

NOT IN FAVOR OF NEW HIGH SCHOOL

Malvern Collegiate to Get
Four New Rooms and
Hall.

"Well spent money" was the comment of Dr. Noble, chairman of the board of education, at a meeting of the property committee yesterday afternoon, when a motion was put forward by Mrs. W. E. Groves, asking that a sufficient sum be placed in the estimates to provide that "wash basins, paper towels and liquid soap be placed in each of the schools for the use of the pupils." The resolution carried, and the no amount was specified, it is estimated that \$20,000 will cover the entire cost.

Under the efficient chairmanship of Trustee John McLeod, estimates and accounts which covered several pages of typewritten matter were put through with expedition. The proposition that the medical health officer should make the inspection of all schools and plumbing fixtures in the schools of the board of education was carried after some discussion. The matter of paying commission to the agent selling the Bloor street property, which had previously been brought up at various committees, was not decided upon. Additions to Harbord and to Malvern Avenue Collegiate were refused in bringing out diversity of opinion. Principal Hagarty was on hand to speak for an additional three rooms to accommodate attendance at Harbord, but it was voted not to give him a hearing. Dr. Noble pointing out that the case should be presented by Senior Principal Smith.

No Room for Pupils.
Mr. Smith said there were 300 pupils between Oakwood and Harbord Collegiate for whom there was no room. He asked for a new school to accommodate these. If the new school were not given then there would have to be additions. It was quite a mistake to think that he was opposed to Mr. Hagarty. The resolution that three rooms be added to Harbord was moved by Trustee Bell and seconded by Mrs. W. E. Groves, but when put to the meeting was lost. That Malvern Collegiate shall get four new rooms and an assembly hall was carried. In the matter of buildings for administration purposes Trustee J. Bell suggested that \$80,000 be placed in the estimates and that the building be placed on the site near the new education building. An additional class will be opened in Kitchener School for which a double portable building will be provided. Estimates for 1920 on buildings other than public schools to the amount of \$2,767,720 were carried. The sum of \$75,000 was recommended to be spent on three experiment schools, where domestic science, lecture swimming tanks and other apparatus will be in operation; \$50,000 was added to the estimates for heating. The total amount required to complete the building program for 1919, \$975,500, was passed.

Mr. Houston was allowed a few minutes to recommend that children from twelve to fourteen do early high school work in a new class in the public school. This, he said, would relieve the situation and give all the room needed in the colleges.

Glendale Lodge Oddfellows

Hold Banquet and Recitation

Glendale Lodge, No. 427, of the Oddfellows held a banquet and recitation last evening. The Oddfellows met in honor of the twenty-six returned soldiers of that lodge. Dr. G. M. Hermiston, grand master, on behalf of Glendale Lodge, presented each of the veterans with a pair of solid gold cuff links as a token of appreciation of the services rendered by these returned men. Following the recitation a splendid musical program was provided.

LAKE STEAMER SOLD.

Frank W. Callaghan, a Toronto barrister, has bought the Canadian Chieftain, a well-known Lake Ontario vessel, for \$4,400. The boat was built in Liverpool in 1864 and is 230 feet long with a width of 52 feet. The new owner will refit the boat for Toronto passenger service.

U.C.C. OLD BOYS TO HOLD DINNER

Will Observe Foundation of
Historic School Next
Monday.

About 400 members of the Toronto branch of Upper Canada College Old Boys' Association are to attend a dinner to be given at the King Edward Hotel on Monday evening, Feb. 15, at 8 o'clock, to commemorate the founding of Upper Canada College 90 years ago.

