HAMILTON, April 10.—(Special.)—J. L. Hughes, of Toronto, addressed the men's brotherhood of the First Congregational Church this afternoon. He appealed for more playgrounds for children, and expressed himself strongly upon the attitude of some ministers on games, particularly those held on Sunday, and pointed out the absolute need for athletic exercises for the young.

F. Martin, Toronto, addressed a meeting in Karl Marx Hall here Saturday night, called for the purpose of uniting the socialists in the city. George Wilkie, formerly of London, died this morning at 41 North Park street, aged 69. His wife died on March 3.

Herbert Booth, son of General Booth, opened up his mission here on Saturday night at Central Methodist Church.

Burglars entered the offices of the Hamilton Lumber Company, North

Wentworth street, dynamited the safe and stole \$25 on Saturday morning.

The police collected three drunks this afternoon, and think it indicates that the lid is slipping off the hotels again.

WOMAN'S RIGHTS IN RUSSIA

Agitation started to enable women to become owners of farm lands.

ST. PETERSBURG, April 10.—The first women's rights congress has been formed in Russia. Among its chief objects is agitation for the modification of Premier Stolypin's Land Act for converting communal peasants into freehold farmers.

The agitation will take the direction of enabling women to acquire land, purchase shares and eventually to become owners.

STILL IN THE COURTS.

The lawyers representing the Slater Shoe Company in their campaign against imitations and counterfeiters are carefully making every move. Offers have been made by some offenders to settle and discontinue, but the Slater Shoe Company are intent on securing a conviction which will stand as a precedent.

"A merchant who buys any of the imitations of Slater Shoes will also buy a first option on a lawsuit," said one of the legal authorities on the case as he outlined the programme and the policy to be enforced as soon as the case now in court came to trial. A speedy trial is being pressed for, but the defendants seek to delay the action.

LEFT FOR MONTREAL.

His Excellencies Earl and Countess Grey attended the morning service at St. Paul's, Bloor East, yesterday. After visiting Professor Goldwin Smith in the afternoon, his excellency, accompanied by Countess Grey, Lady Sybil Grey and Lady Alton Roberts, left for Montreal at 10 o'clock last night.

Was Light Vote.

In no indecisive manner, the ratepayers of Toronto on Saturday declared their sympathy with the aims of the new general hospital, and also their willingness to provide water mains for the newly annexed districts, the majority in each case exceeding 3200.

"It is true that less than fifteen per cent. of the entire vote was polled, but the number of voters who went to the polls was up to the average for the municipal elections. The vote cast was practically identical with that on the seawall in June last year, and on the trunk sewer and water filtration in 1908.

The difficulty in stirring up the interest of the citizens where "off season" bylaws are concerned, was evidenced in the light vote on the water mains in the very districts to be benefited. In the polling places taking in Earlscourt, Dovercourt, Wyckwood, and Bracondale, only a small proportion of the qualified electors took the trouble to mark their ballots.

Mr. Flavell, chairman of the hospital board, received the returns at the city hall, and was naturally pleased. "We can only view with satisfaction the vote given," he said. "It is quite satisfactory as we had hoped for."

Mr. Flavell had another reason for elation. He received by the last mail on Saturday afternoon, a brief letter from Thos. Hook, 82 Delaware-avenue, enclosing a cheque for \$1000 towards the hospital fund. Mr. Hook is a member of the firm of E. Leadley & Co.

Also there yet remains, according to Mr. Flavell, between \$500,000 and \$600,000 to be raised by private subscription, he has no doubt but that the response of the public will be sufficient, and the work of erecting will go on at once. He expects that the hospital will be completed in three years. Contributions from private sources, including John C. Eaton's gift of \$250,000, amount already to \$800,000, and with the university's grant of \$600,000, and the city's total contribution of \$450,000, there is now available \$1,850,000. The city's grant, however, includes \$50,000 for the extension of Christopher-street to Elizabeth-street, so that the amount actually available for site and construction is \$1,800,000, while the cost is estimated at \$2,500,000.

BURGLING SYNDICATE

Ten Arrests in Kansas—Loot Said to Total \$100,000.

