**USURY IS SUSPECTED.**  
Earlscourt Woman Thought She Was  
Mortgaging Her Property.

The legal department of the city hall  
is of the opinion that it has discovered  
a breach of the Usury Act in connection  
with a claim for soldiers' insurance.  
Three years ago an Earlscourt  
woman borrowed \$150 and gave, what  
she thought, was a mortgage as se-  
curity. It turned out that she had  
given a straight deed of her property  
for a consideration of \$201, of which  
she received \$180 in cash. She re-  
ceived an agreement from the lender  
that he would sell her property back  
to her for a price of \$250,  
making the interest on the loan 13  
per cent, and a bonus of \$70. The  
city hall's interest on loans up to  
\$500 to 12 per cent.

**SCOUT MACHINE DONATED**  
Col. Wm. Hamilton Merritt Contributes  
to Canadian Aviation Fund

A "scout machine" for the fighting  
line, a gift from Col. Wm. Hamilton Mer-  
ritt, was announced yesterday by Capt.  
D. A. Cameron, honorary treasurer of the  
Canadian aviation fund. The airplane  
will carry two men. It was presented  
to the fund on October 23, 1917. The gift  
was made in accordance with  
instructions just received from the  
air board office of the war office, that  
the manufacture of service air-  
planes in Canada, aircrafts will be  
made by it, thru the Canadian aviation  
fund, of scouts, of \$10,000; recon-  
naissance machines, \$12,000; and fighters  
\$15,000. Col. Merritt's donation brings  
the aviation fund up to \$75,000.

**MAY NOT NEED SCHOOL**  
Park School Building Not Likely To Be  
Used By Military.

Owing to the parks committee having  
granted the request of General Logie for  
land in High Park for military hospital  
purposes, it is not now thought likely that  
Park school will be needed also by the  
military. The agreement between the  
military department and the board of  
likely that it will ever be signed, as  
Mayor Church says it is not probable that  
the school board is ready to aid the  
soldiers, but that it would be more satis-  
factory if the school were not used as a  
hospital.

**BRITISH RED CROSS FUND**  
Over Million Already In From Province,  
With More Coming.

As a result of the recent campaign held  
thruout the Dominion for the raising of  
donations for the British Red Cross  
Fund, the Ontario committee has re-  
ceived to date a sum of \$725,750 from  
the province, with the contribution  
total amount contributed by the province  
to \$1,066,375. Many of the larger towns  
and cities, including London, Hamilton,  
Peterboro and others, have sent  
any return, and it is therefore ex-  
pected that this total will be largely in-  
creased.

**TEN TONS GOVERNMENT FISH**  
Ten tons of government fish from  
Georgian Bay, arrived in the city last  
night. Half of the shipment was sent  
to other towns and cities in the pro-  
vince and the remaining five tons, com-  
posed largely of white fish, were com-  
piled this morning at the local markets.

## ROSE AVENUE SCHOOL AGAIN IN LIMELIGHT

Deputation Complain to Board  
About Unsanitary Conditions and  
Lack of Heating System.

Rose Avenue School was again in  
the limelight at the board of educa-  
tion meeting last night. A large de-  
putation of men and women, whose chil-  
dren are still suffering from the un-  
sanitary and ill-ventilated school be-  
fore complained of to the board,  
waited on the meeting and presented  
their arguments. George F. Payne  
was the first spokesman. He remind-  
ed the board that it was not the first  
time they had pleaded with them to  
do something to remedy the conditions  
in their school. It was so bad that  
the property committee had said it  
was useless to fix it, that a new school  
was needed. This proposition was  
turned down by the board of control.  
He appealed for some relief from the  
conditions caused by bad sanitation,  
poor ventilation and improper heat-  
ing system.

"It's a dollar bill or Kaiser Bill on  
the Victory bond issue question," said  
W. W. Seiden, "but I tell you with  
Rose Avenue School it's a question of  
dollar bills or doctors' bills." He said  
the school nurse sat at the end of a  
cold corridor for lack of room, and  
several people attributed the illness of  
their children to the same cause. He  
suggested the porch of the entrance  
being built up another story, thus  
making a room for the nurse, or put-  
ting in a mezzanine floor.

