POOR DOCUMENT

Every Nurse will tell you "Invalids require nourishment that's easily digested, for in cases of sickness the gastric juices are so weakened they cannot act properly on ordinary foods."

Some stimulation is also required, but it must be **stimulation without reaction.** Tea, coffee, spiritous drinks and similar preparations, are stimulants —stimulants that react.

Beef tea and meat extracts are also stimulants, but with this difference, they don't react. Yet while they have stimulating properties, they are practically devoid of nourishment.

"Bovril" not only stimulates but nourishes as well, for in it the nourishing qualities of beef, fibrine and albumen are fully preserved.

BOVRIL IS A TRUE FOOD

Not merely a stimulant.

Montreal Bonspiel.

Montreal, Jan. 22—(Special)—The second day of the curling bonspiel, celebrating the centenary of the Montreal Curling Club, was favored with a continuation of favorable conditions, and considerable enthusiasm was displayed by the curlers at the various rinks. Toronto and Montreal played on Caledonia ice; Campbellton (N .B.) and Peterboro on Thistle ice; County Club, Brookline, and Terra Nova Club, St. John's (Nfld.), on Montreal ice; Boston and Chatham (Ont.), on Montreal ice; Thistle, St. John, and Prescott on Heather ice; Victoria, Quebec, and Fredericton on Heather ice, and Brockville and Utica (N. Y.), on St. Lawrence ice. All the above clubs were entered for the club cup, playing with granite.

Among the forenoon scores were the following:

Boston—J. McGaw, skip, 14, against Chatham (Ont.), P. S. Coate, skip, 11.

Prescott—Geo. Rook, skip, 14, against St. John Thistles No. 1, J. S. Malcolm, skip, 20.

St. John Thistles, No. 2, J. F. Shaw, skip, 15, against Prescott J. Mundie, skip, 6.

The games belonged to the Granite Club cup series in which the St. John men are drawn to meet Fredericton in the semi-final. This morning the Fredericton rinks won by default from Victoria of Quebec.

In the same series Campbellton was beaten by Peterboro.

Quebec defaulted to Fredericton, Ottawa to Ormstown and English River to St. Lawrence, Montreal.

ST. JOHN MAN WON.

MONTREAL, Jan. 22.—Tonight the single rink championship, Skip Malcolm, of St. John, beat Skip Dalton, of Kingston, 18 to 10. Skip Shaw did not play.

In the Granite Club cup, Moncton beat New York by one shot.

The Fredericton rinks furnished a surprise by entering the cup competition for irons and winning two games tonight. Skip Tibbits beat Skip Williamson, of Heather, 12 to 11 and Skip Fowler beat Skip McCall, of Caledonia, 15 to 13. The Fredericton players never used the irons till they came to Montreal.

SKATING

d Logan, accompanied by "Tip" O'- who is acting as his trainer, will this evening for Montreal to get in a for the championship races to be held on next Saturday week. Logan has been working hard under "Tip's" care, and his friends expect to see him finish among the top-notchers.

HOCKEY

ST. JOSEPHS MEET TONIGHT.

The Y. M. S. of St. Joseph will hold a meeting tonight to discuss hockey matters. It is practically settled that the St. Josephs will enter a team in the city league, and the line-up will likely be settled tonight.

Crescents, 7; Ramblers, 6.

HALIFAX, N. S. Jan. 22—(Special)—The game at Halifax tonight between the Crescents and Ramblers of Amherst, resulted in a win for the former by the score 7 to 6. Sixteen minutes after the game began the score was 3 to 0 in the Rambler's favor, at half time it was 4 to 3 in their favor. In the second half the Crescents scored three, setting the tally 6 to 4. The Ramblers rallied and evened up, with about 15 seconds to play the Crescents cover point. Weaver skated up the rink and scored. About 2,000 people witnessed the game which was fast and rough. The game showed the Crescents to be more fitted to stand a fast game than their opponents.

A special feature about the game was the playing of F. Condon, a new man whose work was by far the best of the forwards. The visitors played a good combination game but went into the air on more than one occasion. F. Stephens refereed the game.

