

PRIZES ARE AWARDED TO RIDLEY STUDENTS

College Closes Successful Year—
Much in Need of
Dormitory.

ST. CATHARINES, June 25.—A large gathering of friends of Ridley College from all parts of the country were present to-day when the annual presentation of prizes took place. Principal Rev. Dr. J. O. Miller presided, and with him on the platform were Vice-Principal H. G. Williams, Archdeacon Forrester of Hamilton, Rev. Canon Baldwin, Toronto; Rev. Dr. Smith, St. Catharines; Geo. H. Gooderham, M.L.A.-elect, Toronto; W. L. Lockhart Gordon, Toronto; Dr. Millman, Toronto; A. Monro Grier, K.C., Niagara Falls, and Prof. Vandersmissen, Toronto University. Addresses were delivered by Archdeacon Forrester, Canon Baldwin, Geo. H. Gooderham, W. L. L. Gordon and A. Monro Grier.

Principal Miller announced that Ridley had closed its most successful year and that it was necessary to add another dormitory, which he hoped would be begun shortly. Only a few thousand dollars of the money required has yet to be raised.

The following students were the medalists and scholarship winners of the year just closed: J. Herbert Mason, first scholarship and gold medal for general proficiency in form II. Bishop, second scholarship, Merritt scholarship, form III. Parker, scholarship, form IV; Jarvis VI. He also wins the mathematics and physics prize, besides winning the scholarship in form III. Parker also won the prize given for literature, grammar and composition, and also the mathematical prize. In form V G. E. Blake won prizes in proficiency, French and general classics, history, ancient and modern. In form VI, J. P. Alexander won the bishop's Scripture prize; R. D. Albertine, the principle's reading prize; W. L. L. Gordon, the J. Herbert Mason gold medal, known as the Ridley Rhodes medal; R. B. Cassels, the governor-general's medal. The diligence prize in the senior department went to Maclean; prize bat for score of over 50 to Maxwell; batting average, Maxwell; bowling average, Lee; general knowledge, Wilson 1; ancient 2; speaking, Gordon 1; Scandrett 2; shooting (Daughters of Empire prize), Puddicombe.

SURVIVES 12,000 VOLTS.

Welland Man May Recover From Terrible Shock.

WELLAND, June 25.—(Special.)—After having twelve thousand volts pass thru his body John H. Valley, formerly of Pontich, lives to tell the story. His entire back and left arm are skinned and his long mustache has been completely gone. He is now in large burns on his face where the current passed in, and his clothes are ripped to shreds. The doctors, however, hold out every hope for his recovery.

Valley has been acting as crane-man on the big hoist at the Ontario Steel and Iron Works. A fuse blew out yesterday in the transforming room, and while helping the engineer Valley stepped on the wire. In an instant he was a sheet of flame and was thrown violently to the ground. Only the dampness of his clothes saved him from instant death.

VARSITY APPOINTMENTS.

Board of Governors Meet—Thanks to E. C. Whitney.

A. G. Huntsman was appointed lecturer in biology, and P. W. Muller lecturer in German, by the board of governors of Toronto University yesterday. A resolution of thanks was passed on the motion of Chancellor William Meredith and President Falconer, to E. C. Whitney, as follows: "That the board of governors of the University of Toronto desire to express its high appreciation of the generosity of Mr. E. C. Whitney, one of its members, in presenting to the university library a valuable collection of works on Egypt and its antiquities. More particularly does the board desire to record its sense of Mr. Whitney's liberality in this respect, in view of the fact that one of the residences for men students, now approaching completion, is solely due to the munificence of himself and Mrs. Whitney."

Let the Children Vote. To-morrow's battle of the ballots, however it breaks, revives the whimsical suggestion of that German thinker who held that only children could be trusted with the suffrage in issues involving the public health or comfort. His idea was that only children are not swayed by mere policy, and the theory is upheld by the majority. Canadian children, as well as their elders, have recorded in favor of the pure excellence and palatable delight found in those ideal beverages that come from York springs. The sweet and aromatic ginger ales labeled "York" appeal especially to women and children, while the dry ginger ale, yolk soda and yolk sparks, find high favor among the sterner sex.

Farm House Burned. TILSONBURG, June 25.—A farm house in the township of Middleton, a few miles east of Tillsonburg, was burned yesterday afternoon with nearly all the contents. The house was owned and occupied by two men named Dempster and their wives, who came to this section a few months ago from northern Ontario. One of the women, who was tempted to get out a trunk containing valuable papers, but when she reached the second floor she was overcome by smoke and fell, injuring her back. The house was worth \$2500 and was insured for \$1000.

