STILL AT LARGE

NO NEW CLUES AS TO WHEREABOUTS OF ROBERTS AND SEADMAN.

London, Aug. 9.—Nothing new was reported here last night by the authorities in regard to the missing jail-breakers, Jack Roberts and Joe Seadman, who a week ago yesterday afternoon made their sensational climb for liberty over the 26-foot wall of the exercise yard of the London jail.

The men were neither county nor city prisoners, but were Government prisoners under the jurisdiction of the sheriff, and police authorities impartially gave their opinion that the men are either over the border by this time or else east of Hamilton.

EXPRESS HITS AUTO

MOTORISTS ON PLEASURE TRIP MEET DEATH AT NEW JERSEY LEVEL CROSSING.

Cape May, N.J., Aug. 9.—Five persons were crushed to death tonight when a Pennsylvania railroad express struck an automobile at Mill Lane Crossing, on the West Jersey and Seashore Railroad. The dead are: Frederick W. Felch and wife, Fritz Morgenthau and wife, and their chauffeur, M. C. Jones, all of Baltimore. Morgenthau was the son-in-law of Mr. and Mrs. Felch.

The party had been spending a few days in Atlantic City, and this afternoon left for an automobile trip to Cape May. As they approached the tracks, the fast moving express struck the automobile head-on toward the tracks. Mrs. Felch, who lives near the crossing, saw the approaching express, and waved her hands for the automobile to stop, but the man either did not see the signal or thought he could cross the tracks before the train reached him, and dashed on the road just as the train reached the crossing. The express struck the automobile squarely between the wheels.

CONFERENCE BOUNDARIES

MATTER TO BE SETTLED BY HEAD OF METHODIST CHURCH AT VICTORIA.

Victoria, B. C., August 9.—Among the important western problems which will come before the general conference of the Methodist Church which opens here August 14, will be the readjustment of the boundaries of the Western conferences. At present three districts, all in the confines of the Province of Manitoba, Brandon, Souris and Vineland, belong to the Saskatchewan conference.

This arrangement was made in the early days on account of the railway conditions. This category is passed now, and it is felt that the three districts ought to belong to the Manitoba conference. This will make the Manitoba conference, which also includes New Ontario as far east as Port Arthur, a little unwieldy, and the suggestion is made to divide the Manitoba conference into two.

The Alberta conference also wants to be divided into northern and southern, with headquarters at Calgary and Edmonton. The three prairie provinces also want a Western missionary executive.

Race Costs Him His Life.

Toronto, Aug. 10.—Over-zealousness in a window-cleaning race with his partner resulted in a fatal drop of five storeys for Harry Warnes yesterday afternoon.

He was an Englishman, 19 years old, and had been in Canada three and a half years. He was cleaning the outside of a window on the fifth floor of the Andrew Darling building on Spadina avenue, but had neglected, it is said, to secure himself with a rope, because he wanted to beat out his partner, Wallace Graham, who was similarly engaged on another window.

Switchman Killed by Train.

Belleville, Aug. 10.—Wm. Jordan, a G.T.R. switchman, who lived in Toronto, was killed in this city Monday evening. He was operating a switch on the line of the Grand Trunk in Pinnacle street, when his foot became caught in a frog and some cars passed over him, mutilating him in a horrible manner. Death almost instantaneous. He was a married man with a family.

Ratepayers Apathetic.

Orillia, Aug. 10.—Because 806 votes were required to be polled and only 771 turned out, the bylaw granting tax exemption to the Canada Redning and Smelting Co. was defeated. The matter may be taken before the private bills committee of the Legislature next session.

Roosevelt For Governor.

New York, Aug. 10.—Nominate Theodore Roosevelt for governor of New York and trust to luck, is the plan proposed by some of the leaders in the Republican organization in New York, as a way out of the political dilemma they are facing in this fall's campaign.

CIVIC WELCOME TO ODDFELLOWS

Officers Elected at the Grand Encampment—Grand Lodge Opens To-day

Toronto, Aug. 10.—Everything in connection with the meeting of the Grand Encampment of the Independent Order of Oddfellows, which was held yesterday in precedence of the meeting of the Grand Lodge which meets to-day, passed off in a manner that marks it as one of the most successful ever held. The morning session was opened with an address by ex-Mayor Joseph Oliver. The Grand Patriarch, E. B. Morrey, presided. Every-encampment within the jurisdiction was represented, and the following Grand officers from other jurisdictions were present:—G. A. Houghway, G.P., and S. Wood, G.S.W., Massachusetts; J. L. Miller, G.P.; J. B. Penick, M. Maginn, J. S. Hutchison, G.S. Connecticut; J. H. McKay, P.G., Pennsylvania; and H. Wilson, H. P. Manitoba.

