### ROYAL OAK CORD TIRES

Are Tougher than Oak. Save Gasoline, Oil and Repairs. The Royal Oak Cord is offered the motoring public after several years of exhaustive tests, and we are assured that it will more than render its value in miles. Constructed of the highest quality material and each strand of cord embedded in pure gum rubber with an extra supply of rubber on the tread, makes for an easy riding car.

Royal Oak Cords contain more material, for the same price, than most cords on the market. Guaranteed for eight thousand miles.

Note the semi-flat tread that eliminates a large percentage of the bending and flexing that ruins a round tread tire. It rides squarely on the road, distributing the load more evenly and giving 38 p. c. more contact. This decreases wear and increases life of the tire.

### MELITA BREAKS PORT RECORD FOR SEASON

Canadian Pacific Liner Lands 1,058 Passengers at Sand Point

3 FAMILIES FOR PROVINCE ARRIVE

Mr. and Mrs. J. McManus of Moncton Return from Rome

A new season record for passenger travel here was established by the Canadian Pacific steamship Melita, which arrived in port yesterday morning from Antwerp, Southampton and Cherbourg. She had 97 cabin and 1,061 third-class passengers, general cargo and mail.

The passengers were sent forward to their destinations in special trains. Among the cabin passengers were Mr. and Mrs. J. McManus of Moncton, who are returning home after a visit to London, Paris and Rome. They were in a party of pilgrims received by the Pope. They were abroad for two months and thoroughly enjoyed their trip. They left this afternoon for their home.

W. A. Hinds, manager of the Rising Sun Oil Company in Japan, was another passenger on the liner. He has been in the Orient for 12 years and is returning there after a vacation in London.

22 FAMILIES  
With their faces wreathed in smiles, happy children playing about, mothers and fathers sat in the waiting room of the C. P. R. at Sand Point this morning after disembarking from the Canadian Pacific steamship Melita. There were 22 families, comprising 44 adults and 80 boys, girls and babies. They came to Canada under the British Empire land settlement scheme and are to settle on farm lands. Included in the party were three families to locate in New Brunswick. All are from the British Isles.

The newcomers were met here by R. I. Donaldson and his staff of the local branch of the Land Settlement Board of the Immigration Department and assisted in preparing for their land journey. Of the three families to locate in this province, one is that of Charles Connor, who has his wife and six grown up children. They are to locate at Millville. D. Miller, wife and child, are also to locate at Millville, while D. V. Orsag, wife and child will go to Centreville.

CANCER RESEARCH  
After nearly two years' study in the universities of London and Edinburgh, Dr. George D. Little arrived en route to his home in Montreal, where he will become attached to the staff of the Montreal General Hospital. Speaking about research in regard to cancer, Dr. Little said some progress has been made and that the time might not be far distant when effective measures would be forthcoming to combat this disease. Dr. Little is a son of W. J. Little, one of the directors of the Montreal Star. He was accompanied by his wife.

After three years in Persia, where they were employed drilling oil wells for the Anglo-Persian Oil Company, L. A. Stevenson and E. B. Holmes of Petrolia, Ont., return on the Melita. The two young adventurers plan on visiting relatives in Canada for some months and will then proceed to South America.

Among the passengers was Jonas Rimancowy, Hungarian violinist. He has been engaged to lead an orchestra in the Royal Alexander Hotel in Winnipeg.

Is Given Thirty Day Sentence  
Thirty days' imprisonment was imposed on James Conway in the police court this morning. He is being found guilty of stealing a bottle of wine, valued at \$2.50, while working in the hold of the Canadian Pacific steamship Bosworth at Sand Point on Saturday.

His Honor said there had been very few cases of broaching cargo before him this winter and in view of the fact that it was the first time defendant had been in court, he would inflict a minor penalty but that it would serve as a warning to others. William Massyn, first officer of the Bosworth, said he found the accused with the bottle in one hand and a large drinking can in the other. Some of the wine had been poured into the can. The accused swore he had found the bottle hidden in behind some barrels where he was working. To H. H. McLean, Jr., appearing for the company, he did not know why he had not reported the find to the foreman. E. J. Hennesberry appeared for accused.

IS FINED \$10  
A fine of \$10 was imposed on James Fleming by Magistrate Henderson in the police court this morning on charge of assaulting Mrs. Annie Perry. He denied the charge and said he had only chased some boys out of the yard. Mrs. Perry said she was her landlord and that he had taken her by the neck and shaken her and called her insulting names. Louis Sullivan corroborated Mrs. Perry's evidence while Mary Wayne, called by accused, said she did not see Mr. Fleming assault Mrs. Perry. His Honor, however, found accused guilty and imposed a \$10 fine which was paid.

