

HOME OF THE ECUMENICAL CONFERENCE IN TORONTO; SOME MORE OF THE MEN THERE; BUSINESS OF SATURDAY

Figures at the Ecumenical Conference: On the left Rev. Arnold Scott and on the right Rev. J. H. Morgan, chairman of a regular old-time Methodist.

(By Rev. A. C. Crews, D. D.)
Toronto, Oct. 7.—Ancient discussion on religious training in the Canadian army. One of the most popular speakers was Rev. J. H. Morgan, of London, chaplain in the British army, who has been in India for many years. He was first a missionary in India, and then became secretary of the Army Temperance Association in that country. He said that he had seen a drunkard in India, and that he had seen a soldier in India who was a drunkard. He said that he had seen a soldier in India who was a drunkard, and that he had seen a soldier in India who was a drunkard.

Where the Methodist Ecumenical Conference is being held. The delegates declare it the handsomest edifice in Methodism. The organ is one of the greatest in the world.

The keynote of the church should be more religion in business," said Charles W. Fairbanks, former vice-president. "Inequality of wages for men and women working under like conditions, is an affront to the spirit of Christian religion."

A paper by Arthur Henderson, of London, member of parliament, who was detained at home by government duties, was read by E. R. Fennell, member of parliament.

The laborer is worthy of his hire, but not infrequently the hire is not worthy of the laborer.

When we are willing to take commercial failure rather than to rob our fellow men in God's good time there will come a day for those who toil. Let us be faithful in the anti-chamber to the great responsibility.

BORDEN'S CABINET WAS NOT COMPLETE LAST NIGHT

Hon. Mr. Hazen Left for Ottawa to Take Place in Government—New Men Probably Sworn in Tomorrow

A Sunday night Ottawa despatch to The Telegraph says:
The alleged official announcement of the cabinet, as sent out from Ottawa on Saturday, is without authority from the premier, who declared tonight that his final selections would not be definitely decided upon until tomorrow. It is known, however, that the only uncertainty now is with regard to the Ontario and Quebec representatives.

The maritime provinces members will be R. L. Borden and Hon. J. D. Hazen. The west will be represented by Hon. Robert Rogers, Dr. W. J. Roche, Senator Leighton and Martin Burrell. Mr. Hazen's selection may be a tribute to the British-born contribution to the Conservative majority. He will be the only member of the cabinet with a real British accent. Mr. Goodeve will probably be selected for a position on the railway commission.

The Quebec men. For the Quebec ministers, the most reliable information available tonight names the following: E. D. Monk, Hon. L. P. Pelletier, George H. Perley and C. J. Doherty. There is still a possibility, however, that in addition to these Mr. Forger and Mr. Ames may be brought in without portfolio. Mr. Nantel is also suggested as an additional sop to the Nationalists, but there is little to substantiate the report that he would be taken in.

Four of the Ontario ministers are known, namely, Hon. Geo. E. Foster, Hon. Frank Cochrane, Andrew Broder and W. I. White. The fifth minister is pretty sure to be W. S. Middlebro, and J. E. Armstrong may be also taken in without portfolio.

Mr. Borden, however, has not yet committed himself definitely beyond the first four names mentioned.

T. W. Crothers, who was at first the most likely choice for the fifth Ontario portfolio, is said to be slated for speaker of the commons, since Dr. Sprague indicated that he does not desire the position. He will quietly wait for a senatorship.

The Slats.
The allocation of the various portfolios is not yet finally settled and will not be known until the official announcement is made. Mr. Doherty will be minister of justice; Hon. Robert Rogers will be minister of finance; Hon. Geo. E. Foster will be minister of the interior; Mr. Cochrane will be minister of public works, and Mr. Broder will be minister of agriculture.

The allocation of the other portfolios is still in doubt, but the probabilities are that Hon. Geo. E. Foster will be secretary of state; Hon. Mr. Pelletier, minister of marine and fisheries and naval affairs; Mr. Perley, minister of customs; Mr. Monk, minister of labor; Mr. Hazen, minister of railways; Dr. Roche, minister of militia; Mr. Burrell, minister of inland revenue and mines; Mr. Middlebro, postmaster general; and Senator Leighton, minister of trade and commerce.

The new cabinet will probably be sworn in on Tuesday.