Sackville, 6; Marysville, 1.

Sackville, N. B., Jan. 22—(Special)—Tonight's hockey match between Marysville and Sackville attracted a big crowd and resulted in a win for Sackville. The game began shortly after 8 o'clock, and for the first fifteen minutes it was even, no score being made by either side until near the end of the first half. The first tally was made for Sackville by Phelan and Norman in a combination play and a little later Phelan passed to Stuart and Sackville scored again. A minute later the bell rang for half time.

The play was characterized by hard checking and some cutting and slashing, though no one was hurt. Some one adorned the boards nearly all the time.

The second half was better hockey. There was some clever combination plays on the part of Sackville, but Marysville never seemed to get far with the puck. Sackville scored three within a few moments, then Marysville tallied one, Sackville following suit, and the score ended 6 to 1 for Sackville. H. M. Wood acted as referee.

The City League Scheme.

The meeting called to arrange for the formation of a city hockey league last evening adjourned without completing arrangements, but it is assured that the Maarthons, St. Joseph's and Beavers will each have a team in the league.

Tonight other teams may be admitted and a schedule of games will be drawn up. It was understood that the team representing the Marathons will not be the aggregation playing in the N. B. A. H. L.

Algonquins Defeat St. Mark's.

For the first time a decisive defeat was administered in the intermediate hockey league series last evening. In the Marathon rink the Algonquins met, saw and conquered the St. Mark's septette by the score of 8 to 2.

ATHLETIC

MAN VS. MOTOR CARS.

(From the London Standard.)

Herbert Wickham, an athlete, pitted himself against two 8-horse-power motor cars at Bristol.

While he stood between them, holding by two straps, the cars were started in opposite directions at full speed, neither moved an inch. Then Wickham held a single motor, which could only pull him a couple of inches.

THE RING

MONEY FOR McGOVERN.

The subscription fund for the family of Terry McGovern has passed the $7,000 mark. It is believed that the benefit for the stricken pugilist to be held in the Madison Square Garden on January 23 will net a large sum, as a long programme including the appearance of many noted boxers. has been arranged.

STANDARD OF THE WORLD

NO STRIKES IN NEW ZEALAND

Compulsory Arbitration, in the Opinion of an American Writer,is aSuccess.

(Toronto News).

A few years ago H. D. Lloyd, an American writer of wide reputation, visited New Zealand and published two books on the social legislation of that country. Mr. Lloyd will be remembered chiefly as the author of "Wealth Against Commonwealth," a book which deals with great power and circumstantiality with the methods of the Standard Oil Trust. He is unquestionably an advocate of municipal socialism, and of severe public regulation of railways, coal measures and all services which are necessary to the public convenience and to social efficiency. One of his books on New Zealand is called "A Country Without Strikes," and the other "Newest England." In "A Country Without Strikes" he makes an exhaustive inquiry into the genesis, introduction and operation of compulsory arbitration. These are his conclusions:

1. Strikes and lockouts have been stopped.

2. Wages and terms have been fixed so that manufacturers can make their contracts ahead without fear of disturbance.

3. Workmen, too, knowing that their income cannot be cut down and that they cannot be locked out, can marry, buy land and build homes.

4. Disputes arise continually, new terms are fixed, but industry goes on without interruption.

5. No factory has been closed by the act.

6. The country is more prosperous than ever.

7. The awards of the Arbitration Court fix a standard of living which other courts accept in deciding cases affecting workingmen.

8. Awards made by compulsory arbitration are often renewed by a voluntary agreement when they expire.

9. Trade unions are given new rights, and are called upon to admit all competent workingmen in the trade.

0. Compulsion in the background makes conciliation easier.

11. Compulsory publicity gives the public, the real arbitrator, all the facts of every dispute.

12. The salaried classes as well as wage-earners are claiming the benefits of arbitration.

13. Peaceable settlement with their men has been made possible for the majorities of the employers who wanted to arbitrate, but were prevented by minorities of their associates.

