FOUR MAIL CLERKS BURNED TO DEATH

SEVERAL RAILWAY CARS WERE DESTROYED

The Unfortunate Men Were Unable to Escape—A Number of Others Were Injured.

Cleveland, O., Feb. 24.—As a result of a head-on collision between a west-bound passenger train and an east-bound freight train last night, four mail clerks were burned to death and several trainmen were more or less seriously hurt. All the injured are in a hospital in Cleveland. It is reported that no passengers were hurt. The passenger train was well filled, and many of the passengers were school superintendents and teachers on their way to Cincinnati to attend a meeting of school directors and teachers in that city. The unfortunate mail clerks were caught like rats in a trap within their car when it caught fire, and being locked in, were unable to release themselves. The scene of the wreck is but a few miles west of the city of Cleveland, and relief was started out immediately on hearing of the wreck from this city. The injuries to the train crews consisted mostly of cuts and bruises, and are not considered serious. All but two of the cars of the passenger train were destroyed by fire, which probably started from the overturning and explosion of oil lamps in the express and mail cars.

C. P. ON ATLANTIC.

The Advent of the Company Will Be Well Received. Montreal, Feb. 24.—A special cable from London to-day says: "The C. P. R. purchase of the Elder Dempster line is well received here. Mr. Arthur Piers, Canadian Pacific steamships superintendent, has gone to Liverpool to make the necessary arrangements to enable the service to begin at the opening of navigation. It is understood Montreal will be the Canadian terminus, and Liverpool will certainly be one of the British ports. The other two will probably be Glasgow, London or Bristol. Little doubt is entertained in well-informed quarters in London that the Canadian Pacific now stands the best chance for the fast mail service."

BANDITS ORGANIZING.

Report That Large Force Is Preparing to Attack Town. Vienna, Feb. 22.—It is reported that the Macedonian leader, Boris Sarafoff, has organized within the past fortnight several bands of well-equipped Bulgarian bandits in Macedonia, each consisting of about 250 men. The Nene Frele Presse learns that 4,000 armed Macedonians are concentrated near the celebrated Rila monastery, forty miles from Sofia, and are preparing to attack the town of Melnik, in the Turkish province of Seres. There is an unconfirmed rumor that the Albanians have attacked the Roumanian consulate at Mitrovast, Turkey.

KILLED BY HIS SON.

The Family Say the Boy Was Acting in Self Defence. New Orleans, Feb. 22.—Peter Farrell, one of the leading local Democratic politicians and state coal gazer, was shot and killed by his eldest son, Edward, to-day. The family claim that in a fit of un-governable temper Farrell attempted to kill Edward and George, the eldest boys, for misconduct, and Edward took the pistol from him and fired three shots into his father's heart. The boys survived.

DYING FROM CANCER.

Mrs. Roehling, Who For a Time Directed Construction of Brooklyn Bridge, Is Ill. Trenton, N. J., Feb. 24.—Mrs. Washington A. Roehling, famous for the part she took in directing the construction of the Brooklyn bridge after her husband had been incapacitated by cancer fever, is in a critical condition at her home in this city. She is suffering from cancer, and her physicians entertain little hope for her recovery.

THE PRICE OF COAL.

Price of Operators and Corporations Begins at Chicago. Chicago, Feb. 24.—The trial of the seven individual coal operators and nine corporations for alleged unlawful control of the coal prices was called here to-day. Much difficulty is anticipated in securing a jury.

ATTACK CONTINUED.

Members of Commons Continue Criticism of War Secretary Broderick's Scheme. London, Feb. 24.—When the debate on Mr. Beckett's proposed amendment to the address in reply to the King's speech at the opening of parliament was resumed in the House of Commons to-day, the attack on War Secretary Broderick was continued. Winston Spencer Churchill, (conservative), declared Mr. Broderick's expectations had only been realized in two directions, namely in the decrease in the number of volunteers and in the increase in the British army in proportion to the number of generals than in any army in the world, except Venezuela. The speaker further declared that the whole army corps scheme was a "humbug and sham," and was only introduced with the object of militarizing England. He asked where the government expected the three army corps intended for foreign service to operate. It was not in South Africa and such a force was not needed in India and they certainly could not contemplate the three army corps operating in Canada, for the United States was "no more prepared to invade Canada than Great Britain was prepared to invade the United States." Mr. Churchill alluded amidst cheers "And long may that salutary neglect continue."

AGAIN SNOWBOUND.