KANSAS CITY, Mo., April 10.—Ten switchmen in the employ of the Kansas City Southern Railway were arrested to-day on a charge that they have been operating a syndicate for the stealing of goods in transit. Between \$60,000 and \$100,000 worth of merchandise has been stolen from cars by the syndicate in the last two years, officials of road say.

A criminal is alleged to have laid plans for robbing the cars. He is said to have ordered certain cars moved to the outskirts of the city and then arranged for men to plunder them.

Next to France, the U. S. is the largest exporter of autos, and Canada is her best customer, taking 1200 machines last year.

Big Evening Hat Offer

This city has outgrown the day-shopping proposition, at least as far as men are concerned. Thousands living here are unable to steal any daylight hours to spend on the selecting of wearing apparel and are positively forced to do their shopping after six o'clock. We have decided to live up to the requirements of the day by keeping our store open every evening until ten o'clock. That is for the sale of Men's Hats only.

And more than that we have decided to make our store a good place in which to shop at night by offering some extraordinary values in all lines of English-made Hats, as well as the latest productions by world's famous makers, such as Heath of London, Dunlap and Stetson of New York and Philadelphia.

We have spent some months making such arrangements with the manufacturers as will give you a Stiff Felt Derby or a Soft Felt Hat, manufactured by the best English makers and in both American and English blocks, for \$2.50. You cannot duplicate these Hats beyond our doors for \$3.

SPECIAL STIFF OR SOFT FELT HAT, \$2.50

We stand behind this Hat with a guarantee that it is the very latest design and the very best of fur felt quality. Come in and see what we have to offer, even if you do not need a Hat. We want you to compare it with the other kind.

Store open until ten o'clock Every Evening. Ask to see the \$2.50 special.

DINEEN
140 Yonge Street, Toronto

During the last three or four weeks we have received many telephone calls asking if our store remained open at night. Some of these enquiries came from old customers. Through this we have been forced to realize that there are many people quite unable to arrange any down-town shopping unless they can do it after six o'clock. This is because Toronto has spread out and distances from office, factory or house cannot be undertaken during the day to the business centre of the city. We have therefore decided that beginning Monday we will remain open every evening until ten o'clock. Remember we have no branches.

MARINE

"Athabasca" at Owen Sound.

OWEN SOUND, April 10.—(Special.)—The Canadian Pacific liner Athabasca, which arrived at 1:30 p.m. to-day, was the first steel tonnage to reach this port this season. The steamer was on dock at Collingwood all winter undergoing repairs necessary following her grounding on Flower Pot Island last fall, and also for the purpose of having 35 feet added to her length. The first passenger accommodation has been increased 20 per cent. and the carrying capacity by 200 tons.

Underwriters Increase Rates.

CLEVELAND, O., April 10.—The underwriters have agreed on rates on hulls for the lakes for 1910 and a general advance was made. The rate on steel vessels has been fixed at six per cent., which is an advance of one per cent. over last season, when the charge was five per cent.

The underwriters, however, have agreed to refund ten per cent. of the earned on net premiums to all vessels that operate during the season free of claims. One quarter of the refund is to go to the captains of the boats as a bonus.

KILLED A BURGLAR

Householder Went After Intruder With a Heavy Club.

PHILADELPHIA, Pa., April 10.—James A. Gallagher, a notorious burglar, with a long prison record, was killed with a club this morning by a householder whose home he had attempted to enter.

Samuel Zeaquinian of 2421 North 23rd-street, was awakened shortly after midnight by his wife, who said a man was trying to get into a neighboring house. Hastily dressing, he went to his cellar and picked up a long heavy club. By this time the intruder had appeared at Zeaquinian's cellar window. Running into his backyard Zeaquinian sprang at the stranger, who managed to secure the club, but Zeaquinian closed in on him and recovered it.

The burglar then ran to the street, followed by Zeaquinian, who struck Gallagher with such force that he was thrown against a lamp post and smashed the lamp. The burglar managed to crawl on his hands and knees about a block, where he was found unconscious with a fractured skull.

Bringing Out the Boys.