14. Labor and capital are being organized into trade unions and associations instead of mobs and monopolists.

15. Trade honesty is promoted by the exposure and prevention of frauds on the public.

16. Humane and law-abiding business men seek the protection of the law to save themselves from destruction by the competition of inhumane and law-breakrivals.

17. The weak and the strong are equalized both among capitalists and the workingmen.

18. The victory is given as nearly as possible to the right instead of to the strong, as in war.

19. The concentration of wealth and power are checked.

20. The distribution of wealth is determined along lines of reason, justice and the greatest need, instead of along lines of the greatest greed.

21. Democracy is strengthened by these equilizations.

22. It furnishes the people their only cheap, speedy and untechnical justice.

We do not go so far as to say that Mr. Lloyd's conclusions should be accepted unreservedly. In the main, however, for twelve long years these conclusions have been justified by the industrial experience of New Zealand. We do not say that the measure would work as satisfactorily in Canada. But at least our provincial and federal legislators can well afford to study the New Zealand experiment, and perhaps it would even be advisable to have the labor department at Ottawa make a personal investigation into conditions in New Zealand and an official report thereon in order that we may determine with some fair measure of intelligence how far such legislation could be wisely adopted in Canada.

BRONCHITIS CAN BE CURED

Dr. Wood's Norway Pine Syrup Will Do It.

Bronchitis is generally the result of a cold caused by inclement weather or exposure to wet, and is a very dangerous inflamatory affection of the bronchial tubes.

The symptoms are tightness across the chest, sharp pains and difficulty in breathing, and a secretion of thick phlegm, at first white, but later of a greenish or yellowish color.

Neglected Bronchitis is one of the most general causes of consumption, so cure it at once by the use of

Dr. Wood's Norway Pine Syrup

Mrs. S. Fidder, Linton's, N.B., writes: "I feel it my duty to let you know of my experience with Dr. Wood's Norway Pine Syrup. My little girl was very low with Bronchitis and our doctor did all in his power for her, but could only give her relief for a short time. My husband saw your medicine advertised, and immediatly procured three bottles. I never saw anything give so much relief in so short a time. It stopped the annoying cough at night and she is now perfectly cured. I am so glad I can hardly express my gratitude for what Dr. Wood's Norway Pine Syrup has done for us."

Price 25 cents at all dealers.

THE NEPTUNE BALL

The guests on arrival were welcomed by Heber Vroom, president of the club, and Mrs. George McAvity. The chaperons were Mrs. George McAvity, Mrs. George West Jones, Mrs. P. W. Thomson, Mrs. Roland Frith, Mrs. Simeon A. Jones, Mrs. F. E. Hanington, Mrs. deB. Carritte, Mrs. R. Keltie Jones and Mrs. E. I. Simonds.

GOVERNOR SWETTENHAM HAS QUEER IDEA OF HUMOR

He Says His Letter to Admiral Davis Contained a Jocular Vein --- American Refugees at New York Complain of Their Treatment at Kingston.

Kingston, Jamaica., Jan. 21—The publication today in the Daily Telegraph of Governor Swettenham's letter to Rear Admiral Davis, has greatly intensified the resentment of the residents against the governor for rebuffing the tenders of American assistance, and there is a movement on foot here to demand the recall of the governor. A small minority, mostly officials, support Governor Swettenham, and their views were voiced today by the Rev. Mr. Graham, pastor of the Methodist church, who declared that the governor was justified in resenting the landing of armed Americans.

"This is a British colony, not Cuba or a Spanish-American republic," he said.

The correspondent of the Associated Press sought Governor Swettenham today and spoke to him of the Davis incident. The governor said that he had not invited Rear Admiral Davis to land sailors. Asked if he endorsed the action taken by Rear Admiral Davis, the governor replied "that is a matter between myself and Rear Admiral Davis, to whom I must refer you."

The governor said that his reference in his letter to Rear Admiral Davis to a tramp pillaging the house of a New York millionaire, was merely a jocular parallel.