Express Trains Unable to Make Any Progress in Newfoundland. St. John's, Nfld., Feb. 24.—The belated express trains are again snowbound. One train after making 60 miles in the direction of St. John's, found further progress impossible, and was sent back 10 miles to a division point, where supplies of food and coal are stored, which will enable it to remain a long period without causing anxiety. The other train, on the western side of the plateau, in the middle territory, was unable to retreat to the settlement of Bay of Islands, as had been planned yesterday. A working train with two engines and a crew of fifty men, carrying provisions, started last night in an attempt to cut the express clear and keep these aboard in provisions. Meanwhile the other sections of the road are also blocked, but as no trains are moving at present, there is no anxiety, except in the fact that the greater portion of the express is out of St. John's. The first mail into the colony for nearly a fortnight, consisting of 400 bags of British, United States and Canadian mail, arrived to-night by steamer Danana from Halifax. The mails lay at Sydney four weeks, awaiting the steamer Bruce, which, however, was frozen in the ice of the Gulf of St. Lawrence. They were then sent to Halifax and brought here by the steamer Danana.

THE PURCHASE OF STEAMERS.

C. P. R. Company Has Acquired Fourteen of the Beaver Line Vessels. Montreal, Feb. 24.—The Star's London cable says: "Even yesterday a small note of criticism was drowned in to-day's general approval of the Canadian Pacific's purchase of 14 Beaver line steamers. Both this company and the Elder Dempster people decline to divulge prices, which is variously stated from one and a quarter to two million pounds sterling. It is a fact that the Lake Shore and Lake Ontario are struck out of the original list of steamers, making at present a purchase of 14 only. This doubtless accounts for the variation in the statements as to the price paid. "Four of the new steamers being passenger steamers the question is now being considered as to whether immigrant passengers are to be carried. The fact, however, that this service only begins after the great spring rush is over will probably cause the company to defer their decision on this point. It is also undecided exactly as to what British ships are to be chosen."

HEAVY SENTENCES.

Imposed on Men Guilty of Personation in the Referendum. Ottawa, Feb. 24.—Judge Deacon to-day sentenced John B. Hollingsworth, veterinary surgeon, to six months' imprisonment in the county jail and a \$200 fine, for voting more than once on the referendum in December. Were Not Present. Toronto, Feb. 24.—Sentence of one year's imprisonment was imposed to-day on Joseph Omelia and David Cohn, for personating on the referendum vote. Neither man appeared, and it is supposed both have gone to the United States.

A FIDELITY MURDER.

Wife of Farmer Dragged to Barn and Killed with a Pitchfork. Elmira, N. Y., Feb. 23.—A horrible murder was committed at Trowbridge, Pa., a small town about twelve miles from here, this morning. Mrs. Rachel Payne, wife of George Payne, a farmer, was murdered by a tramp farm hand, named Edw. Mason, who dragged her to the barn and killed her with a pitchfork, pounding so hard that he broke the handle of the instrument. He then smashed the house, and stole \$100 in money. He made good his escape, and the woman was found in a dying condition at 4.30 o'clock this afternoon. Officers from four counties are on the murderer's trail.

Blaze at Waterford.

Waterford, Ont., Feb. 24.—Fire this morning destroyed the Duncombe building, occupied by Hadden, tailor; Hill, butcher; Perkins, shoemaker; and the office of Marlatt & Duncombe. The contents were also destroyed, also the building, owned by Mrs. J. P. Dean and occupied by Shillidrick & Clover, hardware merchants. The store of Galley, a shoe man, was slightly damaged. The loss on the buildings is \$90,000 and stocks \$10,000, and is partly covered by insurance. Prof. Steen Dead. Montreal, Feb. 24.—Prof. F. J. Steen, vicar of Christ Church Cathedral, died early this morning from a complication of diseases. He was born in New York in 1867. He became well known in Canada two years ago on account of a charge of heresy being laid against him by Archbishop Bond, but which was finally dismissed.

Attacked His Father.

The son was before the police yesterday this morning and remanded for a week. Two Deaths. Winnipeg, Feb. 24.—Rev. Waddington Clark, rector of St. Luke's church, is dead from scarlet fever this morning. W. Kirkwood, formerly a commercial traveller, of Montreal, is dead.

A WARNING.

