made for July 1.

At a meeting of the Open Air Horse Parade Directorate letters from influential ladies and gentlemen in the city were read warmly approving of the Dominion Day show.

The prize list was entirely revised. A new class was made for ponies in harness, the two old horse classes, one for pony and outfit, 12 hands and under; another for pony and outfit, over 12 hands and under 13.1, and a third for ponies and outfit, not exceeding 13.1. In addition there is a class for pair of ponies and outfit, and for ponies under saddle, 12.2, and another over 12.2. Poles under saddle, and boy or girl rider on pony, are two other classes.

G. W. Beardmore, M.P.H., has consented to prepare a group of heavyweight hunters ridden by farmers, or their sons, whose land the Toronto Hunt hunt over.

In the commercial classes a class was added for horses and outfits owned by fruit, fish and game dealers. The object of this class is to relieve the unenumerated class, which last year had no fewer than 68 entries. It was also decided, if the unenumerated class had sufficient entries, to divide it into two, one section being for heavy horses and the other for light horses.

The additions, there are now 25 classes in the show devoted to commercial horses in harness. The two old horse classes were retained and the class for Royal Canadian Dragoons, dropped last year because the dragoons were in camp at Peterborough, spent their girlhood days.

Drank Poison by Mistake. WINNIPEG, Man., March 25.—Menor Webb, aged 38, foreman of the C.P.R. switching gang, is dead, and Charles Clark of the same gang is dangerously ill, tho there are hopes of his recovery, from drinking formalin.

HAND TERRIBLY MANGLED. While employed in a steam laundry, the left hand of Mr. A. B. Wheeler, Marine and Stationary Engineer, of 145 Front-street, Belleville, Ont., became caught and was accidentally drawn into a hot mangle. He says: "As soon as possible the machinery was stopped and my hand was extricated, but before the least of the skin of the hand was literally cooked to the bone and the fingers flattened out of shape. My hand and arm became frightfully swollen to the elbow and the hand presented a shocking sight. No one can imagine what I now suffer, and endure. Not only was it hard to bear on account of the cruel pains, but it was a great shock to my nervous system. It was some time after the injury before the cooked flesh could be removed from the palm and then only very little at a time. As soon as it had been well removed, healing balms were applied, but as improvement was so slow I obtained permission from the doctor for Zam-buk to be used exclusively, as several of my men friends (having previously used it for severe injuries), spoke in the highest terms of its unusual healing qualities and urged me to give it a trial. From the commencement Zam-buk soothed and relieved the pains and drew out the soreness. In about three weeks the swelling of my hand was nicely healed over thru daily applications of this wonderful remedy, Zam-buk, and all inflammation and swelling was thoroughly banished from both hand and arm."

Many medical men to-day freely extol the merits of Zam-buk. It possesses a wide range of usefulness, being especially recommended for eczema, bad legs, piles, running sores, ulcers, pimples, boils, chapped hands, scalp diseases, barber's rash, cold sores, festering sores, poisoned wounds, cuts, burns, scalds, and all diseased, injured and inflamed or irritated conditions of the skin. Of all druggists and stores, fifty cents a box, or from the Zam-buk Co., Toronto.

PRESERVE THIS

Here is a good recipe for Coughs, Colds and La Grippe. It has been found to be simple, cheap and effective, and can be procured at any drug store. It is out, if you do not need it now, and keep for future use. One trial will convince you of its merits.

Glycerine, one ounce. Syrup White Pine Compound, one ounce.

To this add three ounces of boiled water and take a dessert-spoonful every two or three hours.

CITY OF WEST TORONTO.

Bill to Incorporate is Passed—Municipal Election Dates.

A bill to incorporate Toronto Junction as a city, to be called West Toronto; was passed by the private bills committee of the legislature yesterday.

The bill changes the date of the civic election to New Year's Day, confirms certain tax sales and authorizes the issue of \$25,000 debentures for a new public school and \$100,000 debentures for improvements.

The committee threw out a bill to grant to the C.N. Railway News branch of the C.P.R. and a bill to relieve the Niagara Falls Y.M.C.A. from taxation.

A bill to allow municipalities to hold their nominations on the last Monday in November and their elections a week later was thrown out by the municipal committee.

DEFINING A FANCY LOAF.

Great Care Will Be Needed—McNaught Bill Discussed.

W. K. McNaught's bill to regulate the weight of bread was again discussed by the municipal committee of the legislature yesterday.