Trustees C. A. B. Brown and Ed-  
munds said the members of the board  
were unanimous that something  
should be done, but it was done, fault  
of the board of control, who refused  
the money for it. Mr. Brown suggest-  
ed that they get after the aldermen  
in their district to push the issue  
thru.

Mrs. Courtice gave notice of motion  
to the effect that a proper hearing  
be taken to the places where man-  
overseas and doing their work should re-  
ceive additional salary.  
Mr. Hambley gave notice of a motion  
to the effect that a proper hearing  
be put in for Rose Avenue  
School and the cost put in the esti-  
mates for next year.

**Teacher Will Enlist.**  
M. R. Shier, assistant master of the  
Back Bay School, is asking for leave  
from his position in order to enlist  
for overseas service.

**CANADA ACT PREVAILS**  
Takes Precedence Over Ontario Temper-  
ance Measure Where They  
Conflict.

According to a judgment delivered by  
Justice Mastran at Osgoode Hall, yester-  
day, the Canada Temperance Act must  
prevail over the Ontario Temperance Act  
when the two conflict. The judgment  
was given in an appeal against the con-  
viction by the district court of Manitoulin  
of Mungo Thorburn on the charge that  
he "did have and give" liquor to a  
minor under the age of 16, in an offence  
under a measure but not under the other,  
and the conviction was quashed.

**FROM HOSPITAL TO JAIL**  
Charged with shooting Winnifred  
Hutches, with intent to kill, Samuel Gold-  
smith has been transferred from the hos-  
pital to the city jail, and in the police court  
yesterday was remanded until the 21st.  
The girl is still in the hospital.

**CITY WILL PAY DAMAGES.**  
The board of control yesterday decided  
to pay the city's share of the McColl  
arbitration award of \$12,000 for damages  
to the property of the company on the  
west side of the Don roadway, north of  
Queen street, caused by the construction  
of the high level bridge over the river.

## CENTRAL CONTROL OF ALL HOSPITALS

Commissioner and Health Of-  
ficer Make Drastic Sug-  
gestions to Controllers.

WOULD AVOID WASTE

Uniformity, Economy and  
Efficiency Are Urged in  
Support of Scheme.

Finance Commissioner Thomas  
Bradshaw and Dr. Hastings, M.O.H.,  
made drastic suggestions to the board  
of control yesterday morning in re-  
gard to the hospital situation. It was  
recommended that the hospitals be  
co-ordinated under one management  
under a business administration that  
would avoid duplication of certain ex-  
penditures while one central body  
would buy for all the different insti-  
tutions.

"We are contributing \$900,000 a  
year to Toronto hospitals and it is  
not fair that we are not in a posi-  
tion to see how the money is being  
expended," said the finance commis-  
sioner.

It was suggested that a central  
board of trustees be formed by repre-  
sentatives from the trustees of the  
different hospitals. All units should  
be run under one general manager  
with good business capacity. At pre-  
sent no two hospitals have the same  
system of records and accounts. Each  
buys its own supplies and has its  
own rules of management. With no  
control, no purchasing control, no  
cost account records, there was  
inevitable waste of money and en-  
ergy as well as a lack of effectiveness.

Under the proposed system supplies  
of provisions, coal, drugs and other  
supplies could be bought in such  
quantities that substantial reductions  
would be obtained. It would enable  
a uniform system of accounts and  
make possible the obtaining of month  
to month statements of the exact po-  
sition financially of all the hospitals.  
The combined skill of all the hospi-  
tals would be brought to bear to  
remedy weaknesses and secure need-  
ed improvements in any unit.

The scheme was left over until each  
of the controllers had considered the  
report.

## ALLEGED TRICKSTERS SENT UP FOR TRIAL

Trusting Citizen Hands Over Money  
and Jewelry to Two Italian  
Strangers, and Loses All.

The prevalence of fraud in  
Toronto, and the ease with which  
clever confidence men can obtain  
money, was demonstrated in the po-  
lice court yesterday when Benj. Spiegel  
related how he had been done out  
of \$74 in cash and all of his wife's  
jewelry, valued at several thousand  
dollars. Two Italians, Stephano Ro-  
selli and Giuseppe Datona, were com-  
mitted for trial on a charge of con-  
spiring to defraud Spiegel.