Vice-President Blackstock on Opposition Encountered by the War Eagle. Toronto, Feb. 25.—At the annual meeting of the shareholders of the War Eagle mine to-day, Vice-President Blackstock said: "I desire to say for myself and I think I voice the sentiments of the president and the whole board, that unless we can get, if not the cordial support, at least a cessation of the opposition which we have encountered from those whose interests are as much at stake in the solution of this mining problem as our own, we shall allow someone else to furnish money both for fighting the people in litigation and for operating the mines. We have met with opposition from the government of the province, the labor unions, the municipalities, and smelters, in our efforts to reduce the cost and secure the water necessary to mill our low-grade ores, without which—speaking only for myself—I believe every mine in Rossland will be closed up and abandoned within comparatively a few months. "This is plain talk, but it is intended for those who apparently think we are afraid to abandon the mines and will therefore yield something to their factions' opposition. "The financial statement shows that during 1902, \$238,598 was spent on the mines, and that the net receipt sales totalled only \$203,249. The mine is now in debt to the extent of \$683,101, as against \$941,518 at the end of 1901."

LIBERALS RETURNED.

For Two Mountains and Terrebonne—Result in North Grey. Montreal, Feb. 24.—Ethier, Liberal, was elected by 175 majority for Two Mountains to-day. The Liberals also carried Terrebonne, where incomplete returns give Desjardins 250 majority. Netin Grey. Owen Sound, Feb. 24.—The Conservatives recaptured North Grey by a good majority from the Liberals to-day, the latest returns giving Thompson, Conservative, 175 majority, with two or three places to report. The vacancy was caused by the death of Dr. Horsey, Liberal, who had 17 majority at the last election.

FORMER ARCHDUKE

Decides to Enter the United States Navy. Vienna, Feb. 24.—The former Archduke Leopold Ferdinand, the brother of the former Crown Prince of Saxony, has telegraphed to his parents at Salzburg that he intends to become an officer in the United States navy.

EXCITING FIRE

Barnum & Bailey's Winter Quarters Badly Damaged. Bridgeport, Conn., Feb. 24.—Fire this morning partly destroyed a new brick car barn at the new winter quarters of the Barnum & Bailey circus and burned a number of cars belonging to the circus. The loss is estimated at \$100,000, on which there is an insurance of \$23,000. The fire was caused by a lamp falling to the floor in the midst of a quantity of benzine. While the fire was at its height a cornice fell, carrying to the ground with it 10 firemen, but none were seriously hurt. Great excitement was occasioned during the removal of 14 elephants. Their load trumpeting while being driven to a place of safety gave rise to a rumor that the animals had broken loose. The other animals were in danger at 10 time.

TWO NEGROES LYNCHED.

One Had Wounded a White Man and the Other Insulted a Woman. Shreveport, La., Feb. 24.—Frank Brown, a negro, was lynched here to-day. He had been charged with insulting a white woman, had been released on the payment of his fine by his employer. Shot to Death. Griffin, Ga., Feb. 24.—Wm. Fambro, a negro, has been shot to death on the outskirts of this city by a mob who fired over 1,000 shots into his house. Fambro, who had been charged with insulting a white woman, had been released on the payment of his fine by his employer.

DISCUSSED IRISH LAND QUESTION

John Redmond's Speech in Imperial Commons Proposed Amendment to Address, But Denied That He Has Any Hostile Intention. London, Feb. 25.—The Irish leader, John Redmond, in the House of Commons to-day moved an amendment to the address in reply to the speech from the throne, on the subject of the Irish land question. Mr. Redmond's speech was most conciliatory. He said the amendment was not intended as a hostile demonstration against the movement, but as a "friendly warning" to the minister, and that he and his friends believed the government is engaged in framing a great measure of justice and appeasement for Ireland, which, in the words of the King's speech, will "complete the abolition of the dual ownership of the land." All he (Mr. Redmond) wanted was an assurance from the chief secretary for Ireland, Mr. Wyndham, that the government is engaged in an honest attempt to solve the problem on the lines suggested by the report of the recent land conference, which the speaker added, "I believe will be accepted, and that the agrarian troubles and conflicts between classes in Ireland."

Memorial Building.

Next year will mark the 75th anniversary of the commencement of lectures at McGill University. To mark the occasion, the graduates have undertaken to erect a memorial building on the college grounds to cost upwards of \$100,000. (CANADIAN CATTLE. Mr. Hanbury Still Determined They Shall Not Be Admitted to United Kingdom. Toronto, Feb. 23.—A news cable says: "Mr. Hanbury, minister of agriculture, in a speech on Saturday, said if every cabinet minister were against him, he would not admit Canadian store cattle. If he opened British ports to Canadian cattle, he was not sure Canadian cattle alone would enter. It was also better for Canada to feed animals at home than export them to England. Robert Price will bring his motion to raise the embargo before parliament this week, and hopes Canadians in the House of Commons will support him."