Concurrent dinners will also be held in many parts of the world on the same day at the same hour. In London, England, Sir George McLaren Brown will act as toastmaster. The toastmasters of the dinners to be given in other cities are: T. Kennard Thomson, New York city; Norman B. Stark, Montreal; Nelson C. Bigelow, Detroit; John L. Counsell, Hamilton; E. J. B. Doble, Port William and Port Arthur; Col. Clyde Caldwell, Ottawa; Major D. A. Ross, Winnipeg; C. M. Johnston, Regina; Professor W. A. R. Kerr, Edmonton; Col. A. W. R. Wilby, Vancouver and Victoria; Robert Stuart Laird, Chicago. All these branches will be in telegraphic and cable communication with the Toronto branch on Monday night. Several speakers are to be sent from Toronto to distant cities, among them Prof. A. H. Young, D.C.L., who will deliver an address at the Ottawa dinner, and Dr. Mackenzie and Professor Stephen B. Leacock, who are speaking at the dinner in New York.

The president of the Toronto branch who will also act as toastmaster, is E. P. Brown. There are to be four speakers. Canada is the subject that has been assigned to Hon. Manning Doherty and Sir John Willison; Frank McFarland and W. L. Grant, M.A., principal, will speak on "The College."

Among well-known Canadian old boys who will be present at the Toronto dinner is Dr. C. W. Gordon (Ralph Connor), who has been invited to speak briefly upon his experiences in France. Dr. Gordon has two books under construction that he expects to have ready for publication in the near future. One is a history of the war from a Canadian point of view. The Toronto dinner of the Old Boys' Association will be the first held since the war, and the first under the auspices of the newly-formed Toronto branch. E. P. Brown states that there will be accommodation at the King Edward Hotel Monday night for between 400 and 500 old boys. The Toronto dinner will afford the old boys an excellent opportunity to meet the new principal of the college, Major W. L. Grant.

URGES CONSTRUCTION JAMES BAY RAILWAY

Member of Quebec House Also
Wants Line to Labrador and
New Route to Europe.

Quebec, Feb. 12.—(Canadian Press)—The development of all the resources of the province of Quebec, the construction of a railway to James Bay, the construction of railways on the north shore of the St. Lawrence from Montreal and Quebec to Labrador for the purpose of a rapid communication with Europe and closer and more direct relations with Newfoundland, were all questions which were treated by Achille Bergevin, member for Beauséjour, in the legislative assembly yesterday on a motion for the production of reports plans and correspondence, dealing with these different matters. Mr. Bergevin held that the province of Quebec should take the initiative in the construction of a railway to Labrador which would contribute to opening the European markets and materially develop the resources of the province. The terminus on the Atlantic coast would only be twelve hundred knots from the Irish coast and would permit a much more rapid trans-Atlantic service.

Kingston.—(Special).—Sidney Bovy is under arrest, charged with operating a gambling house. It is charged that young men have been playing poker there.

Canada's Brightest and Most Versatile Week-end Newspaper---

THE TORONTO SUNDAY WORLD

ANONYMOUS LETTER LEADS TO ACTION

Nieces Seek Interim Injunction
Against Executor of Aunt's Estate.

Mrs. L. A. Fellowes and Libby Willis have brought action against Lester B. Randall, executor of the estate of the late Mrs. Della Ann Leverich of Port Hope, to have set aside the letters probate, which have been issued to him, and have secured an interim injunction tying up the property till the matter has been argued. The estate is valued at \$75,000. J. P. MacGregor is acting for the plaintiffs.

Mrs. Leverich was 80 years of age. She made the will, which is complained of, in September last, and died about two weeks later. By the will, \$15,000 is disposed of among her relatives and charities, and the remainder "if any" is left to her executor, L. B. Randall. Mr. Randall is not related to the testatrix.

Mrs. Fellowes, a niece, received an anonymous letter, dated January 23, from Port Hope, at her home in Baldwinville, New York. It read in part: "The will of your aunt has caused talk in town. She was in no fit shape to make a will. The doctor

says she was in no fit shape. She made it on her death bed. Get busy. Get a smart Toronto law firm to fight your case and you will win. She died tired and you will win. She died tired and you will win."

WILLS AND BEQUESTS

Sarah Smith, who died in Toronto on Dec. 18 last, left an estate valued at \$55,070. By her will, made July 5, 1915, and two codicils made, one the same day, the second on June 8, 1917, Ann Chamberlain, a daughter, receives \$100 as compensation for her services in collecting rents, and the residue is divided equally between five daughters of the testatrix.