Schwab to Aid Spain. MADRID, June 25.—It is reported here that Mr. Charles M. Schwab is expected in Madrid in a few days to assist in the organization of a steel company that will supply material for the rebuilding of the Spanish navy.

Foresters' Excursion. The Parkdale Foresters have completed all arrangements for their annual excursion to Collingwood and Orillia to-morrow. The special train leaves Union Station at 7.30 a.m., and a large number of the members of the order and their friends will take in the trip.

DAVISVILLE PROPERTY MAY BE FOR THE G.T.R.

Large Block Has Been Secured
Surrounding Belt Line and
Rumors are Rife.

The Skinner estate of 16 acres fronting on Yonge-street at Davisville has been disposed of by Messrs. Waddington and Grandy. The purpose for which the property has been bought has not been divulged. This was the block that was offered to the Town of North York at \$30,000 for a park. It is believed that the purchasers are acting for the Grand Trunk Railway. The Skinner estate in close proximity to the Skinner property was bought by the National Trust Co. for the Grand Trunk last year.

Both properties are immediately adjacent to the Belt Line Railway, and it is thought that the two properties have been acquired for railway yards. Surveyors and repair men have recently been at work in connection with the disused road and this is taken to indicate that plans for a G.T.R. road thru the north end of the city are in full contemplation.

MURDER IS A MYTH.

Revengeful Circus Men Blamed for Story.

NORTH BAY, Ont., June 25.—(Special.)—The sensational stories resulting from the inquest at Halleybury on the body of the man killed by the Cole Bros. circus train, indicating murder, do not seem to be borne out by the facts. The circus management, interviewed to-day, state that all their men are accounted for, and that the dead man was not an employee. They also state that nothing was heard of any one being run over until their circus reached Halleybury, and to say that the man was clubbed and thrown off is rubbish.

The men were all paid off on Saturday night as usual, and Cole Bros. say their circus is noted for its strict discipline and orderliness. Every employee carries a numbered identification check, and if the dead man had worked for the show this would have been found on him. No attempt has been made by the authorities to arrest any of the circus people and their circus passed thru to-night on route for Penbrooke, where they pitch their tents Friday. Two employees who were discharged at Halleybury are blamed for faking up yarns reflecting on the circus management in an effort to work up sympathy.

A SWEEPING VERDICT.

Coroner's Jury Call for Enquiry Into Circus Methods.

HALLEYBURY, June 25.—The coroner's jury which investigated the death of the unknown man found on the N. & N. O. tracks brought in the following sweeping verdict: "That the said man, unknown, was found dead on the track of the T. and N. O. Railway at mileage 87 1-2 on Tuesday morning, June 23, 1908. "That the said man, unknown, met his death by falling or being thrown off Cole Bros. circus train. We strongly recommend that investigation be made by provincial authorities, evidence given by two employees of the circus gives good ground for suspicion that deceased was thrown off the train."

"That evidence goes to show that an employee was ill-treated at Woodland Station on the T. and N. O. Railway by men in authority. "That employees who asked for wages at Halleybury were refused, and were afraid to go further, fearing that they also would be ill-used. "That the aforesaid circus carries a commissary van at which employees may at any time buy whiskey and other liquors. The evidence points that witnesses purchased liquor at said van on Sunday last near North Bay and at Halleybury. "That the employees who left the circus at Halleybury had had no food from the time they left Smith's Falls Saturday afternoon until their arrival in Halleybury Monday morning. "That above evidence prevailing at Halleybury Monday morning, recommending that Cole Bros. circus be detained until further investigation into the causes of the aforesaid unknown man's death be made by proper authorities."

FIVE KILLED; MANY HURT.

Disaster in Pabst Chemical Company Building in Chicago.

CHICAGO, June 25.—Five are known to be dead and more than a score of persons were injured, several of them seriously, as the result of an explosion by fire in a five storey building the upper floors of which were used as a boarding house at 1781 Huron-street to-day.

The explosion occurred in the plant of the Pabst Chemical Co., on the ground floor. CAUSES OF CLEVELAND'S DEATH. New York Herald: The diseases which were the immediate cause of the death of Grover Cleveland were of the circulatory kind, common to men of exalted position whom the burdens of great responsibility rest. Large men are prone to diseases of a degenerative type. In time a weakness in the heart and vascular system generally follows that is apt to reach a sudden conclusion in a season of almost tropical heat such as we are at present experiencing. In view of the fact that the organs of the body are undergoing degenerative changes the resisting power is enfeebled to the breaking point, so that a fatal termination more easily takes place from the prevailing atmospheric conditions precipitated by the intensity of the humidity and the heat.

