DEMAND WIDENING OF YONGE STREET

Ratepayers Determined That City Provide 86-Foot Thorofare.

NORTH TORONTO

Strong condemnation of The World and The Telegram, because of the stand taken by them on the proposition ermination to have a wider Yonge street bust", were the features which marked a special meeting of the North Toronto Ratepayers' Association Saturday evening in the old town hall. The chair was taken by R. L. Baker, president, who said that owing to the opposition that was being made to the widening of Yonge street in certain quarters, the meeting had been called in order to get the opinion of the residents. Members of the city council and the board of control had been invited, as well as the mayor and of those invited, Controller Hiltz and Aldermen Baker, Blackburn, Phinemore, Burgess, Honeyford and Dr. Risk were present, and all were practically unanimous in declaring that North Toronto never had had a square deal.

Give Unemployed Work.

Alderman Burgess declared there was a very serious situation facing them and referred to the unemployment situation. He said the city had given relief to 20,-000. "And what does it mean to the men who went overseas to fight for you?" he asked them. "I have seen tragedy in the faces of the men going up to get their meal tickets. Would they not much rather have work on the widening of Yonge street than receive charity? They talk of a city of a million people. Where are they going to put them? Where are they going to put them? Alderman Beamish declared that Works Commissioner Harris could spend money "like water" and nothing was said about it, but directly North Toronto was mentioned there was a hullabaloo. "You are fighting for a just cause, and you will win if you stick to it."

Mr. Craig, Dr. Gundy, Dr. Evans, Mr. Cuttel, Dr. Bond and ex-Controller F. Howe all made addresses in favor of the widening to the full 86 feet and a resolution was adopted calling upon all the residents to go down and storm the city half today on the occasion of the meeting of council. "to demand their rights and a wider Yonge street and better transportation facilities." '.

St. Joseph's Catholic Church, Leslie street, was crowded with a capacity congregation last evening when the ten stained glass windows erected in the church were solemnly blessed and dedicated by Rev. Dr. Arthur O'Leary, rector, who preached an appropriate sermon on the development of stained glass windows from the middle ages to the present day, and their place in the history of church architecture.

The windows, which were erected at a cost of \$6000, depict scenes in the life of our Lord, and scenes in the life of St. Joseph, the patron saint of the parish. The donors were private parishioners and the various societies of the parish. In the morning, the Palms were blessed and distributed to the congregation.

After two weeks of faithful daily devotion the parishioners of St. Clement's Church, Dufferin street, south of St. Clair, brought their mission to a close I last night. All sermons were given by the missionary priest, Father Fata, in the Italian language to accommodate the large congregation of Italian people. An impressive scene at the closing service was the congregational procession honoring St. Joseph's feast day. According to Rev. Father Scafuro, parish priest, the attendances thruout the mission were entirely satisfactory. The interior of the little church has been renovated and redecorated so that it now boasts of a pleasing appearance Within the past week the new school, next to the church, has been completed and all the rooms are now ready for use. The attendance of children from this miniature Italian colony is so small that one room provides all the accommodation needed at present.