He has also with him a party of young men, mechanics and farm hands, who are going thru to the west.

OPPOSED TO MUZZLING DOGS

J. M. Wilkinson Declares Practice a Shame and a Disgrace.

By making the last one especially interesting to children, Mr. J. M. Wilkinson last night concluded his series of religious services for this winter. About half the audience at Massey Hall was composed of children, who occupied the front seats.

After presenting a series of pictures, demonstrating the faithfulness of dogs, on which he set forth a few practical lessons regarding the necessity of being kind to that particular class of animal, he repeated the Ben Hur views for the benefit of the boys.

Referring to the recent treatment the dog had been receiving, he said the muzzling was a cruel practice and only done to satisfy a few hysterical people.

"It is a shame and a disgrace," he declared, "to muzzle the dogs."

The musical portion of the service was much appreciated, the duet work of the Carey Boys of Hamilton being especially well received. The brothers are twins, being young men of splendid appearance and physique, and not only do they look alike, but their voices harmonize wonderfully. Miss Mabel Preston Hall of Chicago gave a beautiful rendering of "The Celestial City," and the A. B. C. D. also gave two selections. The city band rendered a number of pieces, two of which were by request.

Newton had planned to move to western Canada, and had his effects loaded in the car, when his friends conceived the idea of giving him a farewell house party. Bedlam then broke loose and when the smoke cleared away, Newton was found prone on the floor, bleeding from a dozen wounds.

At the Grand.
"Pluffy Ruffles," a musical comedy, with Florence Gear in the title role, is the attraction at the Grand. Many amusing situations occur, a number of very catchy songs and novel dances are introduced, and a score of clever people in the large supporting company get their individual chances to show that this is one of the best all-round organizations of its kind ever sent out on tour.

RUSSIA EXPELLING JEWS POPULATION IN TERROR

Sixteen Hundred Bokhara Farmers Suffer Expulsion and Are in a Desperate Plight.

BERLIN, April 10.—(N. Y. Times Cable.)—Expulsion of Jews from Russia are taking place on a scale unprecedented in extent and cruelty. The details received by the German Jewish Relief Association indicate that the number is increasing from day to day, and already reaches far into the thousands.

The entire Jewish population of the Russian Empire is in a state of the utmost terror. Almost every community outside the limited regions where Jews are permitted to dwell is daily the scene of wholesale evictions. Jews who have lived for many years in the Baltic provinces and also those resident in Kieff are being persecuted with especial severity.

In Kieff alone 1200 families have been deprived of the right of further domicile.

One thousand six hundred families of Bokhara Jews have been driven from their homes during the last few weeks, and now find themselves in a most desperate plight. The Emir of Bokhara, acting in co-operation with the Jewish Russian persecutors, has refused to permit them to re-enter the country. Even in the so-called settlement districts, where Jews are supposed to enjoy the unmolested right of domicile, the expulsion regime is in full swing. The authorities have harked back to the notorious ignominious "May law" of 1881 and 1882, and with unrestrained cruelty are driving out the comparatively few Jews who inhabit the settlement districts and are compelling them to seek refuge in the overcrowded cities, where starvation and pauperism sooner or later compel them to flee the country.

Protests at Hitté, Riga, and Kieff. Protests at the Russian ministry of the interior, which formerly resulted in the abatement of the particularly harsh expulsion methods, have now become entirely futile. There is no longer any doubt that the persecution movement has the support of the highest and most responsible authorities.

While the expulsions are taking place the Jews are being robbed, molested and more of their educational rights. Until recently the higher private schools were permitted to accept as many Jewish students as they pleased, regardless of the limited percentage which is allowed to attend the public schools. The minister of education, M. S. Vorontsov, has now issued a decree prohibiting private schools from receiving a higher percentage of Jewish scholars than the public schools. He has also ordered that the public Russian Jews spend abroad in studying is no longer to be reckoned as "legal education."

MAINLY ABOUT PEOPLE.

Thaddeus W. Tyler, the original "Village Smithy" is dead, at Lynn, Mass., aged 78. It was while watching him at work over his forge and anvil that Lafontaine was inspired to write his famous poem.