Big Warehouse Burned. PHILADELPHIA, June 25.—The large abattoir and adjoining beef warehouse owned by D. B. Martin & Co., were destroyed to-day. The loss is placed at \$150,000.

After a successful season of 40 weeks at McConkey's Cafe, the Crossman Trio, the boys that sing and play, leave here June 27 for the coast, where they are booked to appear at some of the largest summer parks on the western circuit. The boys have made themselves very popular and their return here next season is looked forward to by their many friends.

PERSONAL.

Among the passengers on the Allan liner Tunisian are Gen. Sir Frederick and Lady Carrington, Major Loblin, Major N. G. Stanton.

Reeve Johnston of Ingersoll is dangerously ill in Toronto.

A. L. E. Davies has been appointed to take charge of the Trinity Methodist Church choir.

A complimentary farewell banquet was given at the Hotel Quinte, Belleville, to Col. M. J. Hendrick, for 15 years U. S. consul there, who has been removed to Moncton, N.B., the consulate here being abandoned.

Hon. George P. Graham, J. A. MacDonald, P. T. P. P. Nova Scotia; Ralph Smith, M.P.; Hon. Senator Watson of Manitoba, Dr. Beland, M. P., M. P. of Carlton, N.B., and others will address a Reform picnic at Galt to-morrow.

A. E. Cameron, manager of the Mid-Western Banking Co. of Memphis, Tennessee, is visiting relatives in the city.

A few drops of alcohol rubbed on the inside of lamp chimneys will remove all trace of greasy smoke, which water is of no avail.

ODDS AND ENDS.
Lace collarettes and muslins can be stiffened without starch, instead, put a lump of two of sugar into the water. They are rinsed in.

WINNIPEG FIGHTS VICE.

Will Prosecute Owners of Improper Houses.

WINNIPEG, June 25.—(Special.)—The most important step that will be taken in the near future towards the stamping out of the social evil will be the summoning to court of all property owners who have rented their premises to disorderly women. The climax of the campaign against the evil was reached to-day when several representatives of the demimonde appeared in the police court and pleaded guilty. They were all given a short time to leave the city.

John Grimshaw was sent to the Central Prison for three months for stealing money and a bicycle from Walter Wilson, 49 Yonge-street.

Samuel Henry and Thomas McMullen were dismissed by Magistrate Dennis yesterday morning on a charge of robbing Dan Rose.

If you have a porcelain sink, don't stand dirty saucers on it, as the black marks they make are very difficult to get off. Nail three or four little flat sticks together and keep this little makeshift stand in the corner of the sink for standing saucers on. It saves such a lot of trouble.

STRATFORD MAN JAILED.

Is Arrested and Attempts Suicide in Detroit.

DETROIT, June 25.—John Hogarth, aged 30 years, son of a prominent Stratford (Ont.) man, now deceased, attempted to hang himself in the Hunt-street police station this morning, where he was locked up on a charge of stealing, after having been wounded while resisting arrest. Hogarth's specialty was engine belts, several of which have been missed lately from factories in different parts of the city. The Higgins Spins' plant lost three valuable belts in as many weeks. They then stationed watchmen in the factory all night, but found more were stolen within as many days after the watchmen had left the plant at daybreak.

Last night Higgins and his assistants caught Hogarth red-handed. He was called upon to surrender he refused and rushed at the watchmen with a big knife. One of the men fired a shotgun at Hogarth, a number of the shot entering his body. He still fought capture, until half beaten into insensibility. He was turned over to the police. Two hours later he was found hanging in his cell by a strap he had worn as a belt, and was revived by the officers with difficulty. Hogarth is a morphia fiend and says

U.C.C. PRIZE WINNERS GOVERNMENT AWARDS MADE

Berkshaw, Benjamin and Walker
Take the Old Boys' Contributions.

The Upper Canada College prize list was announced last evening as follows: Classics (old boys' prize)—R. C. Berkshaw.

Mathematics (old boys' prize)—J. A. Benjamin.

Modern languages—E. L. Frankel.

English (old boys' prize)—H. F. Walker.

The John Martland scholarship—G. A. Walker.