DIED IN SOMERVILLE  
Friends in Saint John regret to hear that John Daley, formerly of Lake-wood, Saint John county, died at the home of his mother, 9 Jay street, Somerville, Mass., on Sunday, April 8, after an extended illness. Besides his mother, Mr. Daley left eight sisters, all residing in Somerville. The funeral was held from his mother's residence to St. John's church for solemn high mass of requiem on Wednesday morning, April 8. Interment was made in Arlington.

### Wrong Place To Act Boss

A MAN entered the guard room at the Central Police Station last night and ordered Night Deskman Thomas to bring up a friend of his who had been arrested on a charge of being drunk. Police Officer Thomas informed him he could not do it. The visitor replied that when he paid for service he wanted it. He was promptly ejected from the guard room. Later on he was arrested on King street on a drunkenness charge and was himself fined \$5, or two months, in the Police Court this morning.

REBUILDING HOME  
Blasting is being done on the site of the H. G. S. Adams residence, Brookville, as the first step in rebuilding the beautiful home destroyed by fire last year. A fortnight ago Mr. Adams says he will reconstruct his home, but does not hope to be able to duplicate the remarkable fine timbers which made the other residence so superior in construction quality. Mrs. Adams is still visiting in England.

Rev. Robert G. Fulton, president of the N. B. and P. E. I. Methodist Conference, left this morning for Chatham on conference business, arising out of church union. DESTRUCTION OF HOTEL  
The Riverside Inn Hotel at Bridgetown, gutted by fire last week, was the only surviving public building in that Annapolis Valley town, according to Gerald M. Hoyt of Bridgetown, who had been in line for the hotel. The hotel was in excellent repairs and was a large structure that enjoyed generous and constant patronage at the summer season. Only a few weeks ago the historic Grand Central Hotel building, in the same town, fell a prey to flames, but for some years it had been discontinued as a public house.

### JEWS CELEBRATE COLLEGE OPENING

Saint John Hebrews Have Interesting Observance of Palestine University Start.

The Hebrew community in Saint John last night held a fitting celebration of the opening of the Hebrew University in Palestine when the largest audience that ever assembled in the local synagogue vestry packed that hall.

The hall was artistically decorated in the national colors of England and Judaea. As Cantor O. Mandelblatt, garbed in ceremonial robes entered the hall, chanting a prayer of thanksgiving, a drop curtain with true reproduction of the University was lowered to view.

Ell Boyaner, chairman, extended a welcome to all and introduced Mayor Potts, who was enthusiastically received. The Mayor spoke of the great progress being made in the upbuilding of civilization and of the interest always manifested in British politics.

Have Debate  
A feature of the programme was a spirited debate "Resolved that Palestine should be rebuilt by public ownership rather than by private enterprise." The affirmative upheld by Ben Guss and Miss L. Levine, was given the decision over the negative, upheld by A. Ralph Isaacs and Miss L. Meltzer. The judges were Mayor Potts, Isadore Andur and Hyman Marcus.

A Babb delivered an address in Jewish on the upbuilding of the University and the important part it will play in raising the status of the Jew throughout the world.

Mrs. J. Goldman, president of Saint John Hadassah, A. Ralph Isaacs, president Saint John Young Judahs, and Ben Guss were among those who spoke.

The speakers made special mention of those responsible for the establishment of the Jewish homeland and the university. Those included were Lord Alenby, Earl Balfour, Sir Herbert Samuel, Dr. Chaim Weitzmann and Prof. Einstein.

### Protect Your Office Records From Fire

We have recently accepted the agency for Safe-Files and Safe-Cabinets, which you may have seen featured in a two-page advertisement in the Saturday Evening Post of April 11. The Safe-File, especially, supplies a long-felt want in office equipment. You insure your stock and put your valuable papers, books, etc., in vault or safe, but what about the contents of your filing cabinets?

These have necessarily cost you hundreds of dollars in work of the filing clerk, and should therefore be worth protecting, but, still more important, they cannot be replaced the day after the fire. It would be difficult to carry on business efficiently without the important records which are filed in every office, and yet they are not protected from fire unless you have Safe-Files.

We will be glad to call and tell you more about them, or we have a sample in our show-room ready for your inspection.
