TO FREDERICTON.

F. P. Brady, general manager of the eastern lines of the Canadian National Railways, and L. S. Brown, general superintendent of maritime division, left for Fredericton this afternoon in their private cars, which were attached to the Valley train. They will inspect the line and look into requirements, service, etc.

WON BY TABERNACLE.

The banner put up for competition among the young people's societies of the Baptist churches of the city for the one having the largest representation at the grand rally, was won by Tabernacle Baptist church Young People's Society, not by the Waterloo street society, as was published. The Tabernacle figure was 99 per cent.

LUMBER INQUIRY TOMORROW.

Mayor Schofield announced this morning that the inquiry into the alleged cutting of lumber on city lands would be commenced at city hall tomorrow afternoon at 8:30. The investigation will be open to the public and will be conducted by Dr. J. B. M. Byers, K. C., city solicitor. The mayor will preside and all the members of the council will sit on the committee. It is proposed to hold an evening session if necessary.

TO CAMP SUSSEX.

Brigadier General A. H. Macdonnell, C. M. G., D. S. O., general officer commanding military district No. 7, Lieut. Colonel A. H. H. Powell, assistant adjutant general for this district, and Lieut. Colonel A. E. Lawson, senior engineer officer, left for Sussex this morning to inspect the camp grounds to be decided on for the camp in June. The grounds have not been used since several battalions were drilled there for overseas service during the war, and doubtless some work will be necessary.

ACTIVITIES OF CHURCH REVIEWED

Annual Meeting of Fairville Methodist Quarterly Board.

The annual meeting of the Fairville Methodist quarterly official board was held last evening with a good attendance.

Rev. Thomas Marshall presided. Reports on the activities of the church were read.

Mrs. McCumber reported for the Ladies' Aid Society, Miss Gladys Shaw for the Epworth League and H. M. Stout for the Sunday school. The treasurer's report was also read and approved.

Among the interesting items brought to the attention of the board was the matter of the amounts raised by the Epworth League during the year; also that the Women's Missionary Society raised \$152 and Mission Band \$37.50.

The Sunday school contributed some \$467 to all causes, including \$38.50 to missions and \$81 to the Armenian fund.

J. Stout was re-elected treasurer and Miss Gladys Shaw assistant. The old board of stewards was re-elected as follows: H. M. Stout (recording steward), Perry Kelly, Wm. Stymest, D. Linton, J. Stout, W. E. Earle, S. T. Coughle. Refreshments were served at the close of the meeting by the lady members.

RIVER NOTES

D. W. Brown, who has been postmaster and storekeeper at Public Landing for some years, has sold out his houses, store and farm land to James Holman of this city and will remove to St. John on Wednesday. Mr. Holman is now in charge of the store.

There is the sunken boiler of a boat that was burned last fall at one side of Public Landing wharf and a sunken scow at the other side. Steamers have difficulty in making the wharf when there is a strong wind. Nobody seems to know who is responsible for keeping either the sides or the top of the wharf clear for the public.

George Craig, of Craig's Point, is ill of pneumonia, and was in a critical condition on Sunday last. All patrons of river steamers know Mr. Craig and will hope for his recovery.

BUSY MORNING AT CITY HALL

Many Matters of Interest at
Committee Meeting

Proposal to Flush Streets and Arrange with Street Railway Watering by Car During the Early Morning—Some Talk of Welcoming East St. John and Lancaster Into City.

Many matters of interest were discussed at this morning's committee meeting of the common council, including the preparation of a complete plan of the city for the use of the board of assessors, the institution of water services at East St. John, co-operation with the board of health for cleaning up days, and the flushing and sprinkling of streets.

On motion of Commissioner Bullock the sale of a lot in Orange street to John White for \$800 was recommended. The purchaser to build a retaining wall when required to do so by the city; estimated cost of wall \$400.

Mr. Bullock moved that the wages of Thomas Thompson of the ferry department, who died on May 4, be paid his widow to the end of May. Carried. Mr. Bullock asked for authority to call for tenders for the painting of sheds Nos. 1, 2, 3 and 4, at West St. John, at an estimated cost of \$4,000. The matter was left over for further consideration.