Hazen Off to Ottawa.
When Hon. J. D. Hazen, premier of New Brunswick, left last evening for Ottawa to accept a position in Mr. Borden's cabinet, he did not know himself what portfolio awaits him, but it is generally believed that he will be the next minister of railways.

SERVANT GIRLS SEND CASE TO GOVERNMENT

Being Driven Out of Places by Employment of Blacks and They Protest

Melbourne, Oct. 9.—The increasing use of black labor in the kitchen is greatly agitating the members of the New Zealand Domestic Servants' Union. Mistresses, finding that native "boys" can be imported from the islands under a three years' engagement and at a fourth of the cost of white servant girls, are employing the former in preference.

Under the agreement the wages are paid direct to the black boys' parents, and the union is using this fact as an argument that the new order of things is pure and simple slavery. In consequence, the union has passed a resolution calling on their parliamentary representatives to question the government on the subject.

"Eh mon but it's guid!"

ROUND THE WORLD IN RECORD TIME AT COST OF ONLY \$700

Hartford Man Home After Making Cut Down of Western Time to 47 Days

New York, Oct. 9.—Daniel D. Bidwell, of Hartford, is home who after forty-seven days of constant travel completing his second trip around the world westward from New York.

The world's record for circling the globe was made by a French journalist, Jager-Schmidt, in thirty-nine days. This trip was made eastward. The best previous record the other way around was fifty-three days.

Mr. Bidwell left New York on August 18, for Vancouver, whence he sailed for Yokohama. At the time of his arrival there Mr. Bidwell had no intention of making an around-the-world record and remained five days in the interior of Japan.

Mr. Bidwell says that Globe circling can easily be done within seven weeks at an expense of less than \$200.

BISHOP IS HERO OF RUNAWAY

Saves Lives by Heroic Act in Time of Danger—Another Example of Muscular Christianity

Paris, Oct. 8.—Two fine examples of muscular Christianity are reported. There was a fair at Rozez the other day. Started by the music of a merry-go-round, the horse took fright. In the little dog-cart behind it were a woman and two children. The frightened horse, with the dog-cart, dashed away from the merry-go-round and through the streets.

At last his mane and tail were untied. The dog-cart lost all control of the horse and was shrieking for help.

Suddenly a man in the dress of a priest dashed out of a side street, threw himself at the runaway horse's head, and clung there. He was dragged along for some yards and the crowd shouted and cheered for the priest was being pulled down.

At last his mane and tail were untied. The dog-cart lost all control of the horse and was shrieking for help.

MOTOR ENGINES FOR FIRE DEPARTMENT OF MONTREAL TO COME

Board of Control Will Recommend Replacing Horses—Latter Cost City \$35,000 a Year

Montreal, Oct. 9.—At the next meeting of the city council the board of control will recommend that the horses in the fire department be gradually replaced by the introduction of automobile vehicles. At present it costs \$35,000 a year to keep the horses, and if all the horses were replaced by motor trucks, Chief Tremblay is of the opinion that the cost would be reduced to \$10,000 a year.

The purchase embraces an automobile hose wagon with bigger capacity than those already in use, and two motor trucks, one for hauling a fire engine and one for hauling an aerial ladder truck.

The purchase embraces an automobile hose wagon with bigger capacity than those already in use, and two motor trucks, one for hauling a fire engine and one for hauling an aerial ladder truck.

THE CURB ON OPIUM

It was really a wonderful story that shop Lewis told last evening of the tedious struggle that China is now making to destroy the opium traffic. As an American he paid high tribute to the government of Great Britain for co-operating in the Chinese in seeking to extirpate a evil. The Chinese people, he declared, are grappling with the situation in earnest.

The bishop said that he had traveled a large section of China and had not seen a single opium poppy growing in any of the fields. A number of farmers petitioned the government for the release of growing poppy, notwithstanding the edict of prohibition, were taken into their own fields and decapitated.

prospects are that within a short time China will be emancipated from the curse of opium. It is expected, too, that Bishop Lewis, that the empire will be a representative government by the year 1915.

