editorial in the Standard today is half made up of an editorial quoted with great glee from the columns of the Globe. The people all over the province should have it made perfectly clear to them that the Globe is directly opposed to the return of the Liberal party to power in New Brunswick. It is true that Mr. Flemming has appealed for Liberal votes, but he needs them for there are not enough. Concerns them, for there are not enough Conservatives to save his government. And while the appeal is made for Liberal votes the cial Secretary McLeod at the Woodstock most strenuous efforts are being made to sod-turning, was one of the features not

The Standard publishes an alleged Sussex letter which insinuates that Dr. G.

N. Pearson has been actuated by improper motives. Referring to the well known fact that Dr. Pearson did not desire a nomination in Kings county, but yielded finally to the earnest and unanimous call of the Liberal convention, the Standard condemn any government.

"Even the morning of the convention before he left Sussex he assured his friends that he absolutely would not be a candidate and lo! he suffered another change of heart in the hotel at Hampton

Has it a charge to make against the character of Dr. Pearson? Of course not-but it insinuates. Dr. Pearson is, however too well known in Kings county to suffer

too well known in Kings county to suffer from attacks of such a nature.

In the same issue the Standarfi prints a letter from Restigouche county with this heading:—"One demented, the other near-sighted; only two opposition supporters discovered by correspondent had good reason for their error." When the votes are counted in Restigouche the value of correspondence of this sort will be better appreciated by the Standard and its friends.

If misrepresentation, exaggeration and downright humbug could win this fight, the Flemming forces would be sure of victory; but the people are not deceived.

Mr. Copp has a good cause, he will be

supported by exceptionally strong men as candidates of his party, and no amount of noise and abuse will conceal from the electors the real issues in the campaign.

MAYOR FRINK'S HAPPY THOUGHT

A happy thought has come to Mayor Frink. It has been intimated that the Duke of Connaught, when he visits St. John in August, would like to take part in the inauguration of some movement for the public good. Mayor Frink suggests the formal opening or dedication of the new playground at the entrance to Rock.

News of Bridgetown

Bridgetown, N. S., May 27—The marriage of Miss Beatrice Young, only daughter of Abram Young, of this town, to Rev. A. Marshall, D. D., pastor of the First Baptist church, Winnipeg, will take place on Wednesday, the 29th inst.

Mrs. Norman MacNeill and daughter, Isabelle, are at Havelock, N. B., being called there by the illness of Mrs. MacNeill's mother, Mrs. Poirier.

J. W. Peters has purchased a new Overland motor car, made in Toledo, Ohio.

Health and Beauty Answers BY MRS. MAE MARTYN

Victoria: No; soap of no kind or in any form should be used as a shampoo. All soap contains "free" alkali, which is too strong for the hair. It makes the hair split, become brittle, dull, harsh and "stringy." A perfect and very simple shampoo prepared by dissolving a teaspoonful of canthrox in a cup of hot water will cleanse your hair and scalp thoroughly, and leave it ever so soft, bright and fluffy. This shampoo removes dandruff and stops scalp irritation instantly, makes the hair dry quickly and evenly without streaking and gives to it a most delightful glossy sheen.

Lilly: To have a smooth, rosy complexion that does not look artificial, you must not use face powder. Use instead this lot ion: Dissolve in 1-2 pint witch hazel (or hot water) 4 ounces spurmax, then add 2 teaspoonfuls glycerine. This lotion will remove that shiny, sallow look and give to your skin a clean, clear, wholesome look. It does not show or rub off like the powder and is unequalled as a skin-whitener and complexion-beautifier. I find this lotion fine for cold sores and preventing chapting.

Trixie F.: I would not advise you to try any of those obesity cures you mention.

chapping.

A. B. C.: The electric needle is too painful. Mix a little powdered delatone with water, then spread this paste on the hairs not wanted; after two or three minutes rub off, wash the skin and the hairs will have vanished. This treatment leaves the skin soft and free from blemish.

Maude: Your pimply, sallow skin is due to impure blood. You should correct this condition before warm weather comes and so avoid worse troubles. To quickly purify your blood, try this home-made tonic: Dissolve 1-2 cupful sugar and lounce karden in 1-2 pint alcohol, then add hot water to make a quart. A tablespoonful of this eplendid tonic taken before meals will quickly clear your blood, and your pimples and sallowness will give way to a rosy, healthy complexion. This is the finest tonic I have ever found for purifying the blood, giving one energy and building up a run-down condition of the body. You are sure to get splendid results from its use.

Chapping.

Trixie F.: I would not advise you to try any of those obesity cures you mention. At least part of them are nothing but worthless fakes. If you want a safe fat-reducer that will give waplendid results, dissolve 4 ounces of parnotts in 11-2 pints lotow twater and take a tablespoonful before meals. This remedy removes excess fat rapidly without dieting or fatiguing exercises, and is absolutely farmless, also inexpensive. It leaves the skin smooth and unwrinkled.

Hattie: The formula for that popular French hair-grower you speak of is as follows: Mix together 1-2 pint alcohol, 1-2 pint cold wate: and 1 ounce quinzoin. (Make it yourself, as stale hair-tonics are worthless.) Rub this into the scalp twice a week and you will soon notice your hair getting thicker, longer and more silky and lustrous. This splendid tonic is an unfailing remedy for dandruff, falling hair and itching scalp. It is good for both light and dark hair.

Miss Jennie: A splendid beauty cream that will not grow hair or make the skin