Officers for the ensuing year were then elected as follows:—Grand Patriarch, R. Meek, Kingston; Grand High Priest, J. R. Thomson, Windsor; Grand Senior Warden, E. Clapp, Toronto; Grand Scribe, J. A. McDonald, Toronto; Grand Treasurer, E. Belitz, London; Grand Junior Warden, R. H. Ketchison, Belleville; Grand Marshal, W. J. Graham, Grand Settlement, M. J. Walsh, Walkerville; Grand Organist, E. Belitz, M. Callahan, Carleton Place.

In his report, E. B. Morrey, of Ingersoll, the Grand Patriarch, commented upon the many changes that had occurred in the Patriarchal branch of the order since the Encampment met six years ago in Toronto. Last year there were several regrettable deaths, including that of the Grand Scribe, M. D. Dawson of London, whose place had been filled by the Executive appointing Joseph Powley of Toronto. The increase in membership was not as great as he had expected.

Mr. Joseph Powley, the Grand Scribe, reported a gain in membership during the year of 219. Which brought the total membership up to 6,024. Mr. E. Belitz, the Grand Treasurer, reported that including the balance of 1908, the receipts for the year amounted to \$2,574.44. The expenditure amounted to \$2,471.19, so that there was a balance of \$1,103.25 at the close of the financial year. The Grand Lodge of the order opens to-day in the Y.M.C.A. Hall.

BRIEFS FROM THE WIRES.

Sir Wilfrid Laurier received a rousing welcome at Edmonton. Two boys were drowned at Golden Gate, near St. John, N.B., yesterday. John Gentles, a well-known horseman and real estate dealer of Kincardine, is dead.

An express train struck an automobile near Cape May, N.J., and five persons were killed. A long series of lawsuits have been entered or threatened in connection with the Millette charges in Montreal. Joseph Rogers, superintendent of provincial police, opened an inquest at Montreal into the series of recent fires there.

Chief Tremblay of the Montreal fire brigade mentions forty-five persons on record of special bravery in his report to The Herald fire. Albert Rochon, who uncoupled a locomotive from a G.T.R. passenger train at Montreal during the strike, was sent to jail for six months.

Western Problems.

Victoria, Aug. 10.—Among the important problems which will come before the general conference of the Methodist Church, which opens here on Aug. 14, will be the readjustment of the boundaries of the western conferences. At present three districts, all in the confines of the Province of Manitoba, Brandon, Souris and Vineland, belong to the Saskatchewan conference. It is felt that the three districts ought to belong to the Manitoba conference. This will make the Manitoba conference, which also includes New Ontario as far east as Port Arthur, a little unwieldy, and the suggestion is made to divide the Manitoba conference into two.

The Alberta conference also wants a resolution asking that it be divided into northern and southern, with headquarters at Calgary and Edmonton. The three prairie provinces also want a western missionary executive.

Depends Upon Ourselves.

Victoria, Aug. 10.—"The success or otherwise of the Canadian navy depends wholly upon the Canadian people. If they set out to make a navy they can do it, but if they are half-hearted the plan will not amount to anything. The movement of Canada in this respect is being watched by the whole world."

This was the statement made by Rear-Admiral Lyon of the royal navy, who is returning from China where he has command of the China station. Discussing the Canadian action further, Admiral Lyon said the navy did not depend upon legislation, but upon the men and brains that were put into it. With times so good as they were in Canada at the present time he should be able to get the navy to get young men to enter the navy as a profession.

ENTERTAINED CHOIR

A MISCELLANEOUS SHOWER LAST EVENING FOR MISS ANDERSON.

The members of the choir of St. James' church were pleasantly entertained at the lecture last evening by Rev. and Mrs. R. J. M. Perkins. The evening's program included music and various games with refreshments as the concluding feature.

A very pleasing feature of the occasion was a miscellaneous shower for Miss Anderson of the G. N. W. telegraph office, who was completely surprised.

The choir boys were previously entertained at Fairmount Park, where they had a most enjoyable outing.

ERROR IN ARREST

Montreal Lawyer Says Crippen Was Illegally Apprehended. POLICE WERE POWERLESS.

Provincial Officers Who Arrested the Fugitive Were in Dominion Territory and Were on a Federal Boat at the Time—Paper is Paying For Miss Leneve's Defence, Says Her Father, in a Cable.

Quebec, Aug. 10.—A Montreal attorney, who does not wish his name disclosed at present, but who has been engaged by Arthur Newton, the London solicitor who is defending Dr. Crippen, announces there may yet be trouble over the return of the prisoner to England, should extradition be fought. The steamer Montrose is a Canadian boat, and as such is entirely and only directed and governed by the Dominion Marine Act. The arrest of Dr. Crippen and Miss Leneve was made in the middle of the St. Lawrence River by the provincial authorities, which is altogether illegal and wrong. The arrest on the river could not be made by anyone else than the federal police, and with a warrant from the Department of Justice.

