

The balance on hand is \$213.20. There is due to the Auxiliary by the branches \$297.85; the present stock is valued at \$522.23, on which is due \$169.50 to the Upper Canada Bible Society.

The Treasurer's statement in detail is annexed.

DEPOSITORY.

Mr. Edward Stacey still continues in charge of the depository. He reports that during the year 1873, Bibles and Testaments were issued as follows:

	Bibles.	Testaments.	Value.
Sales at Depository	357	211	\$225.77
Issued to Branches	551	411	297.85
Totals.....	908	622	\$523.62

The curtailing of our field naturally lessened the number of copies issued to the Branches.

The total issues of the Kingston Auxiliary Bible Society since its commencement now amount to 88,164 copies.

BRANCHES.

These have, by the narrowing of our territory, for the present, been reduced to eleven, but your Committee trusts that before this year expires their number will be largely increased, and that greater zeal and activity than ever existed before will be apparent everywhere throughout the field.

The Kingston Ladies' Bible Association is our most active and vigorous branch. Last year their income (including a balance from 1872) was \$232.93; out of this they paid the salary of a Colporteur for four and a half months, and have on hand a balance of \$69.

In Portsmouth, where no regular organization has as yet been formed, the sum of \$48.55 has been collected and paid over to this Auxiliary.

COLPORTAGE.

In this department of the great work, during the year that is gone, our efforts have been confined to the labors of our most energetic branch, the Ladies' Bible Association. They employed Mr. Jack for four and a half months