According to the story told by Spiegel,  
he was on his way to work one  
day when he ran into the two men,  
who told him of a fortune of \$10,000  
that had been left to Datona. Eight  
thousand of the fortune, it was stated,  
was in bills, and the other two  
thousand was in Spanish gold in a  
valise at the Italian's hotel. They  
wanted to convert the gold into Cana-  
dian money and offered \$50 commis-  
sion. Spiegel then went home and  
raised all the money he could and  
turned it over to the two men, but he  
didn't get the gold.

## SOLICITOR SUGGESTS MORE LEGISLATION

Makes Up Draft of Recommendations for  
New Law for City's Government

City Solicitor Johnston has made the  
following recommendations for new legis-  
lation:  
To obtain power for the city to regu-  
late the storage, handling, and sale of  
fresh meats, and prescribe the equipment  
and appliances necessary to be used.  
To empower the police commissioners  
to license, control, and regulate all places  
where cakes, pastry and candies are made  
or sold.  
To prohibit lodging houses and give city  
power to license, regulate and control  
them.

To prohibit the erection and use of  
any building as a garage within any de-  
fined area, and control and regulate any  
building on any defined area or part of  
highway unless for the sole and exclusive  
use of the business of a garage.  
To give power to prevent the driving  
of cattle, sheep, pigs, and other animals  
during the whole or part of any day or  
night in certain highways and public  
places.  
To authorize stands on highways for  
vehicles kept for hire and the erection  
of covered shelters for the use of the  
drivers.

To require persons conducting a  
bakery to do so only under the name  
of the municipality.  
To validate the acts of three aero-  
planes to the Royal Flying Corps.  
To validate certain local improvement  
debenture bylaws.

**NOT FEDERAL CANDIDATE.**  
Mayor Church States He Will Not Run in  
Dominion Election.

Mayor Church stated yesterday morn-  
ing that he would not run for the fed-  
eral house at present. Several days ago  
he was offered the nomination in South  
York as a win-the-pur candidate, but  
has decided not to accept.

He said he felt that his work for the  
present and long as the war lasts is  
in Toronto. "Also he would not say so,  
it is understood that he will run for the  
mayorality office on Jan. 1.

**OPPOSED TO RAILWAY VOTE.**  
Owing to the number of citizens at  
the front and the financial straits of the  
Central Council of the Ratepayers' As-  
sociation is opposed to a vote being taken  
on the street railway purchase at this  
time.

**ACCOUNTS UP TUESDAY.**  
Accounts totalling \$10,712 in connection  
with the Toronto and Niagara Power  
fight at Ottawa come before the council  
on Tuesday next.

**VETERANS ASK GRANT.**  
The Great War Veterans' have applied  
to the city for a grant of \$10,000 for next  
year. The grant will be considered with  
the estimates.

**FERRIES START TODAY.**  
The water service to the island will be  
discontinued on Nov. 16.

## PIAVE LINE HOLDS UNDER HARD BLOWS

(Continued from Page 1).

two points on previous days are being  
held in check, the war office an-  
nounced today.

"The enemy has intensified his ac-  
crossing at Zenson are being more  
closely invested, and these across the  
river in the marshy sector near the  
east are being checked and shifted.  
Other enemy attacks were repulsed.  
In the mountainous north the  
Italians have made a further with-  
drawal. The advanced posts at Monte  
Tomacchio, south of Feltre, were drawn  
back to positions previously deter-  
mined.

The announcement follows:  
"The enemy has intensified his ac-  
tion on our mountain outposts from  
the Asiago zone to the Piave valley.  
On Tuesday night he attacked the  
Monte Silem-Moleta d'Avanti sec-  
tor and was repulsed effectively. The  
action was continued successfully by  
us yesterday with the object of driv-  
ing him back with local counter-at-  
tack. During the evening with larger  
forces and greater violence, but was  
again repulsed.