Mary A. Smith, who died intestate on Jan. 28, left an estate of \$55,437, which is entered for administration by a son on behalf of the family, among whom it will be divided.

Doctors Recommend Bon-Opto for the Eyes

Physicians and eye specialists prescribe Bon-Opto as a safe home remedy in the treatment of eye troubles and to strengthen eyesight. Sold under money refund guarantee by all druggists. G. Tamlyn and others.

Samaritan Club Members Help Influenza Victims

In the depot at the Gage Institute, the Samaritan Club is doing good work sending cheer and succor into the homes where "flu" has entered. Beginning on Saturday with three families, to whom 12 quarts of liquid food were sent, the number of families rose to sixteen on Sunday and fifteen yesterday. Eight of these were new and the supply sent out was 66 quarts and two dozen eggs.

"Today," said Miss Stewart, visiting nurse of the association, "two of the members spent the day making custards." These dainties were made at the large gas stove with which the depot is supplied.

Help will be welcomed in the shape of assistance to make up orders, also custards, jellies, rice or tapioca pudding.

Help will be welcomed in the shape of assistance to make up orders, also custards, jellies, rice or tapioca pudding.

IF YOUR EARS RING WITH HEAD NOISES

If you have ringing, buzzing noises in your ears, a distressing deafness, go to your druggist and get 1 ounce of Parmitin (double strength), and add to it a pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Any one who has Catarrhal trouble of the ears, is hard of hearing or has head noises should give this prescription a trial.

and similar light food will be appreciated if sent in ready for use. Motor cars are also needed, as this section is taking the additional work of looking after some outside cases. The phone number is Col. 6092. The members in charge yesterday were Mesdames Tovey, W. A. Walker, Ebberly and Cullen.

Hambourg Trio Presents Highly Artistic Program

One of the highly artistic programs for which the Hambourg Trio—Jan Hambourg, Boris Hambourg and Alberto Guertler—are noted, was presented at the Sherbourne House Club last night under the auspices of the Sherbourne House Club Chapter, I. O. S. when Miss Winifred Parker, another of Toronto's favorites, was assisting artist. The beautiful ensemble music of the trio was heard to advantage in their several numbers, as was also the well-trained soprano of Miss Parker. An audience of between seven and eight hundred spoke for the success of the evening. Proceeds in aid of the philanthropic work of the chapter.

CHILD STRUCK BY TRUCK

Clarence Martin, aged 6, 3 Ashby place, was admitted to the Hospital for Sick Children last night, suffering from injuries to the leg and face, which he sustained when struck by a motor truck, owned by Fuddy Bros., Paton road.

HEAD OF FIRM BANQUETED

On Monday evening, the officers and staff of Cox & Cummings, Limited, tendered a banquet to Frederick J. Cummings, and presented him with a

silver service on the occasion of his severing his connection with the company, with whom he has been connected for the past several years as manager. Mr. Cummings will from now on identify himself with the Kingston Road Lumber Company.

What to Do When Nerves Go Wrong

A SPECIALIST'S ADVICE.

Men and women who suffer from weak nerves, who are easily, can't sleep, have brain fog, low vitality, general weariness, loss of strength, dulled ambition, lack of will power, or any of those symptoms that so surely arise from poor, unsteady, unstrung nerves, or nerve force run low, should try taking a little Ferro-Pepine every day, known for putting the good old nerve cells and starting work the minute it reaches them. It brings a ten-minute change from that awful dull, weak, lazy, don't-give-a-hang feeling, to brightness, strength, clear-headedness and courage. It calms and strengthens the nervous cells and starts work the minute it reaches them. It gives them the "jumps" and adages, and gives them poise, power and tremendous reserve energy. Ferro-Pepine Tablets are also absolutely harmless, contain no dope or habit-forming drugs, and are always safe, easy, pleasant and efficient. All druggists in Toronto and vicinity sell it in large boxes—42 tablets to a package—on an absolute guarantee of satisfaction, or money back.
