

BIG CAMPAIGN ON OCTOBER NINETEEN

Red Cross Society Appeals to Empire on Trafalgar Day for Assistance.

NEED LARGE AMOUNT

Require Almost Nine Million, Says Dr. Abbott—Ontario Headed List Last Year.

A Trafalgar Day Red Cross campaign will be conducted this year as it was last, when Ontario headed the list of contributors from all parts of the empire with \$1,513,655.74. Dr. A. H. Abbott, secretary of the organization of resources committee, made the announcement yesterday. He was largely responsible for the organization work last year. This will be the first large work undertaken by his committee, which has been in process of organization through the province for several months. As last year the appeal has been sent out by the British Red Cross to all parts of the empire. It received the immediate approval of the Ontario government. Trafalgar Day falls on Oct. 19.

"The amount paid out by the British Red Cross up to August 30 was approximately \$15,000,000, and it is estimated that at least \$6,750,000 will be required this year," said Dr. Abbott in making the announcement.

"With its ambulances, hospital trains, hospital ships and thousands of hospital beds, the daily cost is so much that no generosity on our part can be too great. Its activities are spread over every battlefield in Europe, Asia and Africa, for it is thru the work of the Red Cross that our sick and wounded soldiers and sailors are cured for."

"The appeal comes to the individual citizen of the province, but, as last year, it will reach its destination thru the regular channels, that is, thru the mayors and municipal councils."

"Last year's contribution placed the name of Ontario at the top of the list of contributors. Toronto with its contribution of \$540,000.00 stood at the head, as was to be expected, but even the smallest villages and townships were not found wanting."

"The organization of the resources committee, which will have charge of the campaign, has Sir John Hendrie as its chairman. Hon. T. W. McGarry will act as chairman for the fund. The central office will be at the parliament buildings."

LIQUOR FIRM ASKS LEASE CANCELLATION

The board is to consider the matter yesterday, but has not yet given its decision.

TABLEAUX OF FASHION ON DISPLAY AT EATON'S

Handsome Suits and Exquisite Evening Gowns Arranged for Fall Openings.

BOLIVIA A NEW MATERIAL

Best Houses of New York and Paris Represented in the Collection.

Real living models and the waxen imitations were so artistically mixed at the tableaux of fashion on the third floor of the T. Eaton Co. yesterday that it was sometimes difficult to discern one from the other.

"Yes, she's alive," said a woman with her eyes on a model posed on one of the platforms, "and she doesn't move an eyelash. And isn't she pretty?" and the procession of women surged about the living representative of woman in her latest attire, fascinated even more by the beautiful gown in which she was adorned.

Handsome suits and exquisite evening wear are the order for the fall of 1916. So rich and enticing are the outlines and so elaborate are the details of the gowns that it would almost seem as if the couturiers had sent extra attractions in the way of allurement to offset the homilies on

thrif in the matter of dress. Warm, woolly materials for outing and glittering, modish, weaves for social functions—such is the demand of lady of fashion.

A new material is Bolivia with its peach-like pile of the suede order, adapting itself to soft greens, burgundy, taupe and prune tints. Wool, velours is another of the season's favorites, and the run of fur as a trimming is almost universal. The coats shown in the tableaux are nearly all long and loosely draped. The flares from either coat or skirt is almost a thing of the past, the silhouette of the slim figure being once more in vogue. High collars of fur with cape collars of the material, together with deep cuffs, also of the fur are seen on many of the coats. It would almost seem that separate stoles and neckpieces are scarcely to be a need of the season.

Quaint French Frocks. A quaint French frock that attracted much attention was made over a pellicot of cream net, edged with silver, the upper skirt of three flounces, the middle one being of the softer material, and the old-fashioned flowered pattern in pinks, blues and greens being the theme on each. The waist of the ribbon has a decorative flourish of the material, and the sleeves of the frock are quite a new feature, being shirred down the back and each side of an opening which leaves the arm exposed. They are finished at the wrist with a narrow frill of the silver net.

Handsome in every line is the model of black chiffon with a deep band of jet trimming just below the hips, the skirt finished at the bottom with a fold of blue velvet, a bow and ends of the same falling from the waist. The corsage is also of velvet, the bodice finished with a black decollete neck and shoulders of this striking model.

A really magnificent wrap of royal purple velvet is among the exhibits. The lining is in satin chamoise of the same shade and the great collar of Kolinsky fur and deep cuffs of the same giving it a most handsome finish. Long coats in seal with immense collars and cuffs of contrasting furs are also on view.

Evening Waists. For evening and afternoon wear are of crepes and shadow lace with touches of French colors arranged with exquisite taste. Some are either large with one edge flaring or small of the directoire turban order. A model in black velvet with a wide, certain, and a bow and ends of the same falling from the waist. The best houses of New York and Paris as well as made-to-order gowns are represented in the collection shown at the tableaux.

DIVED FROM THE BRIDGE OF STEAMER DALHOUSIE

Mermaid, Appearing at Local Theatre, Made Plunge Into icy Bay.