PANAMA CANAL COMPANY.

No Objections to Changes in Agreement Proposed by the United States Attorney-General. Paris, Feb. 25.—The chief officials of the Panama Canal Co. are reported to have informed American officials here that there are no objections to the two changes in the agreement suggested in the recent dispatch from Attorney-General Knox, which proposed the acceptance of the company's tender subject to two modifications and to the United States Senate's ratification. It is assumed among the American officials that this willingness on the part of the company has been communicated to the authorities at Washington, as Mr. Knox's proposition is understood to refer to the ratification of the treaty between the two countries. The officials say the attitude which the company will assume after that date is undisclosed.

RECEIVED BY THE KING.

His Majesty Takes Much Interest in the St. Louis Exposition. London, Feb. 25.—D. R. Francis, president of the St. Louis exposition, who was accompanied by Ambassador Choate, was received in audience by King Edward at Buckingham Palace this morning. The King was most cordial in his reception of Mr. Francis, and evidenced much interest in the exposition. Mr. Francis was more than satisfied with His Majesty's promises to lend if possible influence towards providing for a full representation of Great Britain at St. Louis. The appointment of a commission to this end doubtless will be announced in a few days.

DEATH FROM GRIPPE.

Serious Epidemic in New York—Nearly One Thousand Patients Are in the Hospital. New York, Feb. 25.—Crowded to its utmost capacity Bellevue hospital is hardly able to care for its patients. An epidemic of grippé has brought the number of patients in the institution up to 920. Twelve deaths from the grippé were reported last week. Since January there have been 46 deaths from the disease in Brooklyn, which the health officials consider an alarming record, in view of the fact that only 53 deaths from grippé occurred in the entire twelve months of 1902.

DEPUTY MINISTER ON THE WAY WEST

PASSED WINNIPEG EN ROUTE TO FERNIE

Man Who Received Poisoned Candy Now Under Arrest—New C. P. R. Superintendent.

Winnipeg, Feb. 23.—The Gold Rock chocolate poisoning case has taken a new turn, when Chiverton was arrested at Winnipeg, on Sunday, and taken to Rat Portage, awaiting Detective Emmons's investigation. Chiverton is the man who received the box and distributed the candies. He is 22 years old, and hails from New Brunswick. He thrashed in Manitoba during the fall and worked in the Rat Portage Lumber Company's employ all winter. En Route to Fernie. W. McKenize King, deputy minister of labor, passed through Winnipeg yesterday en route for British Columbia, where he will try and bring about a settlement of the Fernie coal miners' strike there by arbitration. Mr. King was sent on his present mission by Sir William Mulock, New Superintendent. George Harcourt, editor of the Northwest Farmer, has been appointed superintendent of farmers' institutes and fairs for the Northwest Territories. Succeeds Mr. Pratt. Wm. Bell, formerly chief clerk in the sleeping and dining car department of the C. P. R., has been appointed to succeed Mr. Walter Pratt as superintendent of the Western division. Denounced by Archbishop. Montreal, Feb. 23.—Archbishop Bruchési, in a letter circular, again takes occasion to denounce immoral theatres, and the newspapers for encouraging them. Increasing Capital. ANOTHER GALE

Adds to Difficulties of Travelling in Newfoundland—Trains Returning to Starting Point. St. John's, Nfld., Feb. 23.—The trains which were snowbound in the interior, having secured relief are now moving towards their starting points where ample food and accommodation for the travellers are available. It was impossible for the trains to attempt to cut their way through the drifts across the summit of the island. Another fierce gale raged last night, adding to the snowdrifts. An Eastern train with 43 passengers reached St. John's this afternoon and now is on its way to this city, but it is not known when it will reach its destination owing to the rain storm and the subsequent frost which coated the tracks with ice. A train leaving St. John's this morning was unable to proceed half a mile from the station owing to the ice and had to return, abandoning further attempts to leave until to-morrow. The Western snowbound express is slowly retreating towards the Bay of Islands with 55 passengers aboard. It was deemed unwise to keep the train near the summit owing to a possible long delay before that section of the railroad is clear. The passengers of the express which also carries large United States and Canadian incoming mail are likely to be delayed at Bay of Islands for some time. Business is greatly inconvenienced by the delay in the arrival of the mail. Three thousand seal fishers to man the sealing steamers for next month's fishing are awaiting the clearing of the railroad tracks to reach St. John's.