PURIFIED HIS BLOOD

Dr. Morse's Indian Root Pills Healed Mr. Wilson's Sores

When the sewers of the body—bowels, kidneys and skin ducts—get clogged up, the blood quickly becomes impure and frequently sores break out over the body. The way to heal them, as Mr. Richard Wilson, who lives near Ottawa, Ontario, is to purify the blood. He tried Dr. Morse's Indian Root Pills for some time, and he found them to be a low, tested condition. My appetite left and I lost weight, and I suffered from indigestion. I was a nervous, thin, and weak man. I tried many other medicines, but without satisfactory results. What was wanted was a thorough cleansing of the blood, and I looked about in vain for the medicine that would accomplish this.

At last Dr. Morse's Indian Root Pills were brought to my notice, and they are the most wonderful medicines I have ever known. My blood was purified in a very short time, sores healed up, indigestion vanished. They always have a place in my home and are looked upon as the family remedy.

Dr. Morse's Indian Root Pills cleanse the system thoroughly. Sold by all druggists at 25c a box.

SEA CAPTAIN HAD INDIGESTION.

Calls Morrissey's No. 11 Tablets Magic Remedy.

FORBES PORTER, N. S. July 1, 1910.
Previous to taking your No. 11 Dyspepsia Tablets I had been suffering from indigestion for three months, and at an expense of about \$100. I was not so busy that I could not sleep. Fortunately for me, I saw your advertisement and I tried your No. 11 Dyspepsia Tablets. After the first dose I felt much better, and that very night I slept soundly, and it was the first time I had slept so well for a long time. I used altogether 3 boxes of the remedy, and am entirely cured. Needless to say, I think No. 11 Dyspepsia Tablets are great, and anyone suffering from dyspepsia, indigestion should try these Tablets by all means, as I consider them a magic remedy.

The above prescription is a "Cure-All" or so-called patent medicine. Dr. Morrissey prescribed it for 44 years, and it cured thousands after other doctors failed.

Price, 50c per box at your druggist, or Father Morrissey Medicine Co., Limited, Montreal.

THE WORST FEV

In the more inaccessible parts of the Sierra Madre mountains, in northern Mexico, live a curious people called the Tarahumara. Many of them dwell in caves, but they have also small villages, all of them about 8000 feet above sea level. The Tarahumara are small in body, but possessed of much endurance. Their only food is maize, and they manufacture a drink called chihui, from the same cereal. Their language is limited to about 300 words, and they cannot count beyond ten—Scientific American.

LATEST DEVICE FOR CONTENT

Paris, Oct. 7.—The "grumble-meter" is the latest device for keeping cheerful under the stress of modern conditions of life. It is the invention of M. Emil Deutsch de la Meurthe, and consists in a list of all the evils which might conceivably befall an ordinary person.

To obtain relief from life's little worries and over-indulgence in one's pet grievances one has to pull out the list and consult it. Reflection upon the horrors that might befall him is guaranteed to restore the patient's equanimity.

The journal "Excelsior" has started a competition to discover the twelve worries which its readers judge to be the most vexations in life. The winning list starts with the death of dear ones, and goes on through unhappy marriage, treachery of friends, illness, money worries, dishonesty, parental cares, disappointments, wounded pride, family quarrels, servitude to indigestion, which closes the list.

One specimen "grumble-meter" sent in included as the principal ills that flesh is heir to the weather, old age, tight boots, servants, mothers-in-law, insects, and the "Mona Lisa."

TWO MUCH FOR HER

Little Elizabeth and her mother were having luncheon together, and the mother, who always tried to impress facts upon her young daughter, said: "These little sardines, Elizabeth, are sometimes eaten by the larger fish." Elizabeth gazed at the sardines in wonder, and then asked: "But mother, how do the large fish get the cans open?"—Lippincott.

JAIL FOR CREATING TROUBLE ON C.P.R. TRAIN

Hartford, N. B., Oct. 8.—(Special.)—Yesterday Police Officer Foster arrested Jas. Hogan, James Sullivan and Jas. Cagle, charged with creating a disturbance on a C. P. R. train, southbound from Edmondston, where the men had been at work on the G. T. P. The information was laid by Trainmaster Williams, and the prisoners were taken before Police Magistrate Holroyde at New-donk.

The first two were fined \$10 each and given two months in jail. Cagle, the least offender got off with the out of on of a month in jail or \$10 fine. He paid the fine.