One hundred people were on the dock at the foot of Yonge street at 12 o'clock noon, yesterday eagerly awaiting the arrival of Mermaid, who is appearing at the Star Theatre this week, to fulfil her advance publicity work, as has been made her specialty. Every town in which Mermaid appears should the climate permit, she offers to dive from one of the largest boats. The weather was chilly yesterday, and many thought that she would not dive. However, just as the 12 o'clock whistles started to blow the dainty young woman appeared on the bridge of the steamer. She stood on the railing for a few seconds, then plunged down into the icy water.

Mermaid was born and raised in Cincinnati, and all of her family were swimmers. Her father was a swimming instructor for 45 years. Shallow diving has been made her specialty, and she claims that she never goes deeper than 3 feet into the water whenever she dives. At the age of nine she competed in a diving competition in the States against nine men, and of this number was successful in defeating seven of them at shallow diving.

Mermaid, her sister and another member of the Lady Buccaneers' Company are appearing as a special attraction at the Star Theatre this week. A tank 3 feet 6 inches is erected on the stage, into which dives as high as 25 feet are made.

Mott is said to have entered the furniture store of E. B. Johnson, Broadview and Queen, represented himself as a recruiting officer, and ordered some furniture, for which he forged the cheque. To Detective Stewart, Mott admitted having made out the cheque himself.

On a charge of having morphine in his possession and uttering a false prescription, Mott was remanded till Wednesday.

TO HELP FRIENDS

They Sent Money to Number of Persons in Austria and Galicia.

Judge Winchester in the sessions yesterday found Vasil Chetverikov guilty of criminal negligence, and he was remanded for a fortnight for sentence. While Chetverikov was driving the staff automobile of the 19th Battalion, on the 17th of June when out with some friends he struck Mrs. Lancaster, who was waiting for a street car.

Michael Boychek was also found guilty of criminal negligence on June 30 when he failed to stop his bicycle at a standing car at the corner of Queen and Spadina, running down Mrs. Geo. Daniels and her child. He was fined \$50 and costs or 3 months in the Ontario Reformatory. Ten dollars of the fine, if paid, will go to Mrs. Daniels.

Chris Phillips and Mazon Angel were found guilty of receiving a bag of sugar, the property of the Parsons and Brown Company, and while Phillips was allowed out on suspended sentence, Angel was remanded for two weeks in order that his record might be investigated.

Albert Murphy appeared for sentence as the result of being found guilty of indecent assault on his trial last week. He received a sentence of 30 days' hard labor.

Traded With Enemy. William Singer was allowed out on suspended sentence, as restitution had been made in connection with the case in which he was accused of obtaining \$100 from the Crown Life Insurance Company by false pretences.

Stanley and Helen Konopka were both found guilty of trading with the King's enemies, and were each fined \$100 or three months in the Ontario Reformatory. Two weeks' time was granted them under bond to raise the amount of their fines.

Mrs. Konopka traveled to Buffalo and sent money for several friends to their relatives in Austria and Galicia. One witness stated that the money had been sent to his wife and child, who were starving and had to travel over the snow in their bare feet. The woman's husband was aware of her action and was charged with her.

J. T. Harding, counsel for the plaintiffs, asked Judge Winchester to interpret the act so as to exclude starving wives, mothers and children, but he held them guilty under the act.

PERMIT IS GRANTED BUT CHURCH PROTESTS

The feature of yesterday's property committee meeting was the appearance of a deputation from Wychwood Presbyterian Church, who objected to the creation of a motor service station at the corner of Vaughan road and St. Clair avenue. The committee heard the argument, then granted the permit. M. J. O'Leary, for the Canadian Oil Co., which is establishing the station, declared that the opposition originated from the "Motor Trust," which sought to prevent his concern from doing business anywhere.

Doctor Tells How To Strengthen Eyesight 50 Per Cent. In One Week's Time In Many Instances

A Free Prescription You Can Have Filled And Use at Home.

Philadelphia, Pa.—Do you wear glasses? Are you a victim of eye strain or other eye weakness? If so, you will be glad to know that, according to Doctor Lewis, there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me."

A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time, and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. CHAIRMAN FLAVELLE IS PLEASED WITH HOTELMEN

Expresses Satisfaction With Their Obedience to New Temperance Act.

J. D. Flavelle, chairman of the license board, expressed great gratification yesterday at the hotelmen's part in the quiet passing into effect of the Ontario Temperance Act on Saturday night. What was true of Toronto in this connection was true of every point in Ontario from which he had received a report, he said. It seemed to him to indicate on the part of the hotelmen a genuine desire to live up to the requirements of the act.

Any difficulty which they might encounter in enforcing the provisions of the act would not come from the hotel-keepers, he anticipated, but from outside. The board's inspectors would be on the alert to catch such offenders, who would be severely dealt with. Col. Denton's action in dismissing, with a serious warning, the large number of "drunks" who had been gathered in by the police on Saturday night was commended by the chairman of the board.