Dr. Sheard, city medical health officer, said that the present law was unoperative because bakers were able to protect themselves by putting labels on the bread so that consumers had no way of knowing the weight of the loaf to reduce the size of the loaves.

Mr. McNaught said that he recognized that greater care was needed in defining what was a fancy loaf. The difficulty could be overcome and the clause in relation to inspection could be changed so that prosecution could not be avoided on technical grounds.

Mr. Callow of the Bakers' Union hoped that the bill would pass as it stood. Mr. Farrell said that while Toronto bakers were giving twenty ounces, the weight of the loaf in American cities was only 14 and 16 ounces.

E. J. Weston, C.P.R., for George Weston, argued in favor of inspection at the factories.

Cemetery For Pets.

CINCINNATI, O., March 25.—A burying ground for canine pets was unearthed to-day by workmen engaged in excavating on the site of the old Zimmerman homestead in Mount Auburn, where the Duchess of Marlborough spent her girlhood days.

SCENE IN COURTROOM.

Man Sentenced for Forgery Attempts.

PETERBORO, March 25.—There was a scene of wild excitement in the police court this morning, when George Shepherd was sentenced to two years in Kingston penitentiary on a charge of forgery.

Shepherd listened quietly while Magistrate Dumble pronounced sentence, and as he finished, sprang to his feet, seized the brass pin in his tie, and rapidly stabbed himself three or four times over the heart. The chief of police and several constables grabbed Shepherd and wrested the pin away from him, not, however, before he had punctured himself several times.

Shepherd confessed to the doctor that he attempted to commit suicide in the county jail last night by stabbing himself with the same pin as he used this morning, smearing it with tobacco juice in order to produce inflammation.

Shepherd is an Englishman, and is said to be a morphine fiend.

Dr. Dixon Surrenders. Said to Have Married Second Wife in Hamilton.

NEW YORK, March 25.—Dr. William A. Dixon, 42 years old, who gave his address as 314 Delaware-street, Buffalo, went to the district attorney's office yesterday and surrendered himself.

He was wanted on the charge of bigamy, and when later arraigned before Magistrate Droegre, was held in \$2000 bail for examination to-day.

Dr. Dixon testified in the breach of promise suit against Senator McCarron, who was sued by Dixon's wife. It is alleged that he swore that he had been married the second time to a woman in Hamilton, Ont., on Dec. 23, 1893, and had supposed that his first wife, the one who brought the suit against the senator, was dead.

\$7000 Fire. Fire at 2.30 yesterday morning caused about \$7000 damage in Frank Wilson's drygoods store, 332-4 West Queen-street. The blaze broke out in an upper room, stuffed with merchandise, and the firemen had a hard job of it to reach the flames. The insurance is \$3000.

Saved by Human Chain. NEW YORK, March 25.—Five members of Jacob Chalkowsky's family were rescued from the roof of their burning home at 135 Bowery, early to-day, by two policemen, who bridged a six-foot chasm between two buildings with their bodies and swung the chalkowskys across from the roof of the burning structure to a place of safety.

The bargains you need==just when you need them most....

It's a regular trick of the Bargain Shoe Houses to offer you Oxfords in December and winter boots in July at a great bargain.

I'm offering you \$10,000 worth of reasonable shoes for Spring and Summer, and I have more than cut the price in half.

Moreover, I know the parentage of these shoes. They have no brand on them--that's been taken off. But they look like good shoes, and every one of them can look you in the eye and convince you that they are still worth the price they have been selling at before this sale.

There are some bargains for everybody, but these are the lines that are creating a furore:

For Gentlemen I have still 1200 pairs of fine Goodyear welt sewn shoes—all sizes and widths in all the desirable models. I'm selling them like this:

All Shoes at \$4.50 for \$2.50 \$5 and \$6 shoes for \$3.50 \$6 and \$7 shoes for \$3.95

It's so near half price that you might call it a half price clearance.

For Ladies Whatever is smart and clever in shoemaking this store has it—so that you may expect the something better than the ordinary here.

Ladies' \$3.50 Walking Shoes and Oxfords, \$2.50. Ladies' \$4.00 and \$4.50 Patent Leathers and Calfskin Boots and French Oxfords for \$2.95.

Some of the finest samples of \$5.00 Shoes for \$3.45.

This will not occur again, but we ordered a tremendous stock of spring shoes—Dolly Varden and "Napoleon" (Foot-rite)—and I must have the room and the money to put them and pay for them. That is the plain truth.

Frank Mercer, 110 Yonge Street, Toronto

I will not fill mail orders at these prices. My store is open evenings.