New York, Jan. 22—American refugees from Kingston, Jamaica, arriving here today on board the steamer Prinz Eitel Friedrich, which sailed from the stricken city on Thursday afternoon last, the third day after the earthquake, were unanimous in condemning what they termed the "inactivity and utter inefficiency" of the English authorities on the island during the first days following the disaster. For three days, or up to the day the Prinz Eitel sailed, there was no semblance of order and nothing definite done in the matter of relieving the sufferings of many of the wounded.

It was asserted that men and women who sought shelter on board the British steamship Port Kingston, which was chartered for Sir Alfred Jones' party from England, were put ashore and that the plea of the American refugees that the women of their party be allowed at least the privilege of sleeping on the open decks of the Port Kingston, was refused "with great incivility." The wounded who had been taken on board the same steamer for an asylum, were put ashore the day following the earthquake, Tuesday, and were left on the railway wharf until cared for by the American naval authorities on Thursday.

The Prinz Eitel's passengers told of the great relief the arrival of the American squadron brought to the terrorstricken people and were amazed to hear the rupture between Governor Swettenham and Admiral Davis.

The protest of the American refugees against the conduct and behavior of certain officials on the island was voiced at a mass meeting held on board the Prinz Eitel Freiderich, Monday, when resolutions were adopted and addressed "To the general public and the international press."

The resolution follows:

'We, a company of American refugees of Kingston, Jamaica, January 14th, January 17th, 1907, on board the steamship Prinz Eitel Friederich, herewith utter emphatic condemnation of the conduct and behavior in that period of certain officials of rank, specificially, Captain Parsons, commander of the British steamship Port Kingston, lying in the harbor of Kingston, and aboard which were Sir Alfred Jones, his superior and other officials, basing our contentions on the following counts:

"First, that Captain Parsons declined to furnish food for one meal to the small number of Germans, led by Captain Richard Vahsel, Hamburg-American Line, who prevented four docks from burning on the night of the fourteenth, among them the Port Kingston's own wharf.

"Second, that such American and other refugees as the small boats manned by Captain Vahsel and others gathered and lodged on Monday on board the Port Kingston, were summarily ordered ashore at 4 p. m. Tuesday to make room for English refugees, though women and children tearfully pleaded that they had neither food nor clothing on shore.

"Third, that the wounded of mixed nationalities were taken ashore at the same hour and left in a crude situation on the railway wharf until cared for by American naval authorities on Thursday.

"Fourth, that when Father O'Donovan, of Boston; Gavin L. Payne of Indianapolis and the Rev. H. F. Auld, of Hatboro (Pa.), took a petition to Sir Alfred Jones and Captain Parsons, from the refugees, sleeping on trunks, sacks of coffee and the cargo-fouled planks of the Hamburg-American docks to allow the said refugees to go on board the Port Kingston then at her dock and sleep on her bare clean decks, where they would be safe from recurrent earthquake shocks, Captain Parsons refused with great incivility and coming to the Hamburg-American dock showed the party further discourtsey.

"Fifth, that in the three days though Sir Alfred Jones and his party on board the Kingston had all the comforts of a large, well equipped ship, no tender was made either of food, water, coffee, bedding or medical assistance.

"Sixth, that in three days, save for the above unpleasant visit of Captain Parsons, no official visit was paid either by the police, military or colonial authorities to the large body of American refugees in Kingston, to offer succor or protection in any way or even to ascertain the condition in which they were.

"Seventh, that in individual cases and minor ways we were made to feel the superiority and first claim of the English and found the much talked of bonds of blood and language when tested to be a mockery and diplomatic phantom.

"Therefore we declare our resentment and condemnation, this utterance being the joint expression of the passengers in common assembly on board the Prinz Eitel Friederich, January 21, 1907."

Sections six and seven were "Excised for reasons of policy" when the resolutions were first adopted, but later re-inserted.

The Americans had to wait for the arrival of the Prinz Eitel at Kingston and during that time all of them slept on the Hamburg-American dock.

"We lay down on the planks and on sacks, piles of which reached almost to the ceiling," said one of 112 passengers on the vessel.