"Columns which were advancing  
in fanlike formation towards the  
front between Frijoni and the con-  
fluence of the Brenta and Cison  
Rivers were caught under the fire of  
our artillery and were stopped. Large  
forces engaged our advanced line  
between Cison and Piave Rivers, at  
Monte Roncone the enemy was re-  
pulsed. At Monte Tomacchio our ad-  
vanced posts withdrew, after offering  
effective resistance, to positions  
previously decided upon. In the direction  
of the Quero Pass an enemy at-  
tack was paralyzed.

"On the plain the struggle con-  
tinued. Fresh attempts on the part  
of the enemy to cross the Piave  
River have been frustrated. The units  
which had previously passed the river  
are being shut in more closely at the  
Zenson loop and withheld in the  
marshy sector between the Piave and  
Vecchia-Piave, where they have been  
counter-attacked and are being shel-  
led by our batteries with the aid of  
royal navy artillery.

"Yesterday our aeroplanes effectively  
bombaraded bridges on the Livenza  
and Monticchio Rivers. Flying at a  
height of a few hundred metres they  
attacked with machine gunfire troops  
and columns on the march along  
roads in this plain.

**Terrible Artillery Fire.**  
Italian Army Headquarters in  
Northern Italy, Nov. 14.—(Delayed).—  
Under the escort of a staff of officers  
from headquarters the Associated  
Press correspondent today made a  
tour along thirty miles of the Piave  
battleground while a terrible artillery  
fire was in progress on both banks of

the river and the valley was trans-  
formed into a blazing inferno.

The Italian lines were holding well  
at all points, and everything indicated  
the thoroughness of the concentration  
that had been effected by the army  
along the new lines.

In the new trenches along the river  
bank and among the columns be-  
hind the lines the men dis-  
played the best of spirits, and evi-  
denced their determination in the de-  
perate struggle for the holding of this  
Piave line, which is now reaching its  
climax.

**Strike the Unity Note.**  
Rome, Nov. 15.—(Wednesday).—  
Great patriotic feeling marked the  
afternoon's sitting of the Italian  
Chamber of Deputies. Professor V.  
Orlando, in his first speech as pre-  
mier, struck the keynote of his policy,  
namely, that the situation called  
for such action as the government  
spoke feelingly of the assistance be-  
ing rendered by the entente allies and  
expressed the cordial gratitude of  
Italy to the French Republic and the  
United Kingdom for their willing and powerful aid,  
this causing tremendous cheering.

Referring to the creation of an in-  
ter-allied supreme council and a mili-  
tary council, Orlando announced that  
they would include representatives of  
the United States.

Ex-Premier Giolitti, who made his  
first public appearance since Italy  
entered the war, said the whole nation  
would follow the government's lead,  
but there must be no hesitation or  
half measures. Ex-Premier Luzzatti  
declared that the people of Venetia  
were ready to suffer martyrdom so  
that Italy should retain her faith in  
the great principles of independence  
and liberty.

A vote of confidence in the govern-  
ment calling for national concord was  
moved by ex-Premier Boselli and was  
carried without division.

**A Multitude of Refugees.**  
Rome, Nov. 15.—Four hundred  
thousand refugees from the zone of  
the present military operations have  
reached the central and southern pro-  
vinces. For economic and political  
reasons the government has decided  
that the refugees will be received  
elsewhere than at Rome.

**WHAT HE NOTICED.**  
A prominent churchman in the  
United States, who is very fond of a  
joke, tells of an amusing incident in  
connection with an occasion ceremony  
in Virginia. As is usual on  
such occasions, the bishop wore a  
red University hood at the back of  
his surplice. Among the most inter-  
ested of the congregation was an old  
dandy. After the ceremony he was  
asked by someone how he liked the  
proceedings.

"It was clean taken by de preachin'  
of de bishop," answered the negro.  
"An' at de same time I felt kind of  
sorry for him. He ain't got no wim-  
min to look after him, has he?"

"Why, what makes you think that,  
Sam?"

I noticed, ash, whenever de bishop  
turned around de back of his coat was  
showin' thru'!"

Owing to the shortage of male labor,  
Paterson (N.J.) munition factories now  
employ women workers.