Ethel Leneve received a cablegram late yesterday afternoon in the penitentiary, from her father, signed "Dad," urging upon her to maintain the strictest secrecy, and informing her that the money for her defence and Crippen's was being supplied by a famous London newspaper. The father also mentioned that he had given the story of her life exclusively to the same journal, on the understanding that the money would be given by this paper for his daughter's fight for freedom. The name of the newspaper was not given in the cable.

This disposal of the highly incredulous story which has been floating about during the past few days that the money for the prisoner's defence was being supplied by certain wealthy ladies in London, who were in the grip of Crippen, and who were in terror lest he should tell the world the many secret discreditable things he knew concerning them. The case, it is understood, will then be fought by the ablest lawyers procurable in London.

Exciting Race In Air.

Nancy, France, Aug. 10.—Leblanc and Auburn again led the van of yesterday's leg of the cross-country aeroplane race. The second section of the flight was from Troyes to Nancy, a distance of 160 kilometres, or approximately 102.5-10 miles.

The race between the leaders was an exciting one. Auburn started five minutes earlier than Leblanc, and the air men were within sight of each other until they landed here. Leblanc's machine proved the swifter and he gradually overhauled the other, reaching the goal thirty seconds ahead of his rival.

Both men used Blériot monoplanes and steered by compass, checking their position from the flags which had been placed on the church steeples in the villages over which fires marked the course over the country stretches.

Both Leblanc and Auburn traveled with an average height of about 1,600 feet. They were badly shaken by the air eddies over the forest of Toul, west of this city. Leblanc's time was 2 hours 14 min. 55 secs. and Auburn's was 2 hours 20 min. 20 secs.

M. Legoux was the only other contestant who arrived here without having made a stop.

McNulty Blamed.

Orillia, Aug. 10.—The coroner's jury on the body of the baby found on Blackberry Island, Lake Couchiching, for the murder of which Thomas McNulty and Mary Dolan have been committed to stand their trial at Barrie in September, have handed out their verdict. They place the onus of the whole affair on McNulty and express themselves in no uncertain language.

Their verdict says in part: "We wish to express our strongest condemnation of the part taken by Thomas McNulty in the murder of the child, but recommend that all possible mercy should be shown Mary Dolan, as we are of the opinion that she was mentally deranged and not accountable for her deeds."

Major J. J. Scott of Pincher Creek, Alta., committed suicide on Sunday night. Cause unknown.

Alfred Wagner of the Supreme Court of the Province of Quebec, died on Sunday, aged 68.

WAS HIDDEN UNDER STEAMSHIP BUNK

Man Arrested at Halifax Believed to be Murderer Wanted at Quincy, Mass.

Halifax, Aug. 9.—Chief-of-Police Michael McGrath, of North Sydney, has been receiving telegrams from Quincy, Mass., police department to be on the watch for Restelli, the Italian, who murdered his mother and sister. He was reported to be en route to Newfoundland and Chief McGrath was requested to keep the steamship Bruce under vigilant survey. Tonight an unknown man purchased a ticket and disappeared. The ship was searched and the man's bunk was empty, but a peculiar noise underneath attracted attention and the suspected culprit was found hidden away beneath the tick and board of the bunk in such a position that the bunk had to be torn down in order to secure him. He tried to reach for his revolver, but was overpowered. The man would give no name, but names found on documents upon his person were those of Strofer and Weiss. The latter name, he claims to be his own. Besides a revolver he also had two boxes of cartridges to suit the gun. He is clean shaven and about 26 years old. Regarding height and weight he answers Restelli's description and speaks good English and has light hair, which is falling out. He claims to be German-American from Toronto, and refuses to say anything more about himself. It is believed that he is Restelli, who had been hiding in the woods. Chief McGrath says if this man is not Restelli he is surely someone who is wanted by the police. He was placed in the murderer's cell and will be held.

A company has been formed to take over the American company's patents. There is a capitalization of \$100,000. The city will furnish factory and site. THE PARADE IN CHICAGO, GREATEST IN HISTORY OF ORDER.

Chicago, Aug. 9.—There began in Chicago to-day the greatest parade of Knights Templar ever witnessed in the history of the order. Every Knight attending the thirty-first triennial convocation who could get time was there. The Right Hon. Henry James, Earl of Euston, cousin of King George of England, and the Most Excellent Supreme Grand Master of the Great Priory of England and Wales, waited beside the line, attired in his full regalia as head of British Templary, to review the followers of the Red Cross. Farther on Mayor Huse was saluted, and still farther Governor Denison acknowledged the tribute of flashing steel.

Lady Laurier visited the Canadian Soo Monday, with Hon. L. P. Brodeur's party on her way west.
