

LITTLE PRINCESS HAS NO BROTHERS. PLAYS BOYS' GAMES JUST THE SAME

Princess Antoinette

A happy little princess is Antoinette of Luxemburg, for though she rages throughout Europe this tiny princess of the smallest independent nation in the world hears very little about the disaster that affects so many of her royal kinsmen.

Princess Antoinette, who is twelve years old, has five sisters, and even though there are no boys in the royal family of Luxemburg the princesses are all devoted to outdoor games. Antoinette is said to be one of the most daring housewives of her age in Bavaria.

KNIGHTS OF COLUMBUS' CARDS TOURNAMENT CLOSED

Those members of St. John Council, 867, Knights of Columbus, who have been taking part in the recent cards tournament in their rooms in Coburg street enjoyed a pleasant time last night when the series was brought to a close. It was most successful, with a large number of entries, and interest well sustained. The winner of first prize, a handsome cane, was W. J. Walsh, while second prize, a valuable pipe was won by John Crowley. In the bean-box tourney a play-off was had last night also, the winner being J. Harry O'Neil who also captured a fine pipe as a prize. At the close of the evening a light lunch was served by a committee under direction of C. A. Owens, lecturer.

MARRIED IN WORCESTER

A very pretty wedding was celebrated in Worcester, Mass., on Jan. 24th, when Edna Lorent Earle, formerly of Belleisle Bay, N. B., and Charles W. Lemire, attorney-at-law in Worcester, were united in matrimony. Only relatives of the contracting parties were present. At the close of the ceremony a dainty luncheon was served. Mr. and Mrs. Lemire left for New York and other cities in the United States. On their return they will reside at 18 Jacques avenue, Worcester.

PARKER GLASIER HONORED

Parker Glasier, M.L.A., of Sunbury, celebrated his sixty-sixth birthday at his home in Lincoln on last Saturday. Mr. Glasier is one of the oldest members in the legislature both in years and in service, having occupied a seat in the house since 1859. On Saturday evening upwards of forty of his friends gathered at his home, where an enjoyable supper was given in his honor. During the day he received many congratulatory messages from friends throughout the province.

LOCAL NEWS

CURLERS HERE

Curlers from Fredericton arrived in the city at noon today for a match with St. Andrews and Thistles. In the visitors' line-up were J. H. Hawthorne, E. A. Belmont, R. B. VanDine, H. B. Colwell, Fred Hart, Alex Staples, Dr. C. P. Holder, S. Sterling, C. H. Weddall, E. A. McKay and S. D. Simmons.

THREE BROTHERS IN SERVICE

Orderly Room Clerk Noble of the Ammunition Column at Fredericton, was engaged in engineering work in Alaska when the European war broke out and it had been in process two months before he heard of it. He immediately pitched his job and returned home to enlist. He has a brother with the contingent at Salisbury Plain and another in the Ammunition Column.

MORE RECRUITS

The Divisional Ammunition Column, now located in Fredericton, will be recruited to its full strength during the next few days. Major W. H. Harrison, officer commanding the section, said that orders had been issued to recruit eighteen more men, and the majority of this number were already enlisted. Some few are being enlisted there, with the others in St. John and other parts of the province.

CANADA'S FLOUR GIFT NEARLY ALL DISTRIBUTED

Large Part Sent to Front to Make Bread For Soldiers

London, Jan. 25.—Nearly all of Canada's war gift of a million bags of flour has now been distributed. The following table shows where it has gone:

For relief of local distress, 90,674. Belgian refugees, 1,691. Damaged flour sold, 5,219. Sold by Wiles & Son, 1,600. Transferred to War Office, 899,760. Commission for relief of Belgians, 448,886. Total, 940,830. It is estimated that Canada's million bags of flour will make 67,000,000 two-pound loaves. The flour taken over by the War Office has already been sent to the army in France.

MONTREAL PLANS FOR GREAT WHITE WAY

Montreal, Jan. 25.—If a report from A. Parent, superintendent of the lighting department of the City Hall, is accepted by the Board of Control and by the city council, Montreal will proceed with the placing of standards and lamps in St. Catherine and Bleury streets this spring so as to create for the metropolis of the Dominion the Great White Way which has lacked up to the present. It is estimated that from forty to forty-five thousand dollars will be enough to place these standards at distances of about 120 feet apart, crowned by the one bright light which has been decided on. The city will have to install the cable necessary for this work from manhole to manhole, and keep the whole system in good repair, while the Montreal Light Heat & Power Company will supply the electricity. Together with the amount per lamp charged by the light company, the cost of maintenance by the city and the salaries of the electricians employed for this work it is estimated, will come to \$68 per standard each year.

SEE GREAT EVENTS IN STORE FOR JUDAISM

Montreal, Jan. 25.—A London cable to the Gazette says that in a letter addressed to the English Zionist Federation, Dr. Max Nordau says that great events are in store for Judaism, and that they must maintain the Zionist organization in good condition, so as to be able, at a given moment, to convince those responsible for the destinies of Palestine that the Jews are ready and able to assume administrative, political and financial responsibility. The Daily World, a new morning paper, is the largest Yiddish newspaper ever published in England.

SIR DOUGLAS MAWSON MAY BE INVITED HERE

There has been some talk of endeavoring to get Sir Douglas Mawson, famous Antarctic traveler, who has been delivering addresses in Montreal, to visit St. John. Sir Douglas has received the following complimentary letter from Mr. Greenough, chairman of the American Geographical Society, under the auspices of which he spoke in New York:—"Allow me to congratulate you upon the success of your appearance here. The universal comment of your audience was to the effect that they seemed to have been transported to the heart of the Antarctic, and to a participation in its scenes and sensations by the views and moving pictures which gave such a vivid impression. I have witnessed many similar exhibitions, but for impressive environment, judicious selection and artistic execution, the views which you displayed last night surpass any I have ever seen."