ANARCHIST MEETING.

Report That Several Rulers Will Be in Danger When Plans Are Decided Upon. New York, Feb. 25.—The Evening Telegram prints a story to the effect that anarchists from all over the world are about to meet in a convention at Paris to devise plans that may radically effect the crowned heads of Europe. All preparations for the convention were carefully guarded, but the plans became known through a youthful delegate from this city. He is an Italian, known as "Angelo" and "Rudolph." The telegram says: "Far reaching anarchistic plans are to be discussed and perfected at this city's convention it is said, and it is even whispered that before adjournment is taken a meeting of anarchists will have been held and lots will have been drawn assigning anarchists to deeds, the foul accomplishment of which may shape the destinies of reigning heads of Europe."

Montreal, Feb. 25.—A special cable from London to-day says: "Lord Strathcona and Lord Mount Stephen have received the warmest personal thanks of the Prince of Wales for their munificence towards King Edward's hospital fund. Their gifts amounted to \$400,000 in securities, which give the London fund \$16,000 yearly. The King expressed his keenest appreciation of such practical munificence at yesterday's meeting of the fund. "The Canadian government has issued invitations to a number of representative British members of parliament to tour Canada during the coming autumn. The invitations will be widely accepted."

BY OVER HUNDRED OF A MAJORITY

Speeches by Leaders in Imperial Commons Mr. Balfour on the Army—Amendment to Censure War Secretary Was Rejected. London, Feb. 24.—The debate in the Commons on Mr. Beckett's proposed amendment to the address in reply to the King's speech at the opening of parliament, the terms of which were tantamount to a censure on War Secretary Broderick, concluded to-day. In the course of the debate the Liberal leader, Mr. Asquith, remarked that the debate was of greater significance than the division on it, and would be remembered long after the Sixth army corps had vanished into thin air. Premier Balfour, in winding up the debate, said that the government, complimented Mr. Asquith on going to the heart of the matter, namely, whether the army was too large and costly for the Empire's needs. Of course, he said, the fleet stood first, but there were limits to the uses of a fleet. It was impossible to bring a war to an end with a fleet which could not even strike a heavy blow to most enemies with which Great Britain might be engaged without a strong attacking force of soldiers, and it would be folly to deprive the country of a means of offensive action in the event of an emergency. Mr. Balfour contended that three army corps were necessary for work outside the Empire. They had to consider the defence of India. He regarded a war between Great Britain and Russia as in the highest degree improbable, but it was impossible to forget that the Indian frontier was the key of Great Britain's military position in the event of such a war, and without being an alarmist he wished to impress upon them that the events moved rapidly in Central Asia. In conclusion, Mr. Balfour claimed that the government desired the fulfilment of the wishes of the country. The government did not trim its sails to popular favor, and if the House desired an army on a scale that the government thought inadequate, the House must look to another government. The House finally rejected the amendment by 267 votes to 145. The division revealed fewer defections in the Unionists ranks than had been expected.

NOTES FROM OTTAWA.

Liberals Had Increased Majorities in Terrebonne and Two Mountains. Prof. Macoun's Lecture. Ottawa, Feb. 25.—Hon. Prefontaine has returned from Montreal, and is greatly pleased over carrying Terrebonne and Two Mountains by increased majorities, notwithstanding that the Conservatives tried to revive the Manitoba school question. Martineau, the defaulting militia clerk, is said to have confessed to taking \$75,000 from the government. Professor John Macoun lectured here on the summer climate in the Yukon last night. He said that the views about the "frozen north" were delusions. He said that the last spring frost in 1902 was on May 23rd, and the first autumn frost made itself felt on August 23rd. These dates were practically the same as in the Northwest.

The Baroness de Fontellart Will Resume Her Maiden Name of Miss M. Smith. New York, Feb. 25.—It has just been learned, says the Paris representative of the American, that the Baroness de Fontellart, who is an aunt of the Duchess of Marlborough, and a sister of Mrs. Oliver H. P. Belmont, has obtained a divorce from the Baron. The Baroness has been ordered by the judge to resume her maiden name of Miss Mimi Smith. Barone de Fontellart, with Count Fitz-James, secured some notoriety by reason of a thrilling adventure at the time of the Martinique disaster while attempting to explore the devastated shores of St. Pierre.
