Pandora, so runs the myth, let all the
ills of life out of her box to prey upon
mankind, but shut the cover soon enough
to prevent the escape of hope. Hope
remains to every sufferer but it is only
an ignis-fatuus unless it takes on some
tangible form. The hope of recovery is
treasured by every one who suffers from
weak or bleeding lungs, obstinate and
lingering cough, bronchitis or similar
ailments, which, if neglected, or unskill-
fully treated lead on to consumption.
That hope becomes a practical and tan-
gible thing when it is based on the use
of Dr. Pierce's Golden Medical Discovery.
Such a hope is reasonable because
thousands of men and women emaciated
and weakened by disease have been made
sound and well by the use of "Golden
Medical Discovery."

Sick people are invited to consult Dr.
R. V. Pierce, Buffalo, N. Y., by letter. All
letters are carefully and considerably
read and answered. Each letter is held
as a sacred confidence and every answer
is mailed in a plain envelope without
any printing upon it. Write without
fear and without fee.

"I was taken sick in July last year
and was not able to do any kind of
work until November," writes Mr.
Noel W. Orvin, of Langley, Alken Co.,
S. C. "I had been coughing up small
hard lumps of phlegm for
about a year before I was
taken down. I then called
on a doctor, who attended
me for two months,
and said the one-
half of my left lung
was gone, and ad-
vised me to leave
my home (Charles-
ton, S. C.), and
go to the other side
of the world, but did
not say what sort of
disease I had, or what
I should do. I took
four bottles of
Doctor Pierce's
Golden Medical
Discovery, which I sincerely believe has done
me more good than all the other medicines I
have ever taken."

The use of Dr. Pierce's Pleasant Pellets