PRINCESS' GIFTS TO ARMY AND NAVY COSTS KING £2,000

London, Jan. 25.—King George personally made up a deficit of about £2,000 to cover the cost of gifts sent by Princess Mary to the British army and navy. They consisted of pipes, tobacco and cigarettes contained in handsome glass boxes. The idea originated with Princess Mary, whose name the public fund for collecting money for the purpose was opened in October last. Contracts were entered into with nine different firms for supplying the articles in question and the prices under the contracts amounted to £184,000. The total sum collected by the Princess, when the fund closed amounted to £186,000, and about £2,000 went to office expenses, printing and advertising. Sir Ernest Cassell offered to make up the deficiency, but the King decided not to accept the offer and made good out of his own pocket.

THE PATRICIAS AGAIN IN FIGHT?

Under Fire Only 40 Yards From Trenches Of The Germans

COLONEL'S NARROW ESCAPE

Bullet Grazes His Ear -- Halifax Lieutenant Recovers From Injuries and is Away From England With 50 Men For Front

Toronto, Jan. 25.—The Globe's correspondent in London writes that stories are current that the Princess Patricia's regiment has been again under fire within forty yards of the German trenches. He says:—"The stories may refer to the actions previously recorded. Colonel Farquhar is quoted as saying that the men behaved magnificently under fire. He himself had a narrow escape, a German bullet grazing one of his ears. "A story from the front is to the effect that one of the Canadian soldiers in the regiment, with a bad body wound caused by a shot from 'The Maple Leaf', while the doctors were dressing his injury. "In addition to Captain Cuthbert Smith and Major McKinley of Edmonton, already mentioned as invalided to England, Lieut. Philip Gamish and Sergeant Major Dames of the Patricias also have been invalided. "Lieutenants Stewart of Halifax, and Pajouese of Quebec, who were injured when their tent was burned down while the Patricias were at Winchester, have fully recovered and have left England with fifty men to reinforce the regiment. Montreal, Jan. 25.—A London cable to the Gazette says that the death of Captain D. Newton, of the Princess Patricia's, appeared in the official list issued by the War Office on Saturday. Two weeks after the announcement appeared in the Canadian newspapers. At that time the information was available on this side only through private channels.

RESTRICT THE TRAWL FISHING IN ATLANTIC

Report by Commissioner of American Bureau of Fisheries

Washington, Jan. 25.—In a report on an investigation of trawl fishing in the Atlantic, Commissioner Smith of the Bureau of Fisheries urged that the United States, with the co-operation of Canada, Newfoundland and France, safeguard the future supply of fish by restricting to certain definite banks and grounds the use of any kind of vessel drawn by trawls to catch shell fish. The commissioner proposed that the taking of fish, except shell fish, by means of the otter trawl or beam trawl, or by any other apparatus drawn along the ocean bottom by a vessel in motion, be prohibited on all bottoms in the Atlantic ocean outside of territorial jurisdiction, north of the fortieth degree of north latitude, except Georges Banks, South Channel and Nantucket Shoals, east of the meridian of Sankaty Head on Nantucket Islands. Such a plan, the report said, would return to the otter trawling sufficient ground for their work, but would not exclude the line fisheries, and would reserve to them exclusively the banks to which they make more than two-thirds of their trips.

CASES OF ABERDEEN AND STRATHCONA PARALLEL?

Montreal, Jan. 25.—A London cable to the Gazette says:—"Apropos of the Irish protests against the Marquis of Aberdeen assuming the name of Lord Strathcona, the Manchester Guardian recalls a similar dispute when Lord Strathcona proposed to take the name Glencoe. According to the Guardian, Lord Strathcona said he succeeded to the title because the Gaelic forms of Glencoe and Strathcona were identical. The proposed memorial to Lord Strathcona which, owing to the war, has lain in abeyance, will now be proceeded with. Designs of the memorial window tablet for Westminster Abbey will be submitted to the committee tomorrow."

THE SCHOOL BOARD AND THE ESTIMATES

A member of the school board said to The Times this morning that he did not see how the board could possibly make any reduction in its estimates, which had already been cut to the limit. There was much needed work for which the board had hoped to be able to provide, but in compliance with the demand for economy, it had cut and reduced to such an extent that it brought the total estimates a fraction lower than those of last year. To cut out another \$10,000 would be to starve the schools and injure the whole community. "If," he said, "the commissioners had done what the school board did, and what they were really requested to do, neither the school board nor the various organizations, whose grants have been wiped out, would have suffered. What the commissioners have done is to take from the school board and from these other organizations funds, which should not have been touched at all, to provide for their own expenditure." In his view the citizens could not do otherwise than strongly condemn this course, because it was the poor people who really suffered. "Primarily, however," said the school board member, "I do not lay the blame at the door of the commissioners, but at the door of the Citizens' Committee which, having been instrumental in overthrowing the plan of city government, failed utterly to do its duty thereafter."

HAS GRADUATED

Friends of Miss Marie Slatery will be pleased to learn that she has graduated as nurse after completing her course in the Hartford Hospital last week. She came to the city today on the Boston train on a visit to her parents, Mr. and Mrs. J. N. Slatery, 181 Waterhouse street.