Commissioner Jones presented a petition from Frank Hazen, who had recently completed a house on the south side of Mt. Pleasant court, asking for extension of water and sewerage mains. He said this would mean about eighty feet extension and the estimated cost is \$800. Mr. Jones suggested a four inch pipe, while Commissioner Frink suggested a larger dimension so that a fire hydrant could be installed. It was pointed out that the applicant agreed to pay ten per cent of the cost each year until sufficient revenue is derived. The motion carried.

East St. John people were calling for water services, the commissioner said. Some of those living close to the main had water installed, while others living farther away were asking for extension. City and County.

Commissioner Frink said that the tendency was toward unification of the city and county. As the city had extended the main to East St. John, it was only natural that the people wanted use of these services.

There are gates at Kane's corner and the Suspension Bridge that are preventing the principle of a bigger and better St. John. He would like to see the gates opened and would welcome a petition from either the eastern or western neighbors for amalgamation with the city. He was sure the council would be glad to welcome East St. John into the city and if this matter of water extension was an opening he would be pleased to go half way to meet the East St. John people.

Commissioner Jones said that the hydrant from which the residents of Visart street were procuring their water was causing considerable waste. On account of the great cost he was not prepared to recommend the extension of water main, the cost being about \$18,000. The matter of sewerage, which would have to be carried by Newman Brook would also enter into the consideration, and he would like to take the members of the council to this site as well as to East St. John. Thursday afternoon was set for the visit.

Commissioner Frink said he wished to withdraw his resolution regarding the paving of City road, as he understood that there were 1,800 feet of service pipe to be installed.

Mr. Jones said that the work on the sewer pipes would start tomorrow morning.

It was decided that Commissioner Jones and Frink should get together on this matter before further action was taken.

Commissioner Thornton moved that he be authorized to go ahead with repairs to the exhibition buildings to be done by day's work, the estimated cost not to exceed \$12,000.

Commissioner Frink said it was too hard to spend so much money on the old buildings.

The mayor said it had to be done to have a show.

Regarding the clean-up day, the mayor asked if it was possible to flush the paved streets.

Commissioner Frink recommended that \$200 be paid by the city towards the fund for payment of the clean-up day work.

Regarding the flushing, Commissioner Frink heartily approved of the suggestion provided the consent of the safety department could be secured. Mr. Thornton said he was willing to co-operate.

Commissioner Jones suggested to the commissioner of public works that the matter of street sprinkling be taken up with the street railway. He thought that tank cars might be sent out early in the morning to spray the streets served by the street railway and save a great deal of time.

The matter was left in the hands of Commissioners Jones, Thornton and Frink for arrangement.

The mayor read a letter from G. G. Murdoch regarding the preparing of plans for the use of the assessors. He said that the cost would be about \$150 a block, a total of \$37,000. However, with information already in his possession, he would be able to do the work at a maximum cost of \$25,000, including the unbuilt portion of Stanley ward to be completed by Jan. 1, 1923. After the city engineer and the chairman of the board of assessors had explained the need for the plans, Commissioner Frink moved that the survey be made of the whole city, the work to be carried out under the direction of the city engineer and that he be authorized to make arrangements with G. G. Murdoch and others, the cost not to exceed \$25,000 and to be completed by Jan. 1, 1923. Carried.

ARCHBISHOP CASEY BETTER

Of Course You'll Want to See The Louis XVI Bed Set Now Showing

We don't want to appear to be over boastful, but it's impossible for us not to feel a trifle "chesty" over the superb period bedroom set now in our windows, and we know you'll condone our failing when you see the set.

It's the popular Louis Sixteenth design, with the attractive bow foot bed and substantial and roomy dresser. Solid mahogany of the quiet, dignified, majestic English brown finish.

Altogether the set consists of seven pieces—bed, dresser, chiffonette—a roomy and compact bedroom servant—night table, chair, dressing-table and stool.

No obligation attached to a "close up" inspection, so slip in and see it first hand.