"The men were glad enough to get any shelter, but with the Port Kingston lying nearby, her decks clean and empty, we thought the captain might take the women on board. He refused, however, as the resolutions state.

"On Tuesday night while the refugees were sleeping, the Port Kingston blew off a lot of steam. The loud noise created a panic on the dock. One man jumped down from a pile of sacks and sprained his ankle so badly he was laid up during the entire trip to New York. The inactivity and inefficiency of the authorities was everywhere apparent."

New York, Jan. 22—The stricken city of Kingston, Jamaica, has a plentiful supply of food and clothing, according to a cablegram received today from Governor Swettenham by the New York-Kingston relief committee. The cablegram says the harbor is now clear and that the only assistance now needed is in the direction of rebuilding the city. In view of this information, the committee has announced that nothing further will be done for the time being, but that confirmation by letter will be awaited before the committee disbands. Contributions already in hand, the committee say, will be disposed of in accordance with the confirmation of the cables by mail.

SECY. ROOT AT OTTAWA

He Delivers Eloquent Address Before Canadian Club.

OTTAWA, Jan. 22—Hon. Elihu Root, U. S. secretary of state, was the guest of the Canadian Club at luncheon today. Earl Grey, Sir Wilfrid Laurier, Sir Frederick Borden, Hon. Sydney Fisher, Hon. W. S. Fielding and others were present.

Mr. Root spoke at length and in the course of his address read the following despatch from Governor Swettenham of Jamaica:

"'Honorable Elihu Root, Secretary of State:

"'Jamaica profoundly grateful to your excellency for expression of sympathy and for the very practical aid so kindly given by Admiral Davis and the entire particular service squadron of the United States government.

(Sgd.) 'GOV. SWETTENHAM.'

Mr. Root made a graceful reference to the cordial relations between Canada and the United States. Referring to the fisheries modus vivendi, he said:

"Lord Grey has very kindly furnished me in the last few days with the debates which have been going on in your house of commons on the subject of the fisheries modus vivendi. I have been much impressed by the thoughtful, temperate and statesmanlike quality which has been conspicuous in that debate. I am sure, and indeed no one who reads the debate can doubt, that whatever conclusion your parliament reaches will be a conclusion dictated by sincere and intelligent and a right-minded determination to fulfil the duty of representatives of the people, whose rights they are bound to maintain and protect. Whatever theconclusion may be, however much any one may differ from it, all men will be bound to respect.

In an eloquent peroration he said:—

"To the Canadian settlers in New England and the American settlers in the Canadian west—may they ever with loyal memories look back to the lands of their birth; may they ever with loyal citizenship do God's service to the countries of their adoption." (Loud applanuse.)

Sir Wilfrid Laurier moved a vote of thanks to Mr. Root in an excellent address.

The first of a series of popular lecturer in the Natural History Society's rooms was delivered last night by A. Gordon Leavitt, who spoke on the habits of snakes, salamanders and fish. The lecture was briefly discussed and a hearty vote of thanks tendered the speaker.

The Christmas number of the Edmonton Bulletin contains a sketch of the life of J. C. Calhoun, who was born in Albert county (N. B.), and is now an alderman of Edmonton.

POLITICAL ENTHUSIASM IN MASSACHUSSETS.

(Boston Transcript.)

It seems that even the children are greatly gratified at Governor Guild's reelection. I have a friend who has a very bright and winning little girl, about five or six years old. Late in the afternoon of election day she expressed intense anxiety to hear of the governor's re-election, asking every one who came near the house if they really thought he had won. Meeting her father next morning, I mentioned Margaret's remarkable enthusiasm, expressing gratification at her being imbued with such a commendable spirit of patriotism; that one so young should manifest so lively an interest in the affairs of the commonwealth I considered a very hopeful sign. The father said: "Do you know why?"

I answered, "I suppose it is because she is an exceedingly bright child."

"Oh, no," he said, "I told her if Guild was elected I would take her to see 'Peter Pan.'"
