The winners covered in all 2,751 miles, 13 and 9 laps better than the record of McFarland and Moran in 1908.

NEWAY LALONDE AND OTHERS

Lalonde, the Canadian's out-hockey player has been offered by that team in exchange for both him and Durrah an Ottawa pair, have been put on the market by manager Percy Lesueur, of the Capital. Ottawa has also sought Wanderers in effort to dispose of its troublesome forwards, both of whom have on the hold-out list, seeking \$1,500 and \$1,000 contracts offered them, in the Wanderers Lesueur asked Hyland and Odie Cleghorn in exchange, and the other clubs have also sought in connection with the deal, Ontario being asked to surrender Cleghorn. President Lichten previously offered Walter Miller for Ronan, but the Ottawa men would think of accepting, though Kendall might be another inducement. There is no possibility, however, of the Wanderers giving up Cleghorn.

C. Parker, of the Balmalm Rowing Club, Sydney, N. S. W., who rowed in the Australian eight-oared crew that won the Grand Challenge Cup at Henley and the Olympic games in Stockholm, joined the professionals. Two of club mates, Hatgens and Grandien, also quit the amateur ranks, and three oarsmen with Priddle, who was once a member of the Balmalm Rowing Club, have entered for a four-oared crew to be rowed under the auspices of the Parramatta River Professional Rowing Club. Com O'Rourke has called George Reppert an offer of \$10,000 in New York on a "Porky" Flynn in New York on a 200-lb. Mack McAllister, ex-lightweight champion, to make a tour of Europe. HINT AND MIKE GIBBONS WILL MEET IN PHILADELPHIA ON DECEMBER 15

Frankie Fleming, who is a very wealthy man the directors may take up the stock themselves though some may be placed on the market. Messrs. Smith and Proctor, owners of the pacer Grand Opera, have succeeded in having a company incorporated for the purpose of purchasing land and building a race track. It has long been the ambition of these horsemen to bring the grand circuit to Toronto, and it now appears likely that their efforts will be rewarded with success. The name of the club is the Queen City Driving and Jockey Club. J. H. Smith, president of the company, is the Canadian Pacific lands agent in Toronto and with Al Proctor owns the horses Grand Opera, pacer, 2:13 1-4; Billy Sims, pacer, 2:18 1-4; The Saxon, trotter, with a two-year-old record of 2:28 1-2; Pearl Thorn, and Fern Driving Club will be secretaries.

The company is capitalized at \$200,000, and Mr. McCullough says as the president is a very wealthy man the directors may take up the stock themselves though some may be placed on the market.

FOOTBALL. A Tie

There was a good crowd at the international football match between England and Scotland on Saturday afternoon. The score was a tie, each eleven securing two goals, although Scotland were the aggressors all through the game. One of England's goals was scored by one of the Scotch backs, who knocked the ball into his own goal by mistake. For England, Loweworth, Hopper and Tucker excelled, while Peables, McCrea and Dunlop played best for the Scottish footballers.

Brickley Scored 251 Points

The complete record of Charles E. Brickley for Harvard in the gridiron has been compiled, and it is believed that in the three years, during which he has performed on the freshman and 'Varsity eleven for the Crimson he has tallied more points than any other man that ever represented the institution in a similar period of time. He has made thirty-four field goals for a total of 102 points, five goals from touchdowns for a total of five points and twenty-four touchdowns for a total of 144 points, making a grand total of 251 points on sixty-three plays.

Donnelly Out of Sport?

Montreal Herald.—Presumably as a result of the cloud under which his amateur status rests because of assertions made in eastern newspapers that he played professional baseball in the maritime provinces, Joe Donnelly, the big McGill line-plunger, announced today that he would not take any further part in sport. Donnelly had been expected to fight as McGill's best wrestler in the Intercollegiate mat tournament this winter, and is also a clever basketball player, who will be greatly missed from the Red and White Five. Donnelly did not definitely state that the intimations launched against him were the cause of his retirement from sport, but his announcement is generally interpreted in that way.

Should the investigation now under way by the McGill authorities clear Donnelly's amateur character, it is likely that he can be induced to return to winter activities, but the investigation is making very slow headway. The committee announced today that no answers had been received from the men in the maritime provinces to whom inquiries into the big line-plunger's amateur status had been sent. The officials are somewhat surprised, over the time it has taken to get any evidence from the east, but attribute the delay to the time taken in looking up records. If Donnelly the McGill rugby player, is branded as a professional, there may be more trouble caused in the aquatic world, for "Red" McLean, who played on the football team with him, also played on the water polo team for McGill in their match with the M. A. A. A. on Tuesday, December 2.
